2 CIVIL CITY DEPARTMENTAL BUDGETS

3 CITY UTILITIES DEPARTMENT BUDGET

4 BLOOMINGTON PUBLIC TRANSIT CORPORATION BUDGET

5 COMMON COUNCIL BUDGET LEGISLATION AND STATE BUDGET FORMS

Memorandum

To: Members of the City of Bloomington Common Council
From: Mike Trexler, Controller, Controller's Office
Date: August 27, 2010

We are pleased to present the 2011 Budget Proposal for the City of Bloomington.

This Budget Proposal furthers the City's mission to preserve and enhance the distinct identity of Bloomington, Indiana, by providing essential municipal services and high quality economic, environmental, social and cultural programs and initiatives by addressing and strengthening the four strategic initiatives laid out in our Strategic Plan: Commerce, Collaboration, Condition and Character.

Throughout this proposal, you will see how each of the City's departments addresses these strategic initiatives and pursues key principles of sustainability including several of the recommendations made in the Redefining Prosperity report. We ask your support for the numerous ways we intend to progress the mission of the City, which you will see detailed as you review the budget document.

With Council's support, we believe we have once again weathered state government funding cuts as well as state legislative property tax adjustments to the point where there is more stability in our fiscal picture.

Due to a reduction in revenue projections, this budget proposal includes \$331,616 in reductions to expenses since the July proposal. After accounting for these changes, this budget still maintains the target fund balances established in the 2009 and 2010 budgets for our General Funds. The City's cash reserve will remain healthy with a General Fund cash balance of \$1,295,227 and a Rainy Day Fund balance of \$6,179,822.

Operating and capital investments of which we are particularly pleased include:

- The addition of 2 new police officers as part of our commitment to add 10 officers in 5 years.
- Contractual pay increases for our Firefighters, Police Officers and AFSCME employees.

- Continued commitment to the Green Spaces, Alternative Transportation, Council Sidewalks, and other infrastructure projects.
- Increased funding as part of a multi-year plan for the Jack Hopkins Social Service Fund.

It should also be noted that we are pursuing additional significant initiatives via other funding sources such as tax increment financing and state and federal grant programs.

After removing interfund transfers, our total appropriation request is \$55,743,175, an increase of \$1,450,270 or 2.7% over the 2010 budget including appropriations approved through June 30, 2010. The entirety of this increase can be found in Category One – Salaries & Benefits and reimbursable pension payments.

I have included a “Summary Statement of General Fund and Fund Balance” in the introductory section to give you a clear picture of the cash flow in the General Fund. The pages that follow are budget comparisons and graphs. Please note that on the line item budgets and summaries, the 2009 Budget amounts include all approved appropriations and the 2010 Budget amounts include appropriation ordinances approved through June 30, 2010.

Once again, I would like to convey my thanks to the individuals who worked so hard to provide you with this budget including Department Heads, the Budget Team and the Controller’s Office staff: Julie Baker, Jeff McMillian, Tami Mitchner, Susan Truelock, Brad Underwood, and especially Alisa Wood. In addition, I would like to thank each of you for your guidance, input, and direction throughout the budget process.

Respectfully,

Mike Trexler

Summary Statement of General Fund and Fund Balance

2011 General Fund Budgeted Expenditures

City of Bloomington 2011 Budgeted Expenditures (net of interfund transfers and charges)

Percentages shown are net of Internal Service Charges and Operating Transfers totaling \$9,133,429, which are generally appropriated twice in the City's budget.

Memorandum

To: Members of the City of Bloomington Common Council
From: Regina Moore, City Clerk
Date: July 14, 2010

The Office of the City Clerk is defined both in statute and in practice. Duties are statutory in nature, those granted to the Clerk by virtue of the office – officiating at marriages, attesting to signatures, administering oaths, certifying documents, signing official deeds and documents, preparing and arranging for public notices to be published, and serving as a satellite Voter Registration Office. We also update and maintain the Bloomington Municipal Code, coordinate recruitment and administration for city boards and commissions, and preserve the records of the council. Our office has been charged by judicial order to hear parking ticket appeals for the City of Bloomington. In addition, we collaborate with many entities within and outside the city to provide opportunities to introduce and discuss local government, encourage civic engagement, and give citizens the opportunity to actually participate in some area of civic life.

Program areas and Progress

The Office of the City Clerk is literally the front door to city government for many citizens. We look upon this as an opportunity to provide service to those who inquire about information they need about city government – from how to contact their council member to searching for an ordinance related to their property, to attorneys and others seeking certification of legislation or ordinances, to those with a formal request for a public record, to those who really want another branch of government or something outside government altogether.

Statutory and Legislative Activities

Maintaining records is a rapidly changing field that has challenges itself. The Bloomington Municipal Code is provided online for those both within and outside of City Hall. Departments holding hard copies of the code are voluntarily switching to using the online version, thus saving reams of paper for each time the code is updated. After the August break we will, thanks to new scanning equipment, be able to disperse electronic rather than hard copies of legislation passed by the council to departments, petitioners and the interested public. We've already begun the practice of posting legislation and the legislative

index (complete actions of the council including title, synopsis, dates of meetings and council votes) on line. Minutes and memos of meetings are posted online as well. Keeping the public up to date regarding the actions of city government provides opportunities for a more informed citizenry.

Parking Ticket Appeals

The parking ticket appeals function of the office continues to play a large role in the Clerk's office. The numbers have remained close to what they were last year, but the appeals process is more extensive and detailed in years past. The office has implemented new procedures for appeals, including scanning documents related to the appeals process for use by other departments, writing letters of explanation to appellants when it is clear that they did not understand the reason for their ticket, sending decisions to each appellant regardless of the outcome of their appeal, and scanning and saving electronic copies of old appeals to save storage space.

Priorities for 2011

Working with other city departments we hope to be able to further reduce the need for storage space and paper copies of documents while maintaining the legal requirements and efficiencies of the office.

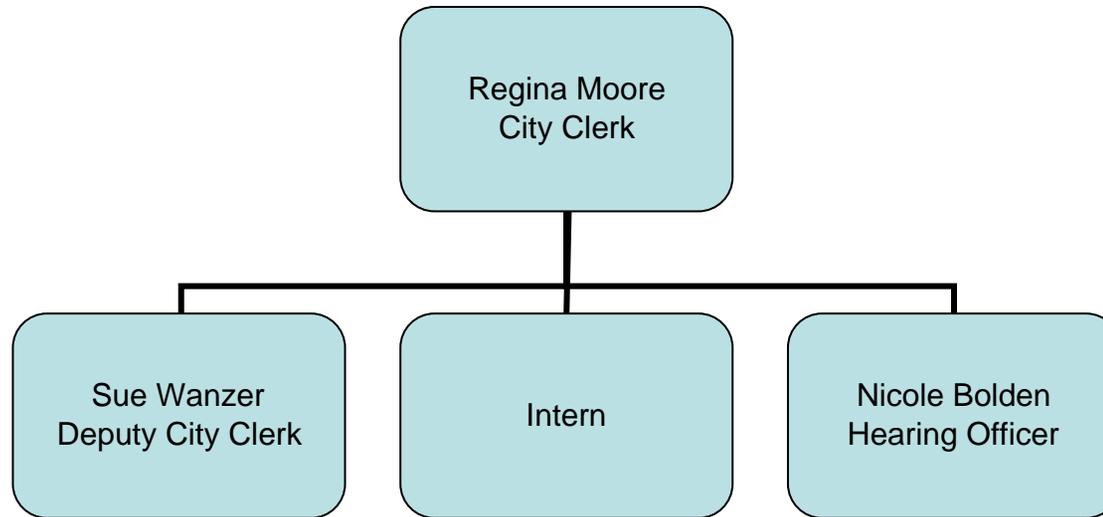

- Digital recording devices along with software and foot pedals for preparing minutes will allow a more sustainable record of council meetings.
- Our new scanning copier will allow us to begin to digitize and preserve legislation, minutes and related materials that we are required to keep in perpetuity.
- Working with ITS will bring forth a more searchable or browse-able library of legislation online for use by those within and outside City Hall

In addition to the above practices that will allow us to work in a more sustainable manner, the office continually strives to maintain a high degree of customer service. Students looking for course project information, Scouts attending a Government Day, parking ticket appellants, casual and formal inquiries about public records, applicants to boards and commissions, to those emailing about a particular problem have our pledge to serve them in the best manner possible.

Clerk's Budget for 2011

The proposed budget for 2011 offers changes within Category 1 (Personnel) that is in line with city wide policies. Category 2 (Supplies) includes a slight increase for digital recording equipment and software.

Memorandum

To: Members of the City of Bloomington Common Council
From: Daniel Sherman, Attorney/Administrator, Common Council
Date: July 14, 2010

This Memo accompanies the Council Office Budget for 2011, which was circulated to members of the Council earlier in the spring.

Legislative Body of the City

The Common Council is the legislative body of the City and is composed of nine members who are elected by the citizens of the City. Three members are at-large representatives who are elected by citizens of the entire City and six members are district representatives who are elected by citizens of six geographic districts. When acting at meetings of the Council, a majority of these members “may pass ordinances, orders, resolutions and motions for the government of the City, the control of the City’s property and finances, and the appropriation of money.” I.C. 36-4-6-18

Transparency, Accountability and Sustainability

The Council strives to conduct its business with a high level of transparency and accountability. Working in concert with the Mayor and City Clerk, the Council helps govern the City and, in that regard, strives to strengthen community commerce, condition, collaboration and character.

This year, for example, the departments are focusing on and proposing to implement recommendations of the Peak Oil Task Force Report, entitled, *Redefining Prosperity: Energy Descent and Community Resilience*. The task force was a Council-driven project where, led by Councilmember Rollo, the Council and Mayor created a seven-member taskforce, which worked closely with the Council Deputy Administrator/ Researcher for well over a year, to produce the *Report*, which is now helping to guide the City’s future.

Council Programs

Here are the three Council programs and their objectives:

Legislative Duties - This involves preparation for and participation during the usual, almost-weekly meetings of the Council. Our goal here is to adopt legislation in an open, informed, and timely manner that is lawful and effectively addresses the needs and the values of the City.

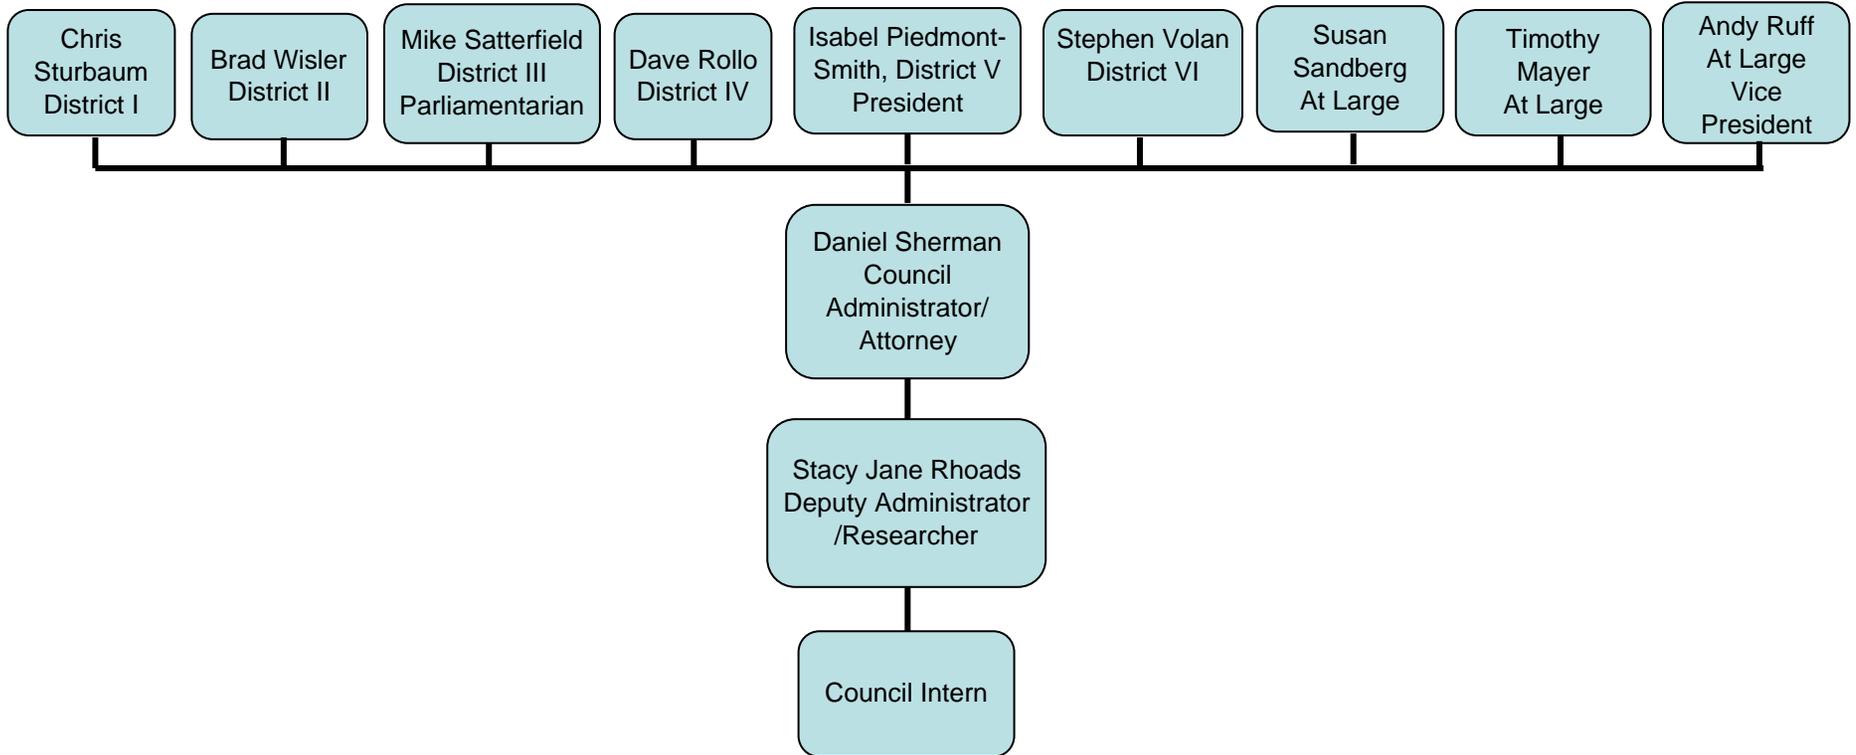

Policy Development and Coordination - This involves appointing persons to serve on the City's boards and commissions, following the work of those bodies, and researching and preparing initiatives on behalf of the Council. The goal here is to help develop and coordinate policies that address community needs effectively while remaining within budgetary constraints.

Constituent Services and Community Relations - This involves collaborating with City departments and citizens to address questions about City policies and practices. It also involves meeting with groups to explain and discuss City governance. The goal here is to provide open, responsive, and accountable municipal government that contributes to a feeling of community.

Council Office Budget for 2011

This budget offers no changes in either Category 2 (Supplies) or Category 3 (Other Services and Charges) and offers changes to Category 1 (Personnel) that are in accordance with City-wide policies.

Memorandum

To: Members of the City of Bloomington Common Council
From: Pete Giordano, Director, Community and Family Resources Department
Date: July 14, 2010

This memo accompanies the Community and Family Resources Department's 2011 budget request. This year's budget request again utilizes the 'zero based budgeting' concept in an effort to submit a budget request based on a careful consideration of the funds actually needed to support departmental activities and goals outlined in the Strategic Plan. This year's budget request also reflects the City-wide effort to be cautious in our spending in a time of budgetary uncertainty. Below I provide a short overview of the work we hope to accomplish in 2011, our program areas, reference how the CFRD budget request reflects the City's strategic plan, and present the highlights of our 2011 budget request.

In 2011, the Community and Family Resources Department will work to build Bloomington into the sustainable, prosperous community we want for the future. In CFRD this will be done by helping to strengthen the social safety net including emergency shelter services and expanding access to healthcare, addressing diversity and human rights issues, promoting civic engagement and volunteerism, and making the community more accessible for those with disabilities. We work collaboratively with many segments of the community to build community capacity to collectively address these issues that are critical to the long-term development of Bloomington.

The budget request is developed with a view toward addressing the 4Cs that guide the City's effort to serve the Bloomington community. Our work is focused primarily in the areas of Community Collaboration, Community Condition and Community Character. We join forces with community groups such as County government, local nonprofits, businesses and educational institutions as well as other City departments to address a broad range of issues that impact the human condition as well as enhance and celebrate what is special about Bloomington.

We achieve this by developing and maintaining relationships with key partners in the city to seek new collaborative opportunities. The department provides programs, amenities and services that result in a safe, civil and healthy community with many opportunities for civic engagement and volunteerism. By addressing community-related issues and partnering strategically with effective community organizations, CFRD is able to contribute to the City's broad-based and comprehensive effort to improve the quality of life for all residents.

Program Areas

City of Bloomington Volunteer Network - the CBN - collaborates with individuals, nonprofit organizations, businesses, communities of faith, Indiana University and Ivy Tech State College to create a network of volunteers to address community issues, promote volunteerism and build on community assets.

Healthcare Projects - The Healthcare Projects area assesses and addresses healthcare needs in the community. The Healthcare Projects Coordinator partners with community agencies and organizations to address access to healthcare in the community, community wellness and screenings, and children's health issues.

Safe and Civil City Program - The Safe and Civil Program is an innovative program that promotes safety and civility in the Bloomington and Monroe County community. The Safe and Civil City Program collaborates with social service, community and law enforcement agencies as well as citizen groups, Indiana University and other City departments to address diversity, civic engagement and civility issues. This program area also includes our Latino Outreach Services.

Special Projects/Commissions – This program provides staff support to the Council for Community Accessibility, Commission on Status of Women, Commission on the Status of Black Males and the Dr. Martin Luther King Jr. Birthday Celebration Commission. All of these commissions deal with human rights and equality issues.

Values and Goals

The CFRD budget request is grounded in the City's Strategic Plan and is intended to reflect the Values and Goals listed below:

Values

- Uncompromising customer service in the delivery of City services.
- A strong sense of community connection.
- Community diversity as a source of strength.

Service Goals

- Recognize the value of Bloomington's unique character and act to preserve, enhance, and promote it.
- Position Bloomington as a premiere destination for residents and visitors of all ages, cultures, races, and sexual orientations.
- Be a safe and civil city where residents can live with peace of mind.
- Ensure an open, approachable and interactive government where citizens are part of the decision making process.
- Inspire, equip, and mobilize people to take action through civic engagement, public involvement, and volunteerism.
- Exemplify collaboration by forging mutually productive relationships that maximize innovation, resources, talents and dollars.

Legal Budget

The 2011 CFRD Legal Budget request is outlined below. I also address how our budget reflects the City's effort to be fiscally prudent while striving to maintain our same level of service to the community.

The total CFRD budget request for 2011 in total is \$712,331, which represents an increase of \$15,225 or 2.18%. This increase is a reflection our effort to support new and ongoing programming for 2011. Specific changes in budget categories and line items are outlined below.

Line Item Increases

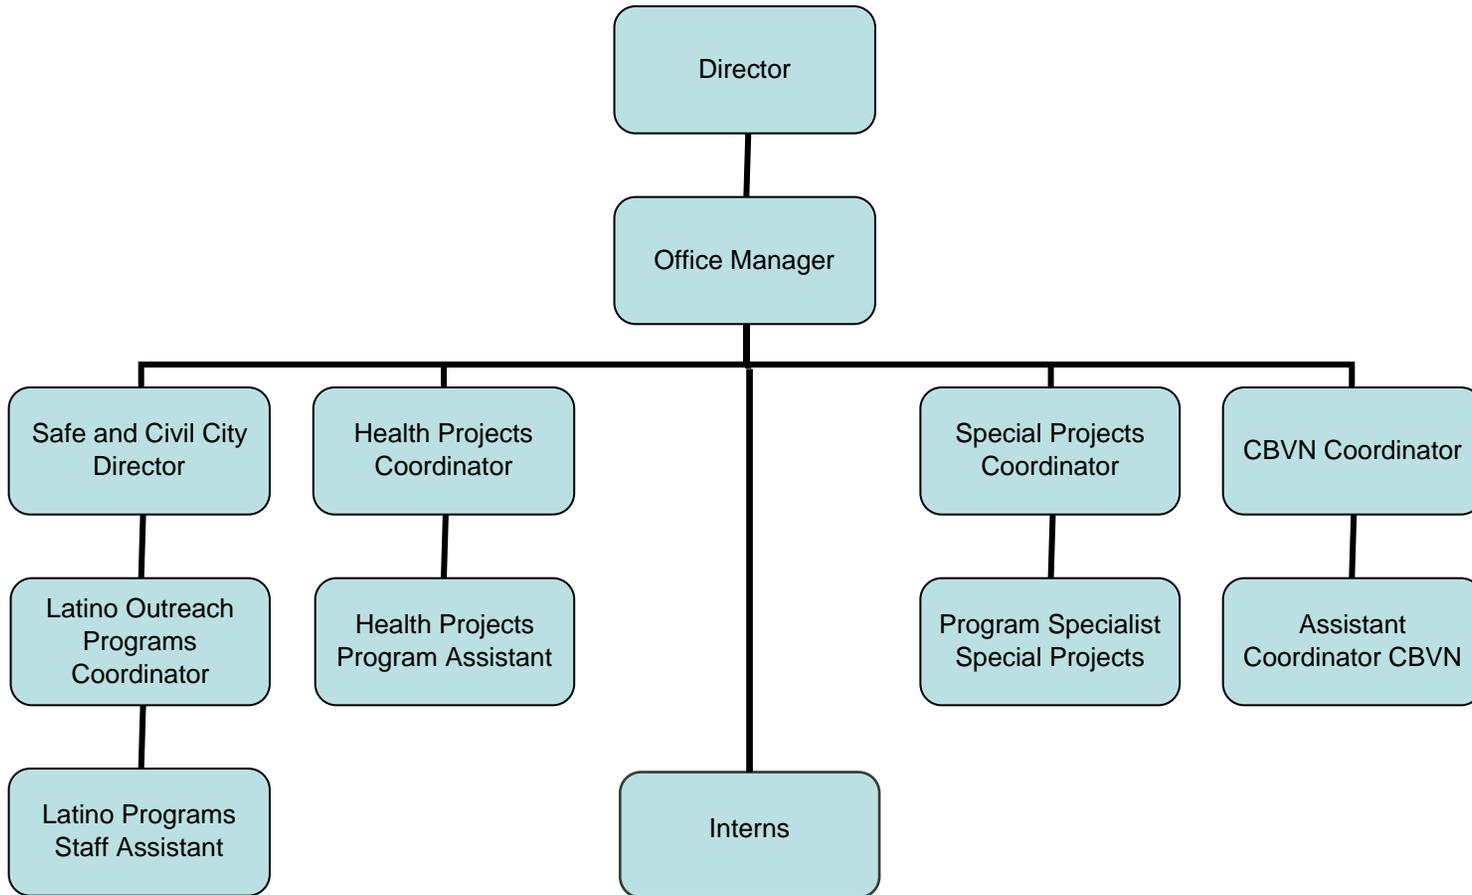

Category 2 - Supplies: This year we are requesting a total of \$8,723 in this category. Funding is requested in Office Supplies in the amount of \$3,832 and in Other Supplies in the amount of \$4,891. This request is an increase of \$500 in Supplies and an increase of \$500 in line Other Supplies. The increases in these budget lines will help us better manage our supply needs in 2011.

Category 3 - Other Services and Charges: We are requesting a total of \$29,335 in Category 3, which is an increase of \$2000. This small increase is to address new programs such as the Commission on Aging and also to provide better support for some ongoing efforts such as the Sister Cities program. We have also redistributed some of the amounts in various line items to better reflect spending patterns anticipated for 2011.

Closing

In closing the relatively small increases in our Category 2 and 3 requests will help us to continue our services to the community with an adequate level of budgetary support. Since the majority of what we do is labor intensive, but not necessarily cost intensive, these small increase in our request will allow us to continue our programming without having a major budgetary impact. I hope the Council will favorably consider our request.

Memorandum

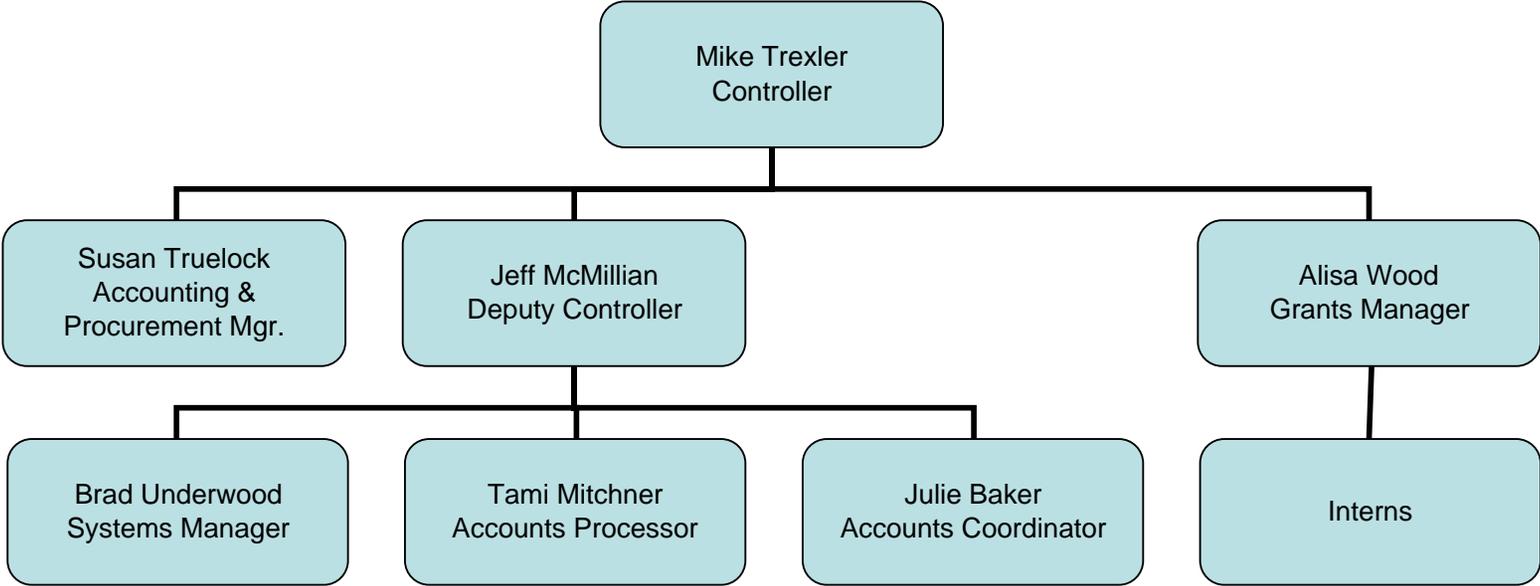

To: Members of the City of Bloomington Common Council
From: Michael Trexler, Controller, Controller's Office
Date: July 14, 2010

In 2010 and 2011 you will see some changes in the Controller's Office that may not have a big impact on the City's total budget, but may have a significant impact on our sustainability. In 2009, the Council approved our plans to replace our outdated financial software with a new enterprise-wide solution. This change will have a significant impact on the efficiency of my staff and all City staff that work to account for and report all of the City's activities. It will also make the tracking of those activities more sustainable by removing a number of recurring expenses related to the old system and reducing the amount of paper used in our timekeeping, payroll, accounts payable, budgeting and reporting processes.

As an internal service department, the Controller's Office works closely with all City departments to accomplish the strategic initiatives of the City. We work with the Economic & Sustainable Development Department to utilize incentive programs and Tax Increment Financing (TIF) districts to develop and maintain our *Community's Commerce*. We *Collaborate* with State agencies and non-governmental organizations to ensure the City employs best practices and maintains compliance with various regulations. We work with other internal service departments within the City such as Legal and Information Technology Services (ITS) to ensure the quality of our record keeping and reporting; so that we can not only improve but communicate our *Community's Condition*. We play a roll in the activities of our Departments of Housing and Neighborhood Development, Parks and Recreation, Community and Family Resources, Planning and Public Works by helping to secure funding and track projects that develop our *Community Condition*.

In 2010, the Controller's Office in conjunction with ITS and Employee services is working to implement the new financial and human resource management software for the City. Although the core functionality of this system will be in place before the end of 2010, there will still be much to do throughout 2011. We will be implementing new processes for any City functions related to financial reporting or project tracking, as well as installing and transitioning to the utilities billing portions of the software. As our whole organization becomes more familiar with the software, we will be considering additional modules that have not been included in our initial installation to see what value they may bring to our community. Installation of this software, tailoring it to our needs, and training of our staff will be the highest priority of my office throughout 2011.

Memorandum

To: Members of the City of Bloomington Common Council

From: Danise Alano Martin, Director, Economic & Sustainable Development Department

Date: August 26, 2010

Highlights of the 2011 Economic & Sustainable Development Department Budget Request Related to Sustainability

The Department's mission includes helping to advance the principles of sustainable development. Our ultimate aim is that underlying all of our efforts is this often quoted 1987 Brundtland Commission definition of sustainable development: "development that meets the needs of the present without compromising the ability of future generations to meet their own needs." Still, some initiatives and programs may be more obviously related to our effort to assist in the advancement of the City government and the Bloomington community toward sustainability. Below, those which impact this budget request are highlighted:

- In 2010, the City Utilities Department and Economic & Sustainable Development Department shared payroll expenses for the Sustainability Coordinator. In anticipation of Utilities having funding for a complementary Utilities position, ESD proposes to assume full payroll responsibility for the Sustainability Coordinator, who will continue leading and participating in collaborations with all departments toward enhancing the City's sustainable development efforts.
- This request includes funding for materials and other expenses related to a Sustainability Summit to be organized in partnership with the Commission on Sustainability. (\$1,000 in line 3170)
- The request includes continued membership in the US Green Building Council, Local Governments for Sustainability (a.k.a., ICLEI) and the Indiana Recycling Coalition. Available resources and networking through these memberships will assist in implementation of our Green Building Ordinance and our greenhouse gas emissions and sustainability indicator tracking. Additionally, through our primary program budget (line 3970) we would be able to help fund a "start-up weekend" type event aimed at bringing entrepreneurs, experts and other thought leaders together with the goal of creating local jobs through recycling.

- The Department provided the founding support for the “I Buy Bloomington” promotional campaign and we will continue to support it and other buy-local initiatives through collaborations and partnerships.

City of Bloomington Mission

“To preserve, promote and enhance Bloomington, Indiana’s distinct identity and vibrant quality of life.”

Department of Economic & Sustainable Development Mission

To administer strategic programs and initiatives that expand economic opportunities, preserve the health of our environment, provide for social equity to the citizenry and advance the principles of sustainable development through partnerships, collaboration and outreach.

Department of Economic & Sustainable Development and the Four Cs

While **Community Commerce** is the central organizing principle for all programs of the Department, each of the other 4Cs is met programmatically as well. **Community Character** is reflected, for example, through Arts as Economic Development programs (e.g., the “Bloomington Banquet” public art sculpture on The B-Line Trail provides a landmark attraction for Bloomington residents and visitors). **Community Condition** is enhanced by encouragement of business opportunities (e.g., program administration of the Itinerant Merchant Ordinance) as well as a living wage (through application of Living Wage Ordinance in economic incentives). **Community Collaboration** is reflected not only through supporting partnerships with dozens of social services, arts and sustainability organizations but also in our business advocacy, ombudsman and assistance efforts (e.g., Business Investment Incentive Loan/Grant Fund).

Background

This 2011 Budget Request marks only the third time the Department has prepared a separate request. The Department of Economic & Sustainable Development was created in 2009. Previously the economic development function resided within Mayor’s Office staff. The Department now consists of four full-time staff members who administer the integrated program functions of sustainable development, business relations and development and arts and cultural destination development. Our administrative programs for each of these areas are primarily funded through the Promotion of Business account (line 3970). If approved, the 2011 Budget will increase this line by 21.33%. The overall 2011 Budget Request comprises a 17% increase over the Department’s 2010 Budget and reflects the City’s ongoing and intensified focus on services, programs and initiatives to enhance the quality of life of Bloomington residents through these program areas. Note: the 38% decrease from 2010 in Category 2 is attributed to the fact that the 2010 budget provided for equipment and supplies to support a new FTE. Similar requirements do not exist for our 2011 Budget Request.

General Themes

Summarized below are some general themes that impact this year's budget proposal as well as the function and operations of the Department of Economic & Sustainable Development.

Redefining Prosperity

The Department assists and collaborates with all other City departments toward more efficient and sustainable City government policies and practices. Our department's main focus in this regard will be to continue as a facilitator, collaborator and enabler allowing others (our fellow co-workers and their departments as well as residents, businesses and community organizations) to move toward more sustainable policies and practices. The 2009 Redefining Prosperity report has provided some valuable guideposts in this ongoing and exciting collaboration.

Targeted Economic Vitality Efforts

Other targeted economic revitalization and/or allocation areas in the city – such as the two Community Revitalization Enhancement Districts, the Certified Technology Park, the six Tax Increment Finance Districts and the Urban Enterprise Zone – are areas of high priority for business retention, recruitment and expansion efforts. As each has its own revenue sources, related projects are not typically accounted for in the Department's Budget Request, however, they represent primary drivers of business development and assistance activities in the Department.

BEAD's Statewide Cultural District Certification

The Indiana Arts Commission has designated the Bloomington Entertainment and Arts District as an official Statewide Cultural District under I.C. 4-23-2-7. If this budget is approved, it will assist the Department to leverage the enhanced tourism marketing and economic activities that come with being part of a branded program with a statewide emphasis.

Budget Highlights and Priorities

1. Sustainable Development and Sustainable City Initiative (*Commerce, Condition, Collaboration*)

- In addition to programs and initiatives which impact our departmental budget request as listed above, we continue to seek additional sources of funding (grants, partnerships, etc.) to advance the City's intertwined environmental, social equity and economic development goals.
- We will work with our economic development partners locally, regionally and in the state to understand our green workforce capacity and green jobs potential. We'll leverage this information and our existing incentive structure (e.g., tax abatement, Business Investment Incentive Fund) toward community efforts to attract, retain and expand green businesses and industries appropriate for our community.

2. Business Relations and Development (Assistance, Advocacy and Incentives) *(Commerce, Collaboration, Condition)*

- Continued membership in the International Economic Development Council, the Indiana Economic Development Association and the Bloomington Economic Development Corporation will provide staff with valuable training, networking and resources as well as vehicles for sharing the City's core economic development values with community leaders and peers. (line 3910)
- The support of the growth of our knowledge, research and development sectors continues to be a high priority economic development strategy. The Promotion of Business fund (our program budget line 3970) will support the City's role in and the business retention, expansion and attraction efforts of the Bloomington Life Sciences Partnership and the Bloomington Technology Partnership. Funds will also be directed to targeted entrepreneurial capacity building and workforce development through strategic partnership agreements. Collaborations with partners engaged in the promotion and nurturing of economic activity in the downtown will also be a priority.
- The Department will continue administering programs under the Itinerant Merchant Ordinance and will work with the business community and other departments to examine and improve other business-related legislation.
- Further, enhancements to our local Tax Abatement Guidelines and Business Investment Incentive Fund Guidelines will be presented for adoption in 2010. Those revisions were created with the assistance of advisors from the business community and the Economic Development Commission. The Department will continue its administration of these programs in alignment with the City's core economic development goals.

3. Arts and Cultural Destination Development *(Character, Commerce)*

- The request includes a \$5,000 increase for the re-granting fund of the Bloomington Community Arts Commission for a total of \$15,000 (line 3960).
- This increased program budget (line 3970) will allow us to implement new incentives through a matching grant program to encourage capital investment and job creation in creative enterprises in BEAD character areas and to facilitate audience development in targeted arts and cultural sectors as identified by the BEAD strategic plan.
- We further intend to restructure our currently ad-hoc partnership grant program into a more structured, competitive application process which continues to be targeted toward building capacity of arts businesses and organizations and seeding events with the capacity to add to Bloomington's destination attraction.
- Also from our primary program budget (line 3970), we aim to implement a gateway public art project for one of BEAD's character areas and to continue development of elements in our BEAD banner and partner-signage program to help enhance BEAD as a regional tourism destination.
- This increased budget for consultants (line 3170) would allow us to engage a professional arts space study to examine the possibility of rehabilitation of available public space into a combination visitor destination and live/work space for artists in downtown.

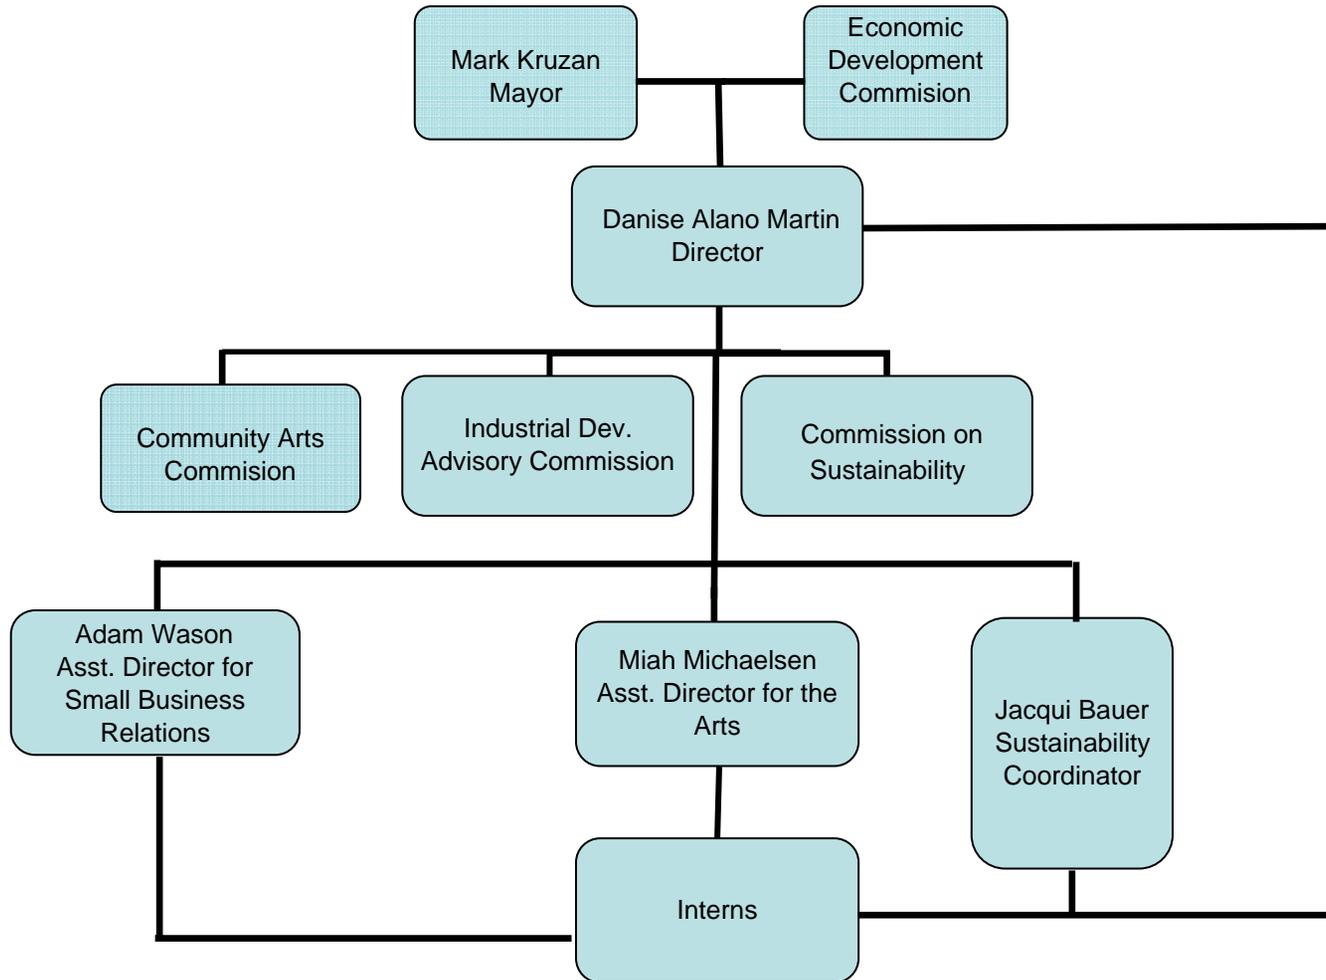

- We will continue development of the BEAD social media initiatives and the BEAD website, launched in June 2010 (www.visitbead.com). The request includes an additional \$5,000 to utilize professional developers to add considerable use interactivity to the website (line 3170).
- The request includes continued printing of BEAD brochures, maps and other collateral materials. The new BEAD brochures (created in 2010) are being distributed to visitors bureaus throughout the state, as well as other local and regional hospitality, arts and cultural venues.
- The request includes increased funding (\$5,000) for enhanced regional advertising efforts for BEAD in concert with the Monroe County/Bloomington Convention & Visitors Bureau's regional marketing efforts.
- The request includes membership in the Indiana Arts Coalition as well as subscription to Americans for the Arts "Leading Creative Communities" resource.

4. Professional Development *(Condition)*

- A focus on proper training and development is essential to the efficacy of the department. The Instruction budget (line 3160) is unchanged from 2010, but continues to include targeted pursuit of professional certifications and development opportunities for the staff. The Travel budget (3230) is decreased by 30% reflecting the increased utilization of webinars and other in-house or local training and development opportunities.

I welcome the opportunity to discuss this proposal further with you. Thank you for your consideration.

Memorandum

To: Members of the City of Bloomington Common Council
From: Daniel Grundmann, Director, Human Resources Department
Date: July 14, 2010

The Human Resources Department (Employee Services) respectfully seeks your approval for the 2011 budget as we continue to focus on practices related to sustainability and redefining prosperity, and we are working to enhance those efforts in 2011. Among current practices:

We are working on policies that will continue to make our health care as affordable as possible. The City has maintained a more traditional health plan that does not focus on shifting costs to our employees.

- We have maintained a relatively low deductible (\$250 in-network).
- Benefits for seasonal employees.
- We offer exceptional mental health benefits unlike other plans.
- Our co-pay structure encourages primary, preventative care.
- Our dental plan makes dental wellness a top priority and is unlike any other plan of which we are aware.
- Our plan includes a \$500 wellness allowance.
- In 2010 we implemented a \$200 allowance for fitness facility memberships.
- In 2010 we instituted a healthy snack cart in our two primary facilities, in which we offer fresh fruit from the local food coop to our employees.
- Our health plan includes coverage for nontraditional wellness providers including massage, acupuncture, and chiropractic.
- Our health plan uses a local vendor network and third party administrator.

Our department also focuses heavily on enhancing local employment opportunities for those who are most at risk in employment. Our extensive work in employing people with disabilities exemplifies this effort.

- We have placed numerous (15) employees in our own organization since the inception of the program.
- We serve as lead business on Diversity Works, working to improve employment opportunities for people in our community with disabilities.
- We have spoken at numerous conferences (local, state, and national) promoting the hiring of people with disabilities in other communities.

- We have an internship program specifically designed to place underrepresented students in internship opportunities.

Our Department values work/life balance for our employees by focusing on policies that promote balance including:

- Paid time off that allows for positive balance.
- Flexibility in time off use and work time arrangements.
- Generous application of family leave policies.
- The Be Active Bloomington campaign.

Our department is working to enhance the effectiveness of our own City government:

- With our leadership role in the implementation of a new HRIS/ERP software system.
- With a potential move to a central time keeping system. **New for 2011**

Our Department encourages alternative transportation for our employees:

- With our free Transit ridership benefit for City employees.
- With a proposed bicycle commuter benefit encouraging employees to ride to work as their primary mode of transportation. **New to budget for 2011**

Human Resources took a zero-based approach to budgeting for 2011, and we used the City's strategic plan as our conceptual guide to activities for 2011. It is the City's mission to provide high quality programs and services that enhance the unique and individual character of Bloomington. We strive constantly to improve the quality of life for our community by achieving the highest standards of integrity and maximizing the use of City funds and resources.

As an organization we continue to emphasize our commitment to community commerce, collaboration, condition and character. Our staff works collaboratively with external businesses and agencies and, as an internally focused department, Human Resources is a partner to every City division. We support the entire organization through the following program areas:

Staffing and Workforce Maintenance includes recruitment, selection, orientation, employment and post-employment activities. Process management, diversity initiatives, record keeping and quality assurance are characteristic of this area.

Personnel Policy includes the development, interpretation and application of workplace guidelines and procedures. This includes policy revision and interpretation for employees and managers. Research, analysis, knowledge and application of employment law, communication, collaboration and judgment are characteristics of policy development and implementation.

Employee Relations includes management coaching, employee consultation, labor relations, employee communication and grievance procedures. Mediation,

assessment and negotiations are characteristics of this process, which relies heavily on judgment, relationship building and rapport.

Compensation & Benefits includes research, policy development, strategic vision, implementation, analysis, trending, financial forecasting and employee communications.

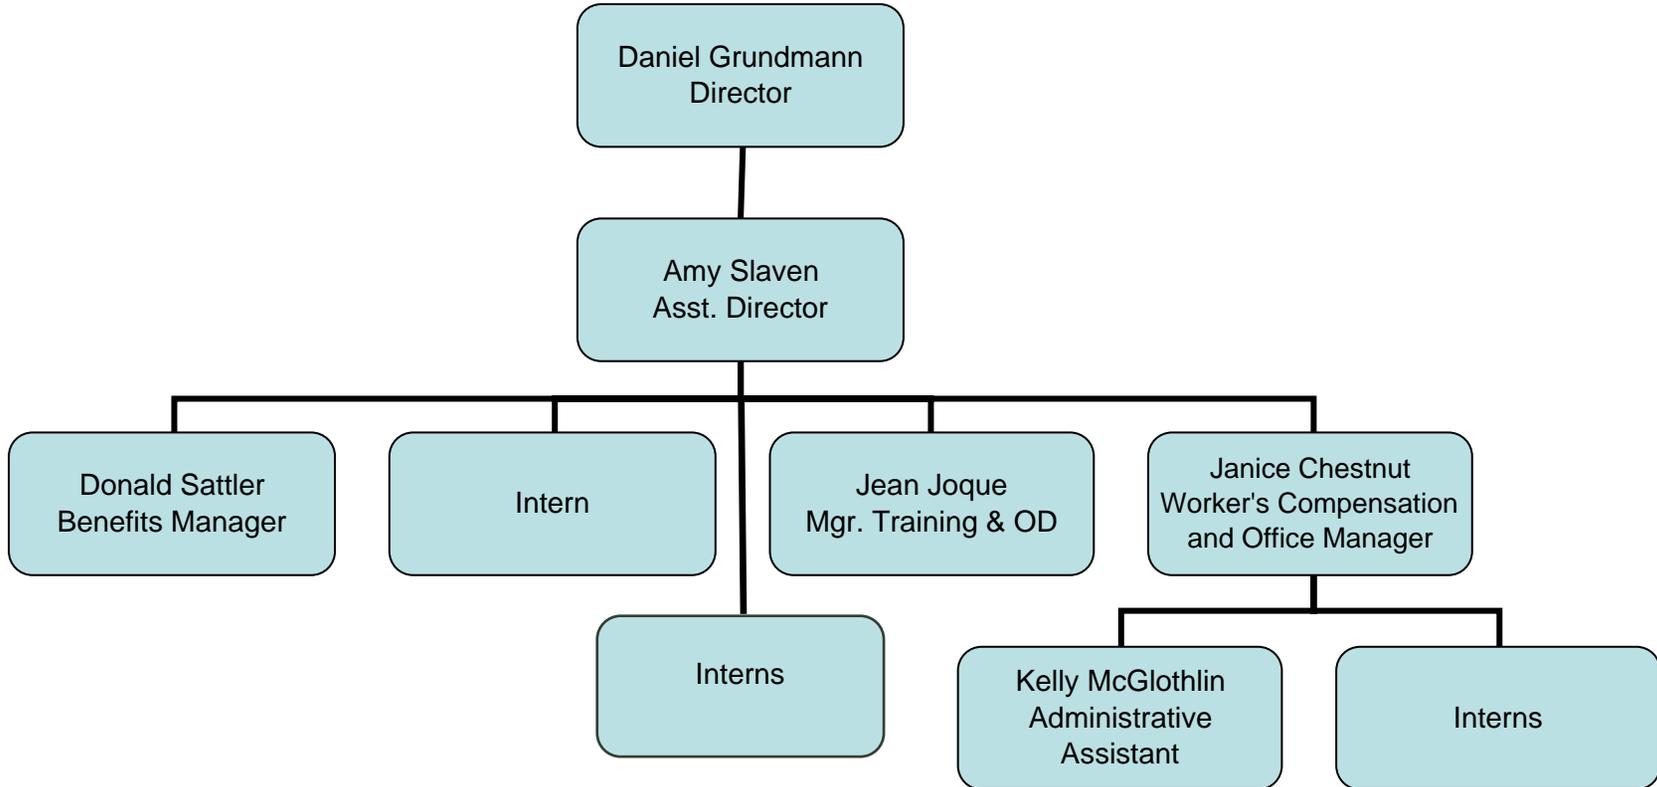

Training & Development is the development and evaluation of both individual employees and the organization as a whole. This program area includes employee and supervisory training, performance evaluation, and work flow process analysis and improvement.

Community Collaboration is the active participation and development of community-wide Human Resource related initiatives. This program area consists of committee involvement, community partnerships and board participation. Thorough knowledge of human resources, benefits, communication and judgment are characteristics of this process, which is geared toward improving community condition.

In addition to our commitment to the aforementioned, our primary goals for 2011 involve process improvements linked to the implementation of a new Human Resources Information System (HRIS) as a component of the ERP conversion, and further promoting wellness components of our health plan.

Based on changes in needs for 2011, trend analysis, and forecasting given the zero-based approach we are requesting increases to budget lines and 316 (Instruction) and 399 (Other Services); and reductions in 323 (Travel), and 242 (Other Supplies) resulting in a 6% increase in categories 2-4 from the 2010 request.

Memorandum

To: Members of the City of Bloomington Common Council
From: City of Bloomington Fire Chief Roger Kerr
Date: July 14, 2010

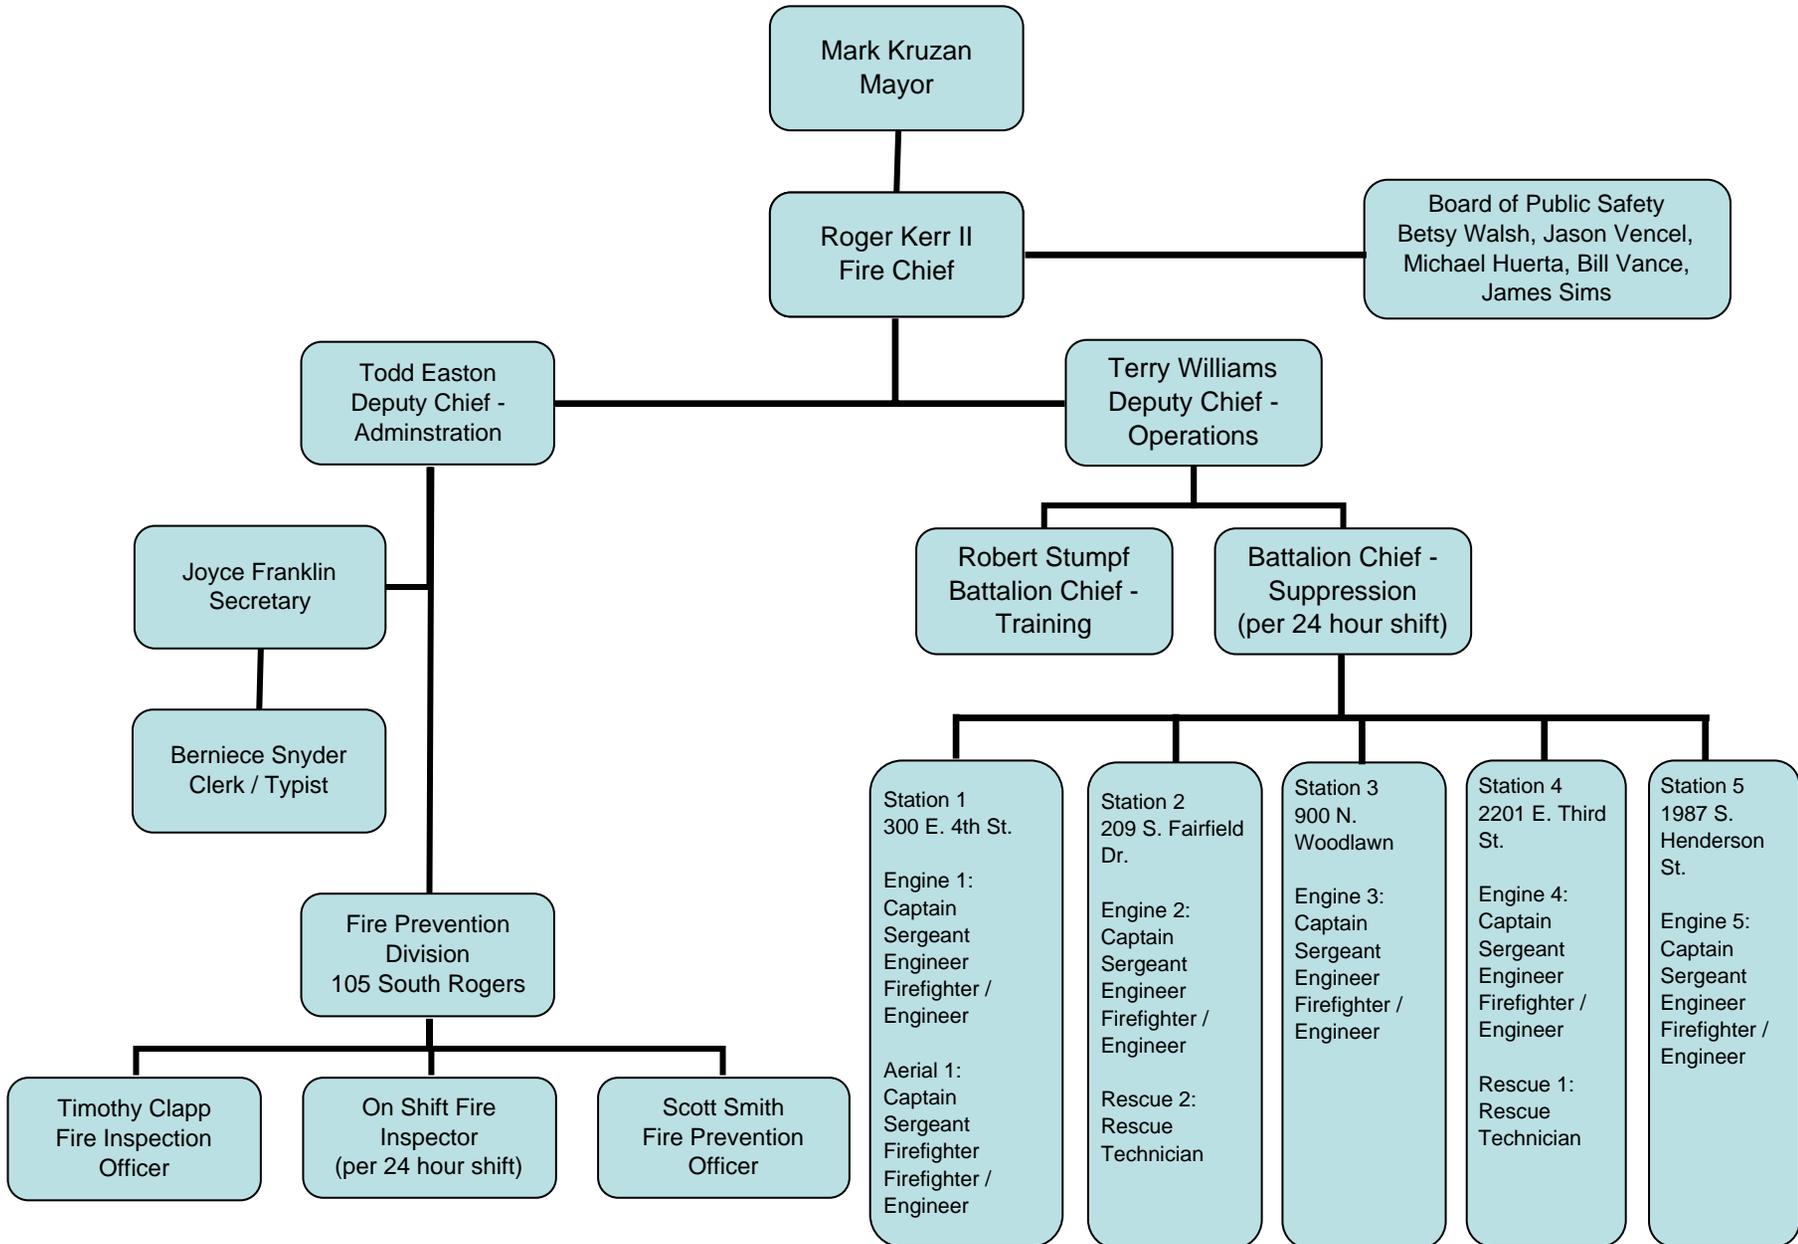

The City of Bloomington Fire Department is committed to protecting the lives and property of the citizens of Bloomington. This commitment makes the department one of the most important services that local government provides.

The Fire Department saw improvements in operations, efficiencies and savings in 2009 and 2010. We increased recycling efforts at fire stations through the efforts of the Team Process Recycling Subcommittee. We have also reduced printing by having all run reports produced electronically. Later this year the Public Education Office will be putting together a program focused on the dangers of fuel hoarding, which will be accessible on the department's web site.

The department plays a key role in the City of Bloomington's overall mission and its ability to promote community commerce, collaboration, condition, and character. This is substantiated by the reduction in the ISO rating from a 4 to 3. The ISO rating of a 3 has the potential to affect every citizen in Bloomington with lower insurance rates, offering savings and furthering the City's mission of improving the quality of life in Bloomington.

In conclusion, the 2011 budget request will allow the Fire Department to continue providing the same high level of quality service to the community as it did in 2010.

Memorandum

To: Members of the City of Bloomington Common Council

From: Lisa Abbott, Director, Housing and Neighborhood Development
Department

Date: August 26, 2010

The Housing and Neighborhood Development (HAND) Department's programs and services are designed to help maintain and encourage the unique character of Bloomington. HAND's total budget includes funding from the general fund, Community Development Block Grant, HOME Investment Partnership Program, and other outside programs and grants. HAND's federal grants have a different fiscal year and go through a separate approval process; however, much of the work funded by those grants is central to our mission and will be touched on in this budget presentation.

Sustainable Efforts:

The HAND Department is involved in many different sustainable endeavors. Those include:

- Commercial historic property adaptive reuse projects. The BUEA provides historic façade grants to commercial properties. Current projects include the former Bloomington Sandwich Shop and the Smith-Holden buildings.
- Assistance to social service agencies through the Jack Hopkins Council Social Service Grants and CDBG to help provide social equity to our residence.
- Neighborhood Clean-up Grants which provides extensive assistance in the removal old tires and hazardous materials which are appropriately disposed, metal which is recycled, yard waste which are chipped and used for mulch, and a reuse area so items can be taken or donated.
- Owner-Occupied Rehabilitation Program provides assistance to low-income households to renovation/rehabilitate their homes. HAND does pre and post testing for energy efficiency to make appropriate rehabilitation choices that will lower the energy usage and operating cost of the structure. See below for more information.
- Provide community education on energy efficiency through classes such as "This Whole House," seminars on adaptive reuse of historic buildings, etc. HAND is currently working with ESD on a possible energy audit program to be unveiled this fall.

- Community development projects funded by CDBG provide needed linkages in our alternative transportation plan. These efforts include the installation and repair of sidewalks and sidepaths in low-income neighborhoods.

Community Commerce:

HAND will continue its efforts to further community commerce through the Bloomington Urban Enterprise Association (BUEA). This entity provides assistance to businesses and individuals wanting to expand their business or professional opportunities. The BUEA has provided seed funding to provide many sustainable adaptive-reuse efforts including the recently completed Middle Way House's New Wings development and the on-going renovation of the Smith-Holden Building.

Community Collaboration:

Many of our collaborative efforts also improve the community condition and character of Bloomington. HAND will continue to collaborate with its partners to provide counseling to people experiencing or at-risk of homelessness at the Shalom Community Center, partner with neighborhood associations to help do extensive clean ups, provide educational programming to agencies such as the Bloomington Housing Authority and Martha's House, as well as the many other collaborative efforts to which we owe much for helping us achieve our mission.

Community Condition:

Much of HAND's work is in this area. Our efforts include:

General Fund:

- Jack Hopkins Council Social Service Grant program helps strengthen the safety net and help provide social equity to our residents.
- Rental Inspections (Title 16): HAND helps maintain our community neighborhoods by inspecting rental units for compliance with the Property Maintenance Code. Our goals for 2011 include maintaining the quality and capacity of our program while adjusting to the increasing number of rental units. We also plan to make changes to our rental database to be able to better provide information about buildings/units/bedrooms.
- Neighborhood Compliance: HAND will continue with our educational and enforcement efforts for Title 6 (weeds & refuse), Pick-It Up, Title 12 (sidewalk snow removal), Quiet Nights and Lower the Boom (Title 14).
- Neighborhood Grant Programs:
 - Neighborhood Improvement Grants provide neighborhoods the opportunity to apply for grant funds to make "bricks & sticks" enhancements to their neighborhoods. This program was started in 1998 and since that time has leveraged more than \$300,500 in funds and efforts by those neighborhoods.
 - Small & Simple grants provide small project and capacity building opportunities for neighborhoods. This program was started in 2002 and has leveraged over \$50,000 in funds and efforts by those neighborhoods.
 - Neighborhood Capital Improvement Program allows the city to implement projects that meet approved Neighborhood Plan goals. In 2010, NCIP is being used to help complete the sidepath installation along Country Club Drive. This will help provide a needed linkage in our alternative transportation

plan and sanitary sewer for houses previously served by septic, several of which had failed. In 2011, possible projects will include design elements for the South Rogers Streetscape and/or alternative transportation projects in Green Acres or Broadview.

- Neighborhood Clean-up Grants provide HAND the opportunity to help neighborhoods clean up their 'hoods.' We also host the annual Downtown Cleanup the week prior to IU graduation.
- Neighborhood Services, which includes programs such as our ever-popular Citizens Academy, help build the capacity of neighborhoods. In 2010, we launched the "Leadership Series" which focused in-depth on the Planning Department. This program has been very well attended. In 2011, we will build on our pilot year and will be focusing on the opportunities provided by HAND.

CDBG & HOME:

- HAND provides assistance to social service programs through the CDBG process. This includes both operating and physical improvements. The 2010-2011 allocations were approved by you in March, and we are kicking off the 2011-2012 grant process at the beginning of September. In the 2010-2011 allocations, HAND provided \$137,070 in operating funds to nine agencies and over \$200,000 to the Community Kitchen's new facility which will increase their capacity to provide meals to low-income residents.
- HAND uses its federal funding, primarily HOME funds, to improve the housing of low to moderate-income households. Our focus this year and continuing into 2011 will be to improve the energy efficiency of existing housing stock.
- HAND works to increase the number of affordable housing units by partnering with local housing providers to build both owner-occupied and rental units. Our recent partners include Middle Way House and Habitat for Humanity. We are currently working on possible projects with Habitat for Humanity and Bloomington Restorations, Inc.
- HAND provides assistance to households that have emergency or accessibility needs through its Emergency Home Repair Grant or Home Modification for Accessible Living programs. These programs provide minor repairs or modifications that can allow a person to comfortably remain in their home. Past projects include roofing, plumbing and electrical repairs, installation of handicapped accessible bathroom facilities, ramps, etc.
- HAND provides assistance to households in need through efforts that include Tenant Based Rental Assistance, damage deposits for successful graduates of R101 – Renting in Bloomington, down payment assistance to successful graduates of the Home Buyer's Club, and housing counseling. Our comprehensive housing counseling program provides default, home equity conversion mortgage (HECM), rental, pre-purchase and homeless counseling.

Community Character:

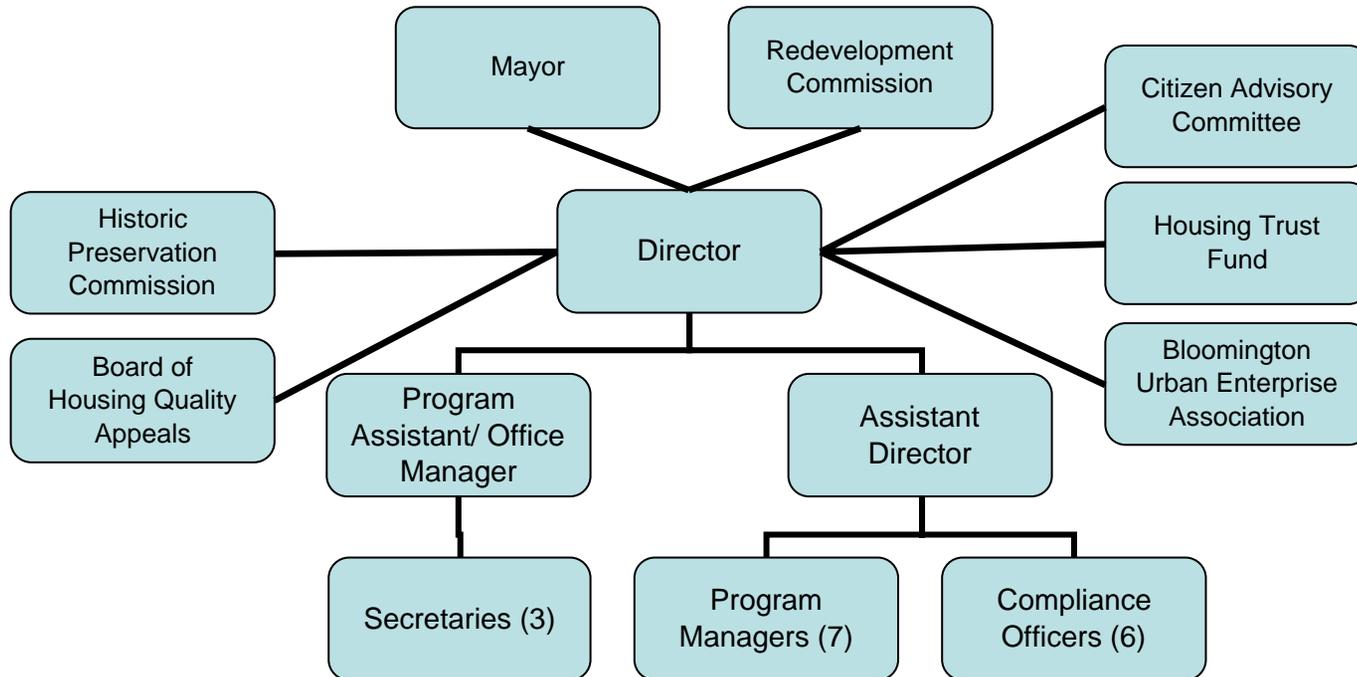

HAND helps maintain community character with our "bricks & sticks" programs outlined above in Community Condition. We also help build better neighborhoods through our various neighborhood services/programs and assistance to our community's safety net. We also maintain our city's history through our historic preservation efforts. In 2011, we will start

the state mandated process of updating our Survey of Historic Structures. This survey is used to determine which properties fall under Demolition Delay. We will also continue to locate and coordinate incentives for adaptive reuse of historic properties in the downtown, host educational seminars and workshops on historic preservation, work with neighborhoods investigating conservation or historic districts, and review projects for Demolition Delay or Certificate of Appropriateness.

2011 Goals:

- Provide additional assistance to social service agencies with an increase in the Jack Hopkins Council Social Service Grant program.
- Do the Survey of Historic Structures, which should be completed in 2012.
- Provide a more proactive approach to enforcement and education of Title 6 and Title 12.
- Partner with ESD to provide educational information on energy efficiency and do a more complete advertising campaign of our housing offerings to increase the number of (budget allowing) units we retrofit each year.
- Build on our pilot “Leadership Series” to provide capacity building to neighborhoods. In 2011, we will focus on HAND’s offerings.

Memorandum

To: Members of the City of Bloomington Common Council
From: Information and Technology Services Department
Date: July 14, 2011

This memo pertains to the 2011 Information & Technology Services (ITS) Department and Telecommunications Nonreverting Fund budget proposals. This 2011 budget proposal was crafted using a modified zero-based budgeting approach and supports the City's strategic plan and Mayor Kruzan's strategic initiatives: Community Commerce, Community Collaboration, Community Condition and Community Character.

In ITS, we strive to improve the efficiency and effectiveness of City government resulting in a more sustainable and cost-effective organization. Our current activities and budget proposal contain a number of sustainable practices and initiatives. Here are some of note:

- Through our capital replacement cycle, *we have replaced all of the City's CRT monitors* that we could with higher efficiency LCD displays.
- As part of our approximately 4-year capital replacement cycle for desktop computers, *we place slow but usable computers into the local NFP sector* and responsibly recycle the rest.
- Instead of recycling our workstation UPS (uninterruptible power supplies) units when the battery dies, *we are now refurbishing UPSs locally.*
- Since we have moved to a virtual machine (VMware) architecture, *we have shut down many legacy servers*, and have moved those processes onto a more cost-effective and power-efficient shared hardware platform.
- Our progress on deploying the *ERP system will significantly reduce the use of paper* involved in the purchasing process for City departments.

ITS is primarily an internally servicing department providing the information, communications, and audio/visual technology foundation for City operations. Our mission is to provide — through the forward-looking application of information technology — the omnibus IT services, tools, training and resources necessary to maintain mission-critical City systems; empower City staff to excel in their work; and electronically engage residents of our community in their own governance. We support and enable the operations of the City, furthering the City's mission: to preserve, promote and enhance Bloomington, Indiana's

distinct identity and vibrant quality of life. I wish to acknowledge and commend ITS staff members for their continuing hard work and excellence in support of our public and staff customers, as well as their assistance in crafting this budget. Their contribution in all aspects of ITS and City operations is greatly appreciated.

The major elements of our 2011 budget proposal are centered on core IT needs such as computer capital replacement, software maintenance and funding for staff travel and training. The major elements of the 2011 ITS budget proposal follow:

- We propose the continued funding of our capital replacement cycle for desktops, laptops, monitors, printers and peripherals in 2011, as well as the orderly replacement of servers and critical networking equipment.
- The City's strategic plan calls for investments in building staff capacity through education and training opportunities — embracing the City as a learning organization. This is particularly critical in ITS; our ability to innovate and bring new technology into the enterprise is dependent on the skill and professional knowledge of our team. Training funding helps us to retain highly qualified, skilled and empowered employees and rewards staff with appropriate professional development opportunities that benefit all of the City.
- We provide for the funding of Community Access Television Services (CATS) in 2011. Jointly funded by the City, Monroe County government and the Monroe County Public Library, CATS provides video services to the City and Bloomington public. Investments in public access and community media ensure an open, approachable and interactive government where citizens are part of the decision making process.

These initiatives provide ITS support for the City's strategic plan and Mayor Kruzan's overarching themes of Community Character, Community Collaboration, Community Commerce and Community Condition. There are other facets of the 2011 budget that I am looking forward to discussing with you, including the role IT can play in building a sustainable organization. I hope you will find the ITS proposal in keeping with the City's Strategic Plan, the Mayor's vision for our community and sound, forward-looking IT management. I would appreciate your support.

Memorandum

To: Members of the City of Bloomington Common Council
From: Margie Rice, City Attorney, Legal Department
Date: July 14, 2010

The City of Bloomington Legal Department largely exists to serve City departments, boards and commissions. We endeavor to support our clients so that they may achieve their goals efficiently and we strive to remove any legal impediments that may challenge their efforts. When the City discovers an opportunity to purchase land for a park, preserve a historic building and ensure its continued public viability, negotiate an agreement, refinance bonds to save taxpayer dollars, draft or enforce an ordinance or defend itself in court, the Legal Department assists and always looks forward to the opportunity to partner with staff. And, in 2011 and beyond, we are particularly looking forward to the chance to focus on our own and our clients' efforts toward Redefining Prosperity. It is our goal to continue to meet our present needs without compromising the larger community's future needs.

Organizationally, the City Legal Department looks much like a small law firm. Included also under our umbrella, however, are the Human Rights and Risk Management Divisions as well as, for budgeting purposes, the Board of Public Safety. Combined, we employ nine attorneys, four support staff and one Director of Safety and Training. Much like a law firm, our budget is heaviest on personnel expenses, with the remaining budget being comprised of the supplies and expenses necessary to carry out our mission of advising and assisting our clients.

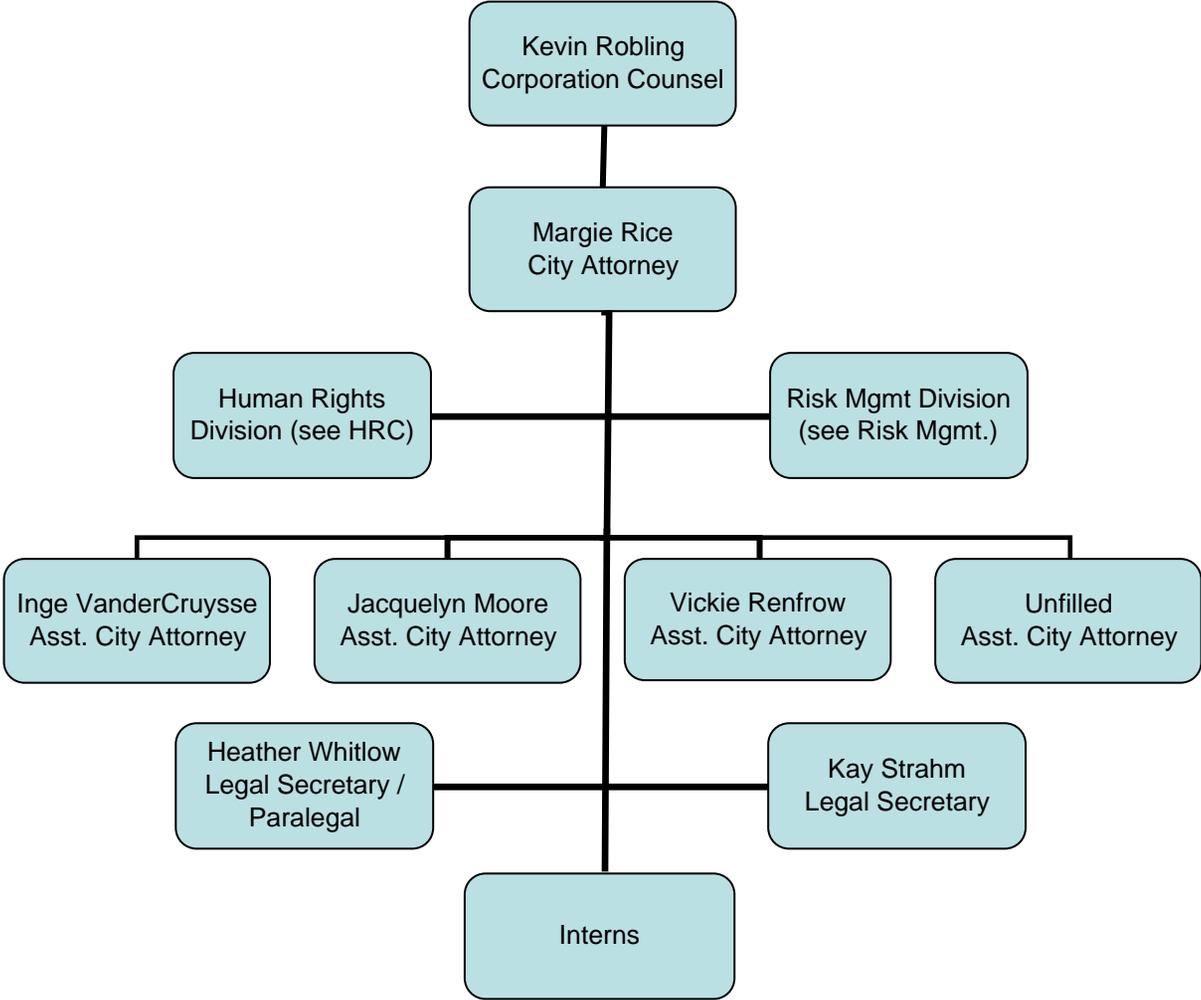

While Indiana law firms have not necessarily been on the cutting edge of creating sustainability tools for their offices, we hope to learn from efforts being made in other areas of the United States. We recognize that our day-to-day office operations impact our environment. As such, we will continue our efforts to recycle and reduce our own energy and paper consumption. We will look for opportunities to send and receive documents electronically and will consult with Information and Technology Services (ITS) to reduce the number of individual, desktop printers in our office. We also intend to purchase more online products for research and our license-required Continuing Legal Education materials and hope a noticeable reduction in our office law library results. In addition, we hope to begin transitioning our official document storage – known to us as “Contract Central” - to a virtual filing cabinet. This will not

only reduce our paper and printing demands, but may eventually assist the public in accessing our documents and making public records requests easier and faster. To the extent that we have success in these areas, we hope to share our ideas with our professional partners and municipal associates locally and across the state, encouraging the ability to file documents with local and state offices and courts electronically.

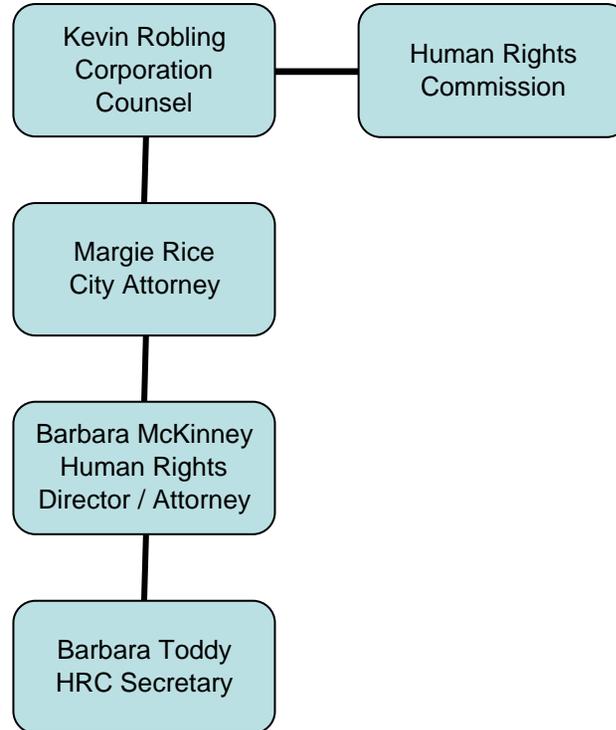

Looking more broadly at the way we represent our clients and work with them in the community, we see opportunities to take the socially responsible ideas our clients generate and turn them into legal reality. This effort cannot be reduced to a specific list, but is rather a commitment to educate ourselves in such a way that we view each project with which we assist through the lens of sustainability. We can produce agreements that protect and uphold the partnerships made and the collaborative ideas generated by and between departments and community groups. We can review, write and enforce ordinances in a way that always assesses the social impact and does not lose sight of the bigger picture, so to speak. We can assist those responsible for economic and sustainable development with all the legal steps necessary to make sure that their ideas can be realized and, ultimately, the citizens of Bloomington benefitted. Simply put, we can find ways that the law can help enhance our clients' projects, rather than hinder them.

Your support of the Legal Department's budget is very much appreciated. The City Legal Department looks forward to working with you and your legal staff in 2011 and to assisting with your efforts to Redefine Prosperity in Bloomington.

Memorandum

To: Members of the City of Bloomington Common Council
From: Maria Heslin, Deputy Mayor
Date: July 14, 2010

This memo accompanies the proposed 2011 budget for the Office of the Mayor (OOTM).

A Strategic, Sustainable City

The Office of the Mayor continues to place a high priority on strategic, sustainable practices not only at a department level, but enterprise-wide. As the executive office of the organization, we are continually directing focus toward sustainability, cost-savings and efficiency, linking our goals for the organization and the community to the budgeting process to ensure effective implementation.

These efforts include:

- Leading analysis of the Redefining Prosperity report to identify the feasibility and impact of the report's recommendations on City operations, with the goal of implementing appropriate initiatives.
- Working with the City's Sustainability Coordinator and Department Heads to analyze how best to reduce printing and energy consumption, increase recycling and sustainable practices, and work toward becoming a model of sustainability.
- Launching Team Process, which consists of several subcommittees tasked with finding efficiencies in office supply usage and purchasing, utility consumption, and recycling at City facilities. The Team is currently exploring ways to enhance internal communications to better utilize staff time and have better informed and engaged employees.
- Issuing a Green Policies memo organization-wide, setting forth policies on idling, the purchase of disposable water bottles, use of energy star products, and energy consumption as it relates to lights, computer monitors and personal electronic devices.
- Spearheading development of Be Active Bloomington, an employee wellness campaign designed to provide staff with information and resources for developing and sustaining an active, healthy lifestyle.

The Office of the Mayor looks forward to identifying further ways of saving money and using fewer resources in 2011 to attain our goals of managing a strong, sustainable City organization. To this end we will:

- Continue to identify possible efficiencies that can be researched, implemented and monitored by Team Process subcommittees.
- Work closely with the Economic and Sustainable Development (ESD) Department to infuse the spirit and practical benefits of sustainability into all City operations and to remain on the cutting edge of new ideas.
- Work with ESD and our community partners such as Downtown Bloomington Inc., the Convention & Visitors Bureau and Indiana University Athletics to strengthen regional tourism.
- Enhance the Everybody's Bloomington web site as an effective tool for promoting sustainable job creation in Bloomington.
- Work with ESD to develop a strategic plan for the use of Grants funding for sustainable-business purposes.
- Support and help facilitate implementation of Team Process's approach to group purchasing of office supplies, including buying local and green.
- Support the efforts of all departments in their pursuit of sustainable practices and share information about these efforts organization-wide so others may have the opportunity to implement similar measures.

Furthering the City Mission

The underlying mission of the City of Bloomington is to enhance our community's quality of life by strengthening the "4Cs," the Strategic Initiatives we refer to as Community Commerce, Condition, Collaboration and Character. The Office of the Mayor staff provides organizational leadership and direction by working with every City department to fulfill the City's mission and enrich each of these Strategic Initiatives.

With input and support from every City department, this year OOTM has spearheaded:

- ongoing strategic planning;
- project management processes; and
- a modified zero-based budgeting process guided by strategic and sustainable principles.

This has resulted in:

- a collaborative approach to identifying top priorities;
- a singular vision for an organization-wide direction to governance;
- creative avenues for departments and staff to work together to further the 4Cs;

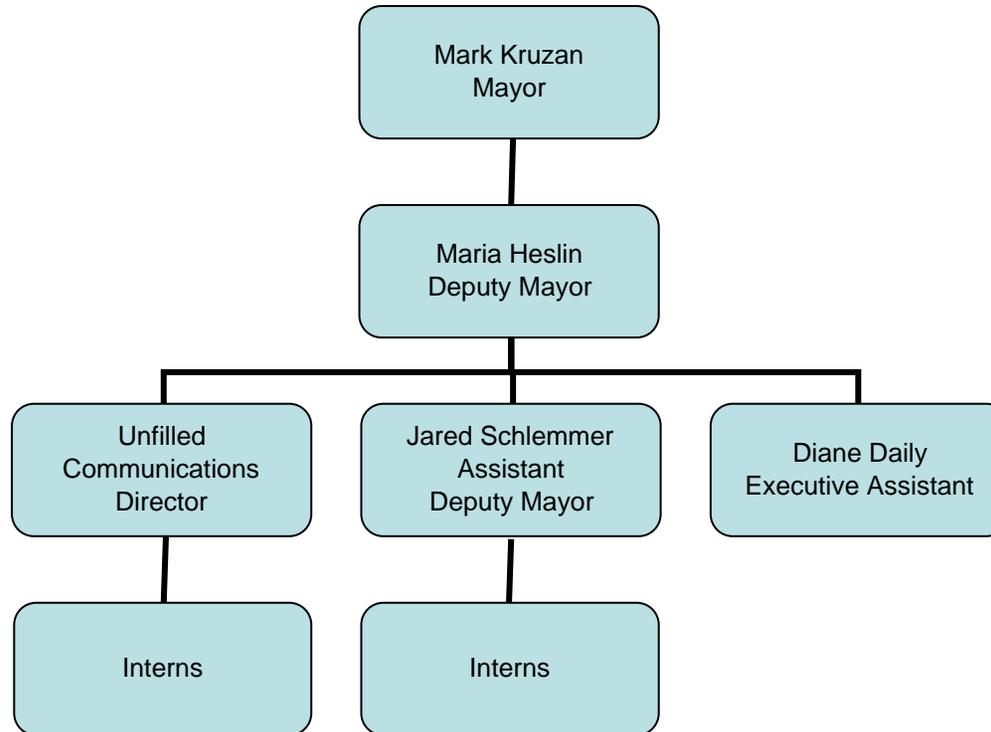

Priorities for 2011

Approval of our budget request will enable us to continue providing guidance to and working closely with the exceptional department heads and staff that constitute the City of Bloomington organization. We will continue working as a team to make Bloomington an even better community, strengthened by a diversified, vibrant economy and committed to furthering sustainable development, arts and culture, infrastructure, public safety, trails, health and recreational opportunities, civic engagement, animal welfare and effective City governance.

In addition to the sustainable initiatives outlined above, the primary initiatives for OOTM in 2011 will be enhancing Everybody's Bloomington, a business attraction and city branding campaign that will utilize regional marketing strategies to promote and enhance Bloomington's visibility as a premiere place to live, work, play and visit.

Additionally, the Office of the Mayor works with City department heads in coordinating messaging regarding City programs and services in an effort to ensure the community is informed of everything our organization has to offer. The department will continue to look for low-cost and effective ways of delivering information to the community, including continued and increased use of social media and video. Sharing information and active engagement with the community are essential components to good governance.

Memorandum

To: Members of the City of Bloomington Common Council
From: Mick Renneisen, Director, Parks & Recreation Department
Date: July 14, 2010

REDEFINING PROSPERITY – TOWARD A SUSTAINABLE COMMUNITY

The Parks and Recreation Department considers itself to be a forward-thinking agency that has long infused sustainability in department culture. Featured in our 2011 budget request is continued support for many of the projects and practices listed below that have been implemented in previous years, as well as some new sustainable initiatives.

Existing Sustainable Efforts:

- Miller-Showers Park utilizes recovered stormwater for irrigation.
- Constructed a Rain Garden at the Griffy Lake parking lot.
- Reduced water use at the golf course and ball field locations.
- Reduced seasonal Park Security hours and, as a result, vehicle miles.
- Used specialty utility vehicles vs. trucks and cars in some maintenance locations. (i.e. B-Line caretaker)
- Reduced vehicle miles at Kid City camps during the 2009 season by walking to core downtown field trip locations and using Bloomington Transit.
- Utilized a significant volunteer base to perform some park maintenance tasks. Example: Volunteers removed 3 acres of invasive bush honeysuckle from Cascades Park in 2009.
- Included two of our facilities in the pilot GBO Facility Assessment Study.
- Developed the B-Line Trail/Clear Creek Trail to help make connections for a more walkable/bikeable community.
- Implemented a recovered street and park tree wood waste program that is growing in scale and use – for the foreseeable future it will be continue to be highly subsidized.
- Offered educational programs through People's University, G.O.S.T. (Grow Organic Special Topic) and GROW Organic Educator Series (a popular certification program which covers material from soil science to seed saving) designed to improve organic gardening skills in specific areas.

- Managed the Bloomington Community Farmers' Market (operates Saturday's April – November at Showers Commons and Tuesday's June – September (next to downtown Bloomingfoods).
- Conducted annual *Earth Week Celebration* and *Sustain Bloomington* programming; a celebration and exhibition of local sustainable businesses and practices, held in April and October in Peoples Park.
- Conducted "Nature Days," an environmental science education program offered to MCCSC 4th and 6th grade students at Lake Griffy and Leonard Springs Nature Park. The program continues to grow in popularity each year. In 2009 more than 2,400 students participated.
- Evaluated our mowing standards and policies which have resulted in reductions in mowing frequency and the amount of acreage mowed in parks and trails.
- Constructed "Unisex" outdoor restroom facilities that reduce the customary square foot size required for the building and decreases operating and maintenance expenses. These facilities also feature waterless urinals and electric hand dryers to eliminate paper towel waste.
- Constructed and retrofitted buildings with motion sensors for lights, fans, and fixtures. The new Winslow building has motion detectors for lights and 10 minute exhaust fans after the last movement detected. Many of our facility fixtures are motion activated now. Almost all hand dryers are paperless and on motion detectors.
- Implemented a recycling program at our indoor facilities per "Team Process" discussions initiated in 2009.
- Implemented "Adopt-a-Median" program for maintenance of a few public medians. These have not proven to be very successful.

Additional Sustainability Initiatives Implemented in 2010

- Constructing the final phase of the B-Line Trail, which will connect to the Rail Trail and Clear Creek Trail and make biking/walking easier and safer for our community. The B-Line Trail has received more than \$10 million in grant funding for its acquisition/construction. The B-Line's 2.4 mile final phase will feature LED lighting, native trees and sedge plantings to cleanse stormwater runoff and reduce grounds and landscape maintenance costs.
- Constructing Phase I of the Jackson Creek Trail connecting 3 parks and 2 schools and providing a safer biking/walking route for our community.
- Constructing rain gardens with native plants for first phase construction of the Jackson Creek Trail to be completed in 2010.
- Completing HVAC repairs at the Twin Lakes Recreation Center by using funds (\$75,000) from the Energy Grant Program for 2010. HVAC repairs are estimated to save 20% in annual energy use.
- Providing space, funding (\$2,000) and logistical support to establish the Bloomington Community Orchard, a small scale fruit and nut tree test site at Winslow Woods Park, to see what the costs (plantings, herbicides, etc) are and what level of interest it will generate.
- Implementing a Park Ambassador program that will be rolled out in 2010 that could help with inspections and some park maintenance tasks; saving vehicle trips and time. There will be 5 sites by the end of 2010.

- Conducting a Phase II LEED energy audit of the Allison-Jukebox Center. We will know results later this summer. (Meets Council's GBO requirement).
- Eliminating 5 vehicles (out of 65 or 7.7%) from our fleet.
- Considering a rainwater capture pilot program for irrigation – The Project School is interested in working with us on a rain barrel system for 3rd Street Park. This could be a good pilot project to see this could be successful elsewhere.
- Reworking all existing park and landscape plot irrigation systems to be infinitely controllable and operate with the minimum amount of water required.
- Working with the Bryan Park Neighborhood Association on installation of recycled grocery bag dispensers for the disposal of dog waste. This effort helped save our department's costs to provide dog waste bags at a cost of over three cents each.
- Implementing changes in the capacity size, number, and location of park and trail receptacles to reduce costs for landfill disposal, trash bags, fuel, equipment and personnel.
- Partnering with Mother Hubbard's Cupboard to open a new garden at Rev. Ernest D. Butler Park. The infrastructure for the garden will be developed through 2010 and garden plots will be available for rent during the 2011 season.
- Partnering on Plant a Row for the Hungry with Worm's Way, Hilltop Gardens, Bloomingfoods, Mother Hubbard's Cupboard and Hoosier Hills Food Bank to encourage gardeners to grow and extra row for a hungry family. The food is collect at Saturday Farmers' Market with farmers also contributing leftover produce. New this year, farmers are donating vegetable plants to be planted by Mother Hubbard's Cupboard gardens and produce will be given to the Hoosier Hills Food Bank.

Plans for 2011 in Addition to Existing and Continuing Sustainable Practices

- Complete lighting improvements to the TLRC to save an additional 20% in energy use. Cost estimate \$50,000 (Non-Reverting Budget)
- Study and potentially implement variable peak load energy usage at Frank Southern Center.
- Healthcare – Parks and recreation programming and facilities offer significant health and wellness benefits to our citizens. Our services serve as preventive health measures that contribute to less reliance on costly healthcare procedures.
- Continuing to help implement the Be Active Bloomington employee wellness campaign.

CITY OF BLOOMINGTON MISSION

“To preserve, promote and enhance Bloomington, Indiana’s distinct identify and vibrant quality of life.”

PARKS AND RECREATION DEPARTMENT MISSION

“To provide essential services, facilities and programs necessary for the positive development and well being of the community through the provision of parks, greenways, trails and recreational facilities while working in cooperation with other service providers in order to maximize all available resources.”

THE 4Cs

Parks' programs and services are intrinsically evident in all of the 4Cs:

Community Commerce - National Softball/AAU Basketball other events that generate approximately \$4.5 million in economic impact annually for local businesses. This does not include the economic impact of events including the Farmers' Market, sports leagues, trail visitation and other activities.

Community Collaboration - 50 existing partnerships with other recreation and social service agencies in the community that minimize duplication of services and maximize available community resources (sustainability)

Community Condition – Approximately 1,000 programs/services promoting health and wellness, recreation and parks infrastructure dedicated to serving the community's physical, social and emotional needs.

Community Character – Parks, in general, and other new amenities such as the B-Line Trail, the Jackson Creek Trail, greenspace acquisition, urban forestry and landscaping efforts, enhance the character of our community.

2009 ACCOMPLISHMENTS

- Completed construction and opened Phase I of the B-Line Trail.
- Designed and bid Phase II of the B-Line Trail.
- Acquired the Bloomington SportsPlex to meet the indoor recreation needs of the community and enhance economic impact opportunities for local businesses.
- Hosted the 2009 IPRA State Conference at the Bloomington/Monroe County Convention Center.
- Leased the BACC to the Project School resulting in an improved asset that can still be used by the Department on evenings and weekends while also lowering the cost of department services.
- Relocated senior services to the Twin Lakes Recreation Center and increased participation in senior activities at this location.
- Completed design of Phase I of the Jackson Creek Trail connecting Olcott and Sherwood Oaks Parks with Jackson Creek Middle School and Childs Elementary School through the recently acquired Goat Farm property.
- Completed renovation to the Butler Park restroom facility and created a new community garden at Butler Park.
- Offered over 1,000 recreation and sports programs to our community with over 650,000 participations recorded in these programs/services.
- Conducted numerous sporting events that generated in excess of \$3 million in economic impact to the local community.

2011 DEPARTMENT PRIORITIES

- Complete a community Citizen Attitude and Interest Survey to help identify priorities for the department's 2013-17 Master Plan. Last survey completed was in 2006. We have commissioned these surveys every 5 years. Key priorities identified from previous surveys have resulted in the construction of the Clear Creek, Jackson Creek and B-Line Trails and the acquisition of the SportsPlex just to name a few.
- Complete construction of B-Line Phase II and conduct a community celebration of the connection of the B-Line Trail to the Rail Trail and Clear Creek Trail system. Mostly funded by grants, the B-Line will connect to the Clear Creek and Rail Trails to create a 7.4 mile greenway.
- Complete a Master Plan for the Switchyard Property (TIF funded project). With the B-Line completion through the Switchyard property in 2011, community interest for a vision for the future of this site will be piqued.
- Complete access (road, stoplight, side path) improvements to the Twin Lakes Recreation Center. This task requires collaboration with Public Works. (TIF funded project) Important safety/accessibility issue much anticipated by current and future users.
- Conduct amateur sporting events at the Twin Lakes Campus, Winslow Sports Complex, Frank Southern Ice Arena and Cascades Golf Course to enhance economic development activities for our community. Continue our strong tradition of generating economic impact for our community.
- Achieve re-accreditation for the Department from CAPRA. The Department was one of the first 40 agencies to be accredited in 2001 and was re-accredited in 2006. This will help us keep department standards to community expectations.
- Where possible, upgrade/replace aging infrastructure.
- Continue to offer more than 1,000 programs to the community for their collective health, wellness and enjoyment. Continue to respond to community input to offer the appropriate array of services, free of charge and for a nominal fee, that help our community residents keep fit, happy and healthy.

DEPARTMENT STRENGTHS, OPPORTUNITIES AND CHALLENGES

STRENGTHS

The Parks and Recreation Department is comprised of 58 full-time and more than 300 seasonal employees. The knowledge, passion and community focused philosophy of the staff are our most important strength. The nationally recognized and honored department staff (2007 Gold Medal Award winners (6-time finalists) and 2001/2006 CAPRA Accreditation) offers over 1,000 programs to our community on an annual basis. These programs are offered in response to the expressed interests and needs of our community. Those needs are ascertained through community wide Citizen Attitude and Interest Surveys and feedback through constant interaction with the participants in our programs.

OPPORTUNITIES

The Parks and Recreation Department has a unique opportunity to improve the health and wellness of our citizens (Community Condition) with the addition of the Twin Lakes Recreation Center. This facility has allowed us to offer health and wellness programs to members of all ages of our community on a year around basis.

Walking and biking for pleasure is the community's most common form of recreation as indicated in recent the 2001 and 2006 Citizen Attitude and Interest surveys.

Completion of Phase I of the B-Line Trail (Community Character) and the construction of the remaining phase of the B-Line in 2010-11 will allow us to offer a growing trail system to our community while responding to their number one expressed interest for the past 10 years. In addition, the first phase of the Jackson Creek Trail will be completed in 2010. The long-term goal is to connect the 3 trail systems together to make biking/walking more accessible to community residents.

The Parks and Recreation Department, in conjunction with the Bloomington/Monroe County Convention and Visitors Bureau, will host its 20th ASA National Softball Tournament in 2011. The Twin Lakes Recreation Center further enhances the Department's opportunities to "promote Bloomington as a destination city" by continuing to offer AAU basketball and other events that attract tourists and create economic impact for our community. Existing partnerships with the Bloomington/Monroe County Convention and Visitors Bureau have been enhanced by this acquisition (Community Commerce and Collaboration), the upcoming completion of the B-Line Trail and the continued development of other trail systems in the community.

Acquisition of the Switchyard property in late 2009 presents the Department with the opportunity to plan for the development of the Switchyard property into a large community park. The Parks Department will coordinate a comprehensive planning process, using TIF funding in 2011, to gather public input and generate a schematic design for the park and surrounding area. Future development will be based on identifying available funding. (Community Character/Community Condition)

CHALLENGES

Asset Management

The Parks and Recreation Department is responsible for stewardship of more than \$50,000,000 of City of Bloomington assets throughout 2,360 acres, which includes a total of 41 sites. Included in these assets are: 12 facilities, 26 playgrounds, 21 tennis courts, 17 basketball courts, 2 cemeteries, over 18,000 street trees and 27 miles of trails. In a perfect world, we would replace a percentage of equipment such as mowers, vehicles, playground equipment, paved surfaces, athletic court surfaces, roofs, site amenities, HVAC systems and other items on an annual and regular basis. The return to a regular replacement process for vehicles and some equipment, in the 2010 and 2011 budgets, has relieved some pressure to replace those assets. Financial limitations in coming years may present challenges for continuing to keep pace with an adequate capital replacement schedule for other parks assets.

Addition of Acres/Facilities

Over 228 acres of property have been added to Parks maintenance responsibilities since 2002. In addition, development of facilities such as the Clear Creek Trail and the B-Line Trail will create additional responsibilities and expenses for our department. Already, the downtown phase of the B-Line Trail has required a high level of maintenance due to its high use and visibility.

Five new playgrounds have been added to our inventory since 2002 to bring the total number of playground sites to 26. We maintain landscaping areas at non-department assets such as fire stations, the Animal Shelter and Public Works department landscape medians. Since 2002, 25 additional landscape plots have been added. (Example: College Mall Road, West 2nd Street, West 3rd Street, West 6th Street.) These additional medians incrementally require additional resources (mulching, plant material, water, staff time) from our budget. Increases in prices for water, landscape materials, gas to transport crews and labor costs have, over the past 5 years, added expenses to our budget.

Increases in Use of Programs/Facilities

The Department generates a significant amount of revenue through fees charged for some services. Revenue generated from various programs and services helps offset the costs associated with delivering these services and minimizes the department's reliance on the city tax base. Our projected revenue for 2011, both general fund and non-reverting fund, is \$3,529,329

However, many of our areas, including parks and trails, produce no revenue but are highly utilized. Our parks and trails experienced heavy use in 2009 and 2010, to some degree as a result of people staying closer to home ("stay-cations") due to economic conditions. While this is great for the community, the impact will create more costs for maintenance of our local parks and facilities.

The impact of increases in fuel, electric, gas, water and sewer charges is evident to

most people. In addition, the cost of necessary supplies to provide parks and recreation services has also increased. Basically, increased participation in programs means higher consumption of goods and services and therefore more costs associated with delivering services. On the positive side, revenues have increased as a result of increased participation in certain service delivery areas.

Other programs, like the Summer Food Program, are subsidized by tax dollars with no revenue to offset additional participants. Potential reductions in budget resources may result in capping the size or number of programs offered despite the apparent need to deliver services to certain segments of the population in need.

BUDGET DEVELOPMENT PROCESS

The 2011 Parks and Recreation General Fund budget request reflects ongoing changes in service provision and cost allocation by activity and program unit. The budget request was formulated using the zero-based budget model. There are many programs/services within each one of our 20 program unit budgets. Internally, we use a worksheet for each program/service that makes up a program unit budget. These individual program/service budgets build up to the 20 program unit budgets. The 20 program unit budgets were combined to create the Parks and Recreation budget request.

An annual retreat is held with staff and the Board of Parks Commissioners to review the Department's budget proposal and to establish program unit cost recovery levels. The Board of Park Commissioners annually reviews and revises cost recovery goals for each program unit. The Department's price schedule reflects increases in fees recommended by staff to meet the Board's recommended cost recovery goals.

Every year at the conclusion of respective program seasons, staffs evaluate the life cycle of the programs/services we deliver. This exercise helps us to determine if there is a program/service whose popularity has diminished or may reveal that another recreation service provider is providing the service and meeting the needs better than we are. Life cycle analysis can result in staff's recommendation to eliminate or add a program/service. Over the course of the last 13 years since we have implemented this approach, we have streamlined the delivery and number of services we have offered and re-allocated resources to new program growth areas. As a result of this review process, we have initiated over 50 program partnerships with other community service providers. This has resulted in more efficient and effective delivery of services to our community and maximized available community resources.

PROGRAM UNIT ORGANIZATION

The Department provides essential services that enhance Community Commerce, Collaboration, Condition and Character through the following program units:

Community Relations, Aquatics (Bryan and Mills Pools), Frank Southern Ice Arena, Golf Services, Natural Resources, Youth Programs, Adult/Senior Services, BACC/The Project School (landlord services), Community Events, Adult Sports Services, Youth Sports Services, Banneker Community Center, Inclusive Recreation, Rhinos After

School, Health and Wellness, Operations Services, Landscaping, Urban Forestry, Cemetery Services and Administration.

DEPARTMENT BUDGET REQUEST

Budget Highlights/Priorities

B-LINE – PHASE II COMPLETION (CHARACTER/ALL 4Cs)

- Over \$4 million in grant funding has been obtained for this project. The City's cost, to pay for grant matches and construction administration and design, has been funded from the Downtown and Thomson/Walnut/Winslow TIF Districts. Trail completion is expected by September 2011.
- Budget Impact
 - Line 351 - Electricity (lights) - \$9,945
 - Line 221 - Institutional/medical (trash bags, graffiti removal) - \$1,670
 - Line 353 - Water (water fountains/occasional pavement cleaning) - \$1,000

INFRASTRUCTURE REPAIR/IMPROVEMENT (CONDITION)

- 41 park sites
- 12 facilities
- 2,360 acres
- 27 miles of trails
- 26 playgrounds
- 42 parking lots
- 24 shelter houses
- 78 landscape plots
- 38 outdoor court surfaces

The above translates into \$50,000,000 of assets to repair/renovate with impact throughout the parks budget request.

• General Repairs/Maintenance/Improvements

- Budget Impact
- Line 222 - Agricultural Supplies Request: \$216,370; decrease \$6,355
 - Pool water balance chemicals, golf and athletic field turf quality care products; seed, mulch, flowers, shrubs, trees for parks.
- Line 231 - Building Repairs Request: \$52,775; decrease \$4,119
 - Sink repairs at pools, split rail fencing at Bryan Park and Leonard Springs; lumber, hardware, door/window locks, vandalism repair supplies; ceiling tile replacements.
- Line 234 - Other Repairs Request: \$67,090; decrease of \$34,000
 - Mowing equipment parts, field and facility light replacement, irrigation parts, gravel sand for parking lots, accessibility improvements, nets, elevator repair, HVAC repairs (parts)
- Line 365 – Other Repairs Request: \$21,600; decrease \$7,445
 - Sport lighting and scoreboard repairs; fencing repairs; Griffy boat repairs; contractual vandalism repairs

- Line 399 – Other Services Request: \$429,561 increase \$225,593
 - Roof replacement at Griffy Boat Rental facility and Twin Lakes Lodge; masonry repairs to WPA limestone wall at Rose Hill Cemetery; payment of Golf Course Revenue Bond (the golf course bond payment reserve fund had excess funds (\$206,000) that were used in 2010 to make the \$275,000 annual payment. This line was reduced in 2010 but the payment will go back up to \$273,380 in 2011 (the bond was refinanced in 2009) and stay at that amount until the bond is paid off in 2019)

EQUIPMENT AND VEHICLE REPLACEMENT (CONDITION)

- Vehicles – 65 vehicles/special equipment in our fleet.
- Budget Impact
- Line 444 – Motor Equipment
 - Continue vehicle replacement program replacing 5-6 vehicles in 2011 - \$115,329
- Line 442 - Equipment
 - Operations – All purpose ATV - \$ 8,500
 - Winslow Sports Park – All purpose ATV - \$ 8,500
 - Operations – Rotary mower - \$20,000
 - Golf Course – Rotary mower - \$20,000

IMPROVING THE HUMAN CONDITION

Budget Impact

- Line 112 – Temp. Salaries/Wages
 - Seasonal staff to supervise the Summer Food Service Program - \$10,000
 - Banneker budget is almost entirely allocated to serve low income family needs.
- Note: Parks Foundation contributes approximately \$26,000 annually to fund scholarship for youth who can't afford program fees.

PROGRAM RELATED/OPERATIONAL BUDGET IMPACT DUE TO INCREASED USE (CONDITION)

- Budget Impact
- Line 221 – Institutional and Medical: total request- \$36,779; increase \$5,954
 - First aid supplies, cleaning supplies etc.
- Line 242 - Other Supplies Request: \$105,190; increase \$2,185
 - Replacement chairs, benches at parks and facilities; painting supplies, safety equipment replacement; signage; skates at ice arena; small tools; program supplies for camps; sport bases, soil amendment and field drying products, adaptive recreation equipment, landscaping supplies
- Line 351 – Electric Request: \$194,700; increase \$25,200
 - Based on actual use in addition to Duke Energy increases
- Line 353 – Water Request: \$185,100; increase \$9,500
 - Actual use (historical-2009 was an abnormal (low) year) and CBU increases

TOTAL REQUEST

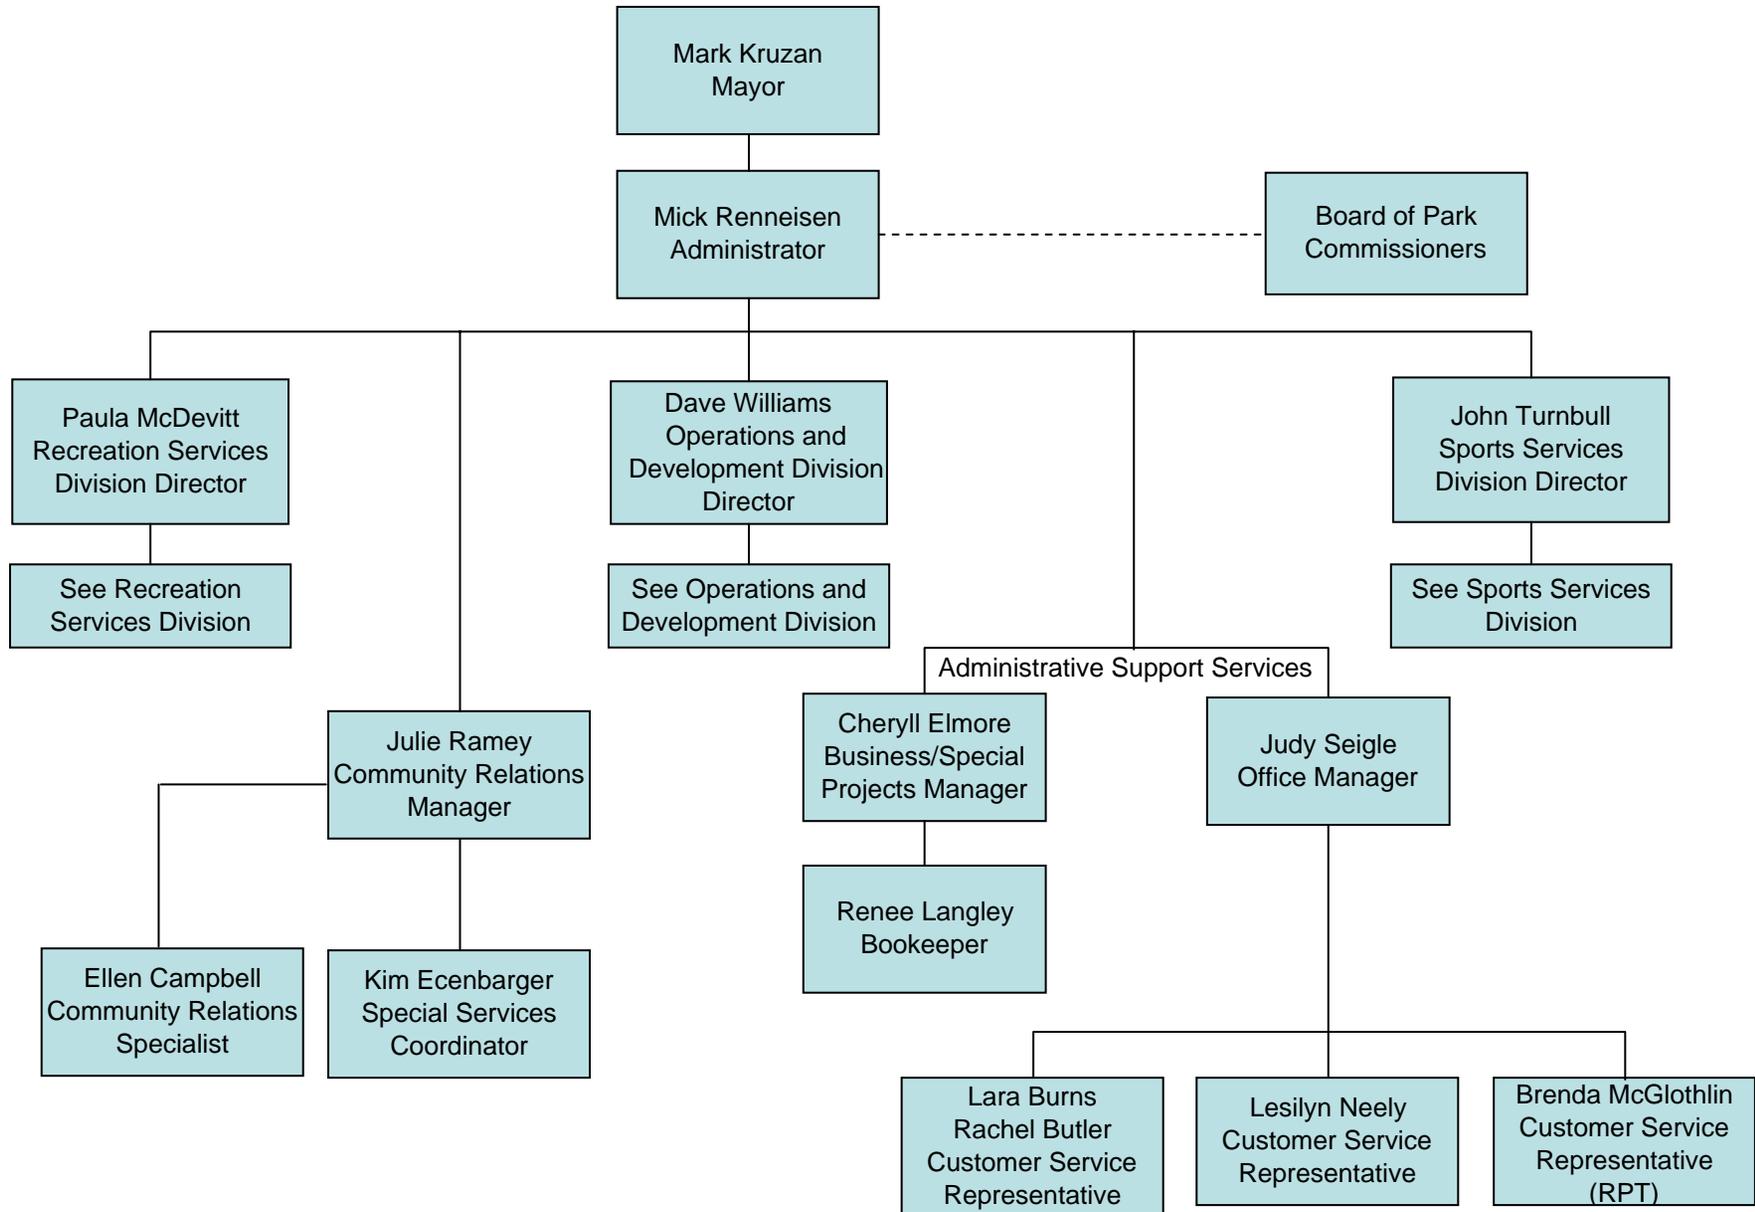

2011 General Fund Budget Request = \$6,755,539. Increase of \$265,043 (4%).
 2011 Total Request (including non-reverting) = \$2,057,766
 2011 Total Parks Budget Request = \$8,813,306

CONCLUSION

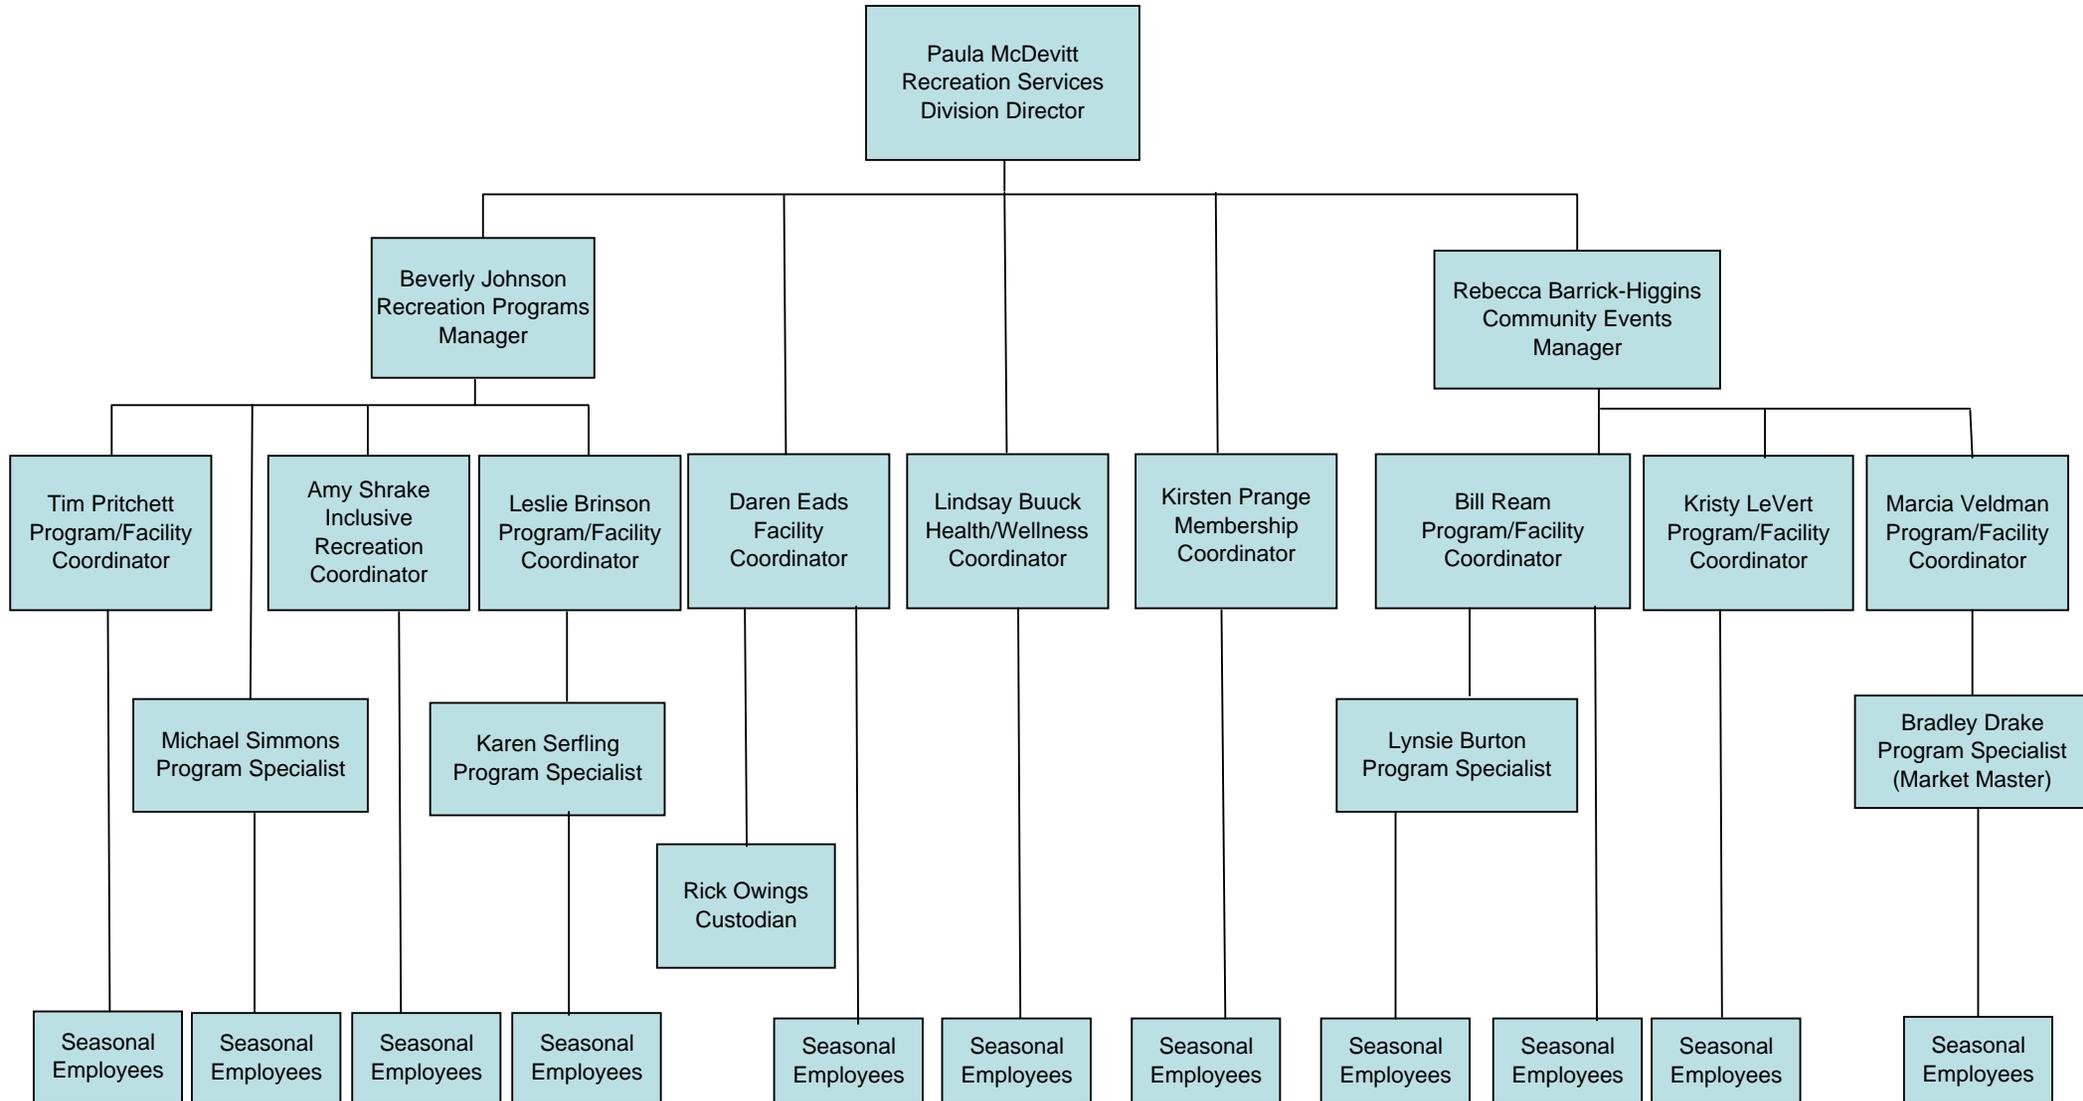

The City of Bloomington Parks and Recreation Department has a direct impact on the quality of life of the community. Your support of our budget contributes to the City's mission "To preserve, promote and enhance Bloomington, Indiana's distinct identity and vibrant quality of life." This is accomplished through the goals of the City's Strategic Plan and incorporates programs and services that meet the goals of the 4 Cs; Community Commerce, Community Character, Community Collaboration and Community Condition.

In addition, your support of our 2011 budget request supports the Department's mission: "*To provide essential services, facilities, and programs necessary for the positive development and well-being of the community through the provision of parks, greenways, trails, and recreational facilities while working in cooperation with other service providers in the community in order to maximize all available resources.*" The goals and Strategic Plan of the Department developed with citizen input and feedback from the 2006 Citizen Attitude and Interest Survey and with oversight from the Board of Parks Commissioners and several citizen Advisory Councils, compliment the City's Strategic Plan. Together, we make Bloomington a better place to live, work and play.

Memorandum

To: Members of the City of Bloomington Common Council
From: Tom Micuda, Director, Planning Department
Date: July 14, 2010

This memo outlines the Planning Department's proposed 2011 budget. Specifically, the memo highlights both current and future programs designed to further community sustainability. Additionally, this memo links the department's budget initiatives to the City's 4C mission. Finally, the department's major policy initiatives for 2011 are prioritized for the Common Council's consideration.

Current Fiscal and Program Initiatives Designed to Further Sustainability

Over the last several years, the Planning Department has been working to reduce several budget lines related to the consumption of resources. Specifically, the department has reduced both its Fuel and Oil budget and Printing budget since 2009. In terms of programmatic efforts, the department's commitment to sustainability shows up most notably in the following transportation planning activities.

- City/County Metropolitan Planning Organization(MPO) adoption of the State of Indiana's first *Complete Streets Policy*.
- Development of the *College Mall Pedestrian Accessibility Study* – This study was presented to the Plan Commission earlier this year and will hopefully be implemented over time.
- Ongoing implementation of projects outlined in the City's *Bicycle and Pedestrian Transportation and Greenways System Plan*.
- Coordination with City Council members to create a task force designed to elevate Bloomington's Bicycle Friendly Community status from a Bronze level to a Platinum level as designated by the League of American Bicyclists.

Future Fiscal and Program Initiatives Designed to Further Sustainability

Just as in 2009 and 2010, the Planning Department is proposing reductions to its 2011 Fuel and Oil and Printing budgets in order to reduce the department's

resource consumption. From a programmatic standpoint, the department has a number of proposals that will positively affect sustainability on a community-level scale. These projects include:

- Update of the City's Growth Policies Plan (GPP). The GPP is now nine years old and in need for a significant update. The goal of this update is to make the GPP a more comprehensive City policy document covering a broader range of issues and less of a pure land use document. This project, which is estimated to take approximately three years, will start with a community visioning process in 2011. In terms of sustainability, an updated GPP will likely contain new planning policies that address the following issues: 1) green building and sustainable development design, 2) urban agriculture and local food production, 3) further development of neighborhood commercial centers (or Activity Nodes as identified in the *Redefining Prosperity* report), and other related sustainability topics.
- Update of the MPO's Long Range Transportation Plan (LRTP). The MPO is required to update its LRTP every five years. While the MPO has ample time to complete this next update since the last LRTP was just recently re-certified for another five years, the Planning Department is proposing to start the Plan update process next year since another three year time frame will likely be needed in order to conduct a comprehensive update. This update will need to address sustainability issues such as: 1) the creation of transportation policies/projects designed to reduce vehicle miles traveled (VMTs), 2) better incorporation of transit, bicycle, and pedestrian modes into the MPO's travel demand model, and 3) how to make projections for future travel patterns given potential scarcity of fossil fuel resources.
- Ongoing efforts with the City Council task force, as well as future implementation of policies and projects, designed to increase the City's designation rating as a Bicycle Friendly Community.
- Revisions to the Unified Development Ordinance's (UDO's) Green Building and Sustainable Development Incentive provisions. The City Planning Department has been successful in working with developers to incorporate both green building and sustainable site development measures into their projects. However, the incentive provisions in the ordinance have not been utilized much by the development community due to their lack of flexibility and lack of adequate incentives.
- Review of the UDO's Urban Agriculture provisions and other community ordinances pertaining to food production. After meeting with some practitioners who have advocated increased allowances for urban agriculture, the Planning Department proposes to review other community ordinances, consult with local practitioners, and develop an amendment package for the Plan Commission and Council's consideration.

Linkage between 2011 Initiatives and the City's Mission

The Planning Department's proposed 2011 program initiatives all affect improving Bloomington's quality of life and are most strongly linked to enhancing Community

Condition. Specifically, all of the proposals outlined above, particularly the GPP and LRTP update projects, have a potential impact on the direction of long-term City infrastructure investments. Additionally, efforts made by the Planning Department on behalf of the City's Platinum Biking Task Force as well as with the UDO amendment packages will have impacts on bicycle and pedestrian infrastructure and "green infrastructure," respectively. It is also noteworthy to point out that the Planning Department's goal for both the GPP and LRTP updates, which is to develop new vision statements for both documents, will have to be accomplished through extensive Community Collaboration. The Planning Department envisions an extensive outreach effort for both projects, including meetings with the general public, government officials of various jurisdictions, and stakeholders such as those from the business community and neighborhoods. This outreach will truly need to be "collaborative" because the goal is an adoption of new vision statements for both documents.

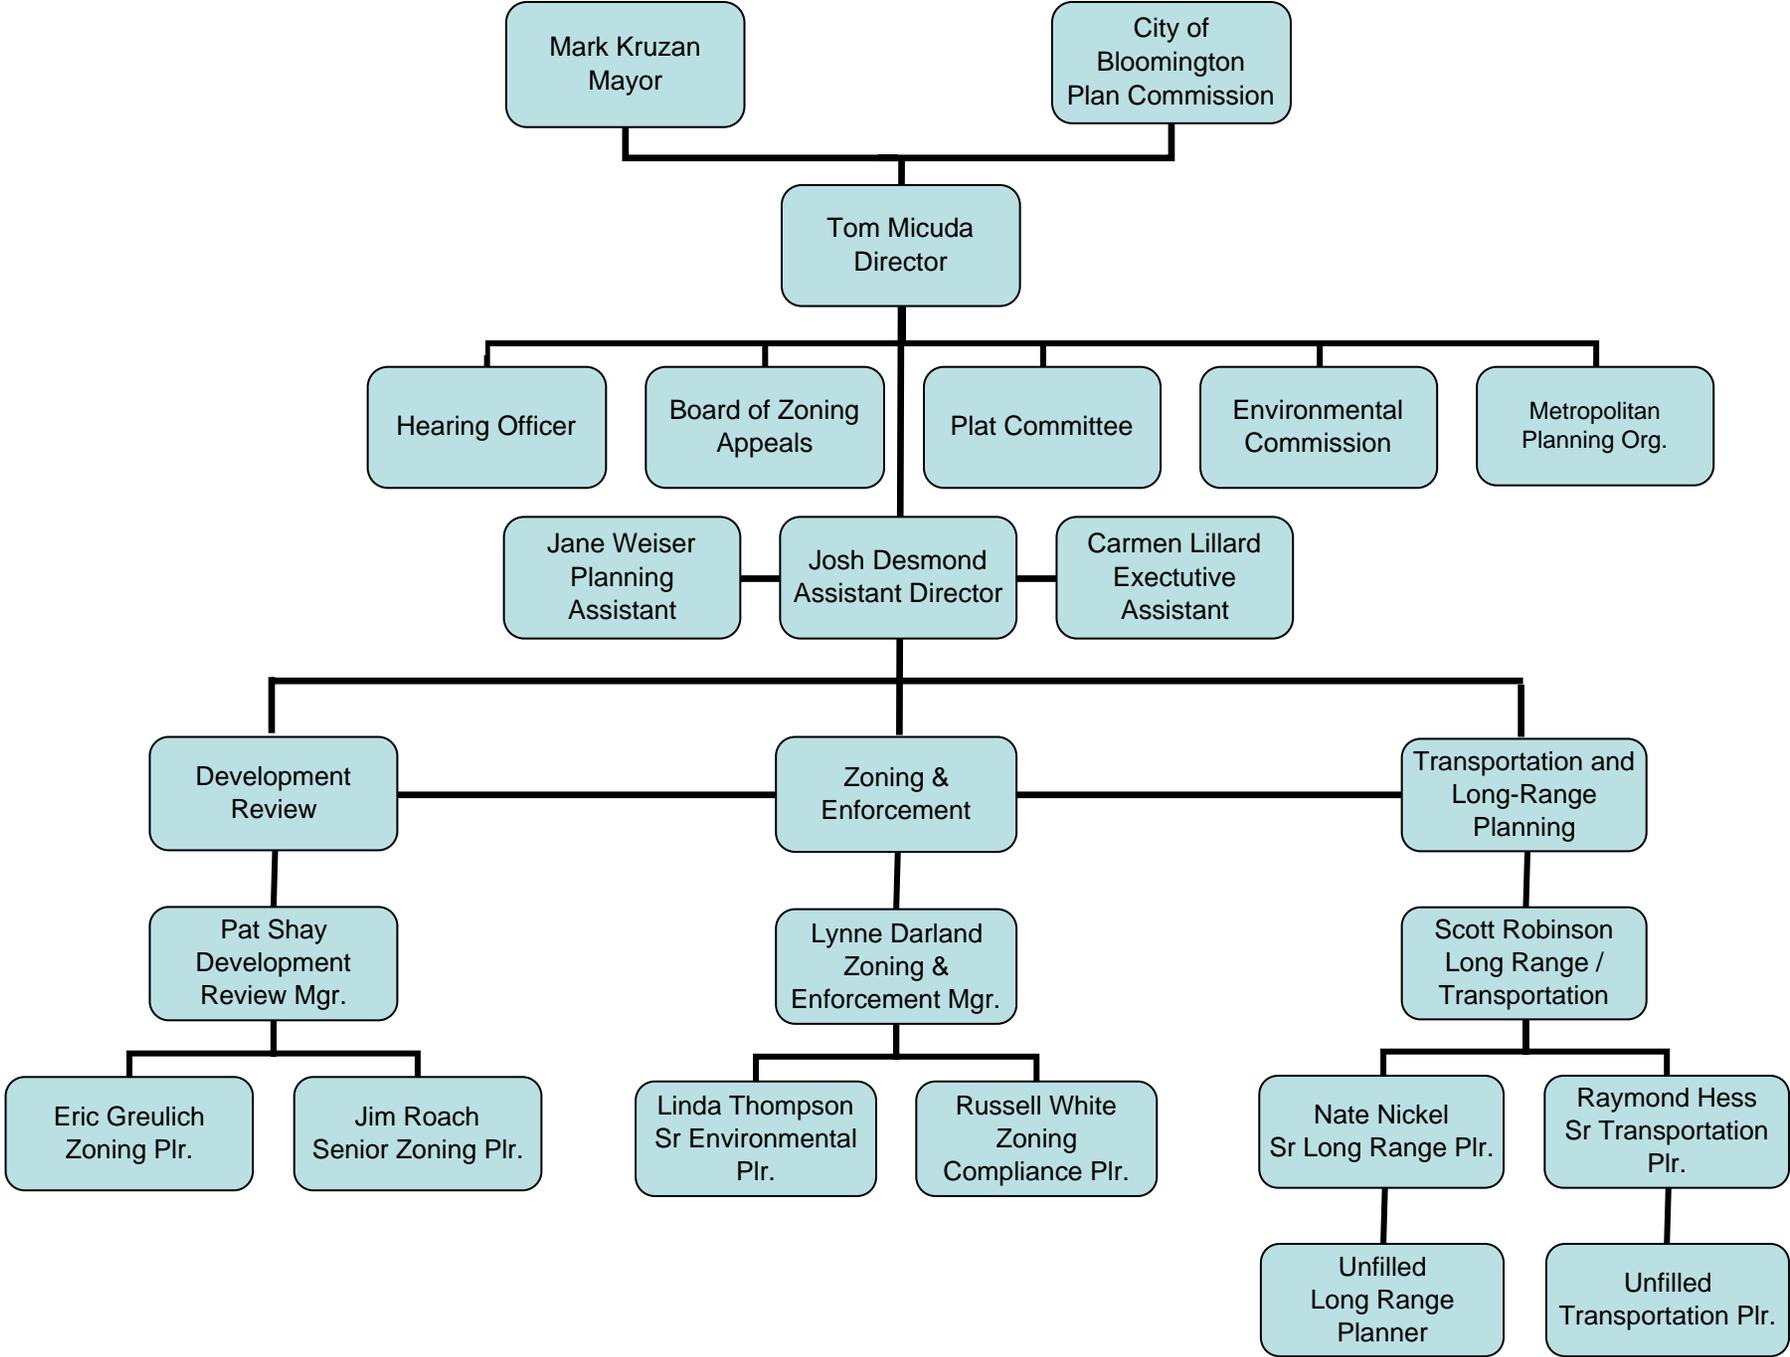

Priorities for 2011

Pending direction from the Common Council, the Planning Department is setting the following priorities for 2011:

- Emphasize Proactive Long Range and Transportation Planning – Updating both the GPP and LRTP will require a tremendous Planning staff effort as well as close coordination with the Administration, Common Council, and key boards and commissions. The goal is to gain adoption of vision statements for both documents as well as set the stage for the plan development process in 2012.
- Adopt Revisions to the UDO to further sustainability practices – The Planning Department anticipates submitting amendments to both the UDO's Green Building Incentives and Urban Agriculture provisions during the 2011 calendar year.
- Work closely with the Common Council's Platinum Biking Task Force to complete its work on schedule and advocate for the implementation of recommendations designed to increase the City's rating as a Bicycle Friendly Community.

Conclusion: The Planning Department welcomes the Common Council's input on the 2011 priorities outlined in this memo and requests a positive recommendation on the department's 2011 budget request.

Memorandum

To: Members of the City of Bloomington Common Council
From: Michael Diekhoff, Chief, Police Department
Date: August 26, 2010

Thank you for the opportunity to present to you the 2011 budget request for the City of Bloomington Police Department. Our mission is to safeguard life and property while respecting diversity, encouraging civility, solving problems and maintaining a high standard of individual integrity and professionalism. I, along with my administrative staff, am always looking for ways to improve our policing services to make sure they adhere to the highest standards of integrity and quality and reflect the needs of the citizens of Bloomington.

In the preparation of this budget we have looked at programs that are sustainable in nature that I would like to share with you. Being a department that is vehicle dependent, we are always looking for ways to reduce fuel. We have created a downtown district that has officers patrolling on foot, bike and Segways. We have implemented online reporting of crimes thus reducing the need for both officer and citizen to consume fuel driving. We have implemented new technology that allows dispatch to monitor where the police vehicles are and computers choose the closest unit to send on the call. We have converted most police vehicles so they are flex fuel capable. And lastly, we have changed the light switches in the building from keyed to non-keyed thus allowing us to turn off unneeded lights.

In looking at the strategic priorities and initiatives of the City, I have prepared this budget to contribute to and add upon those priorities.

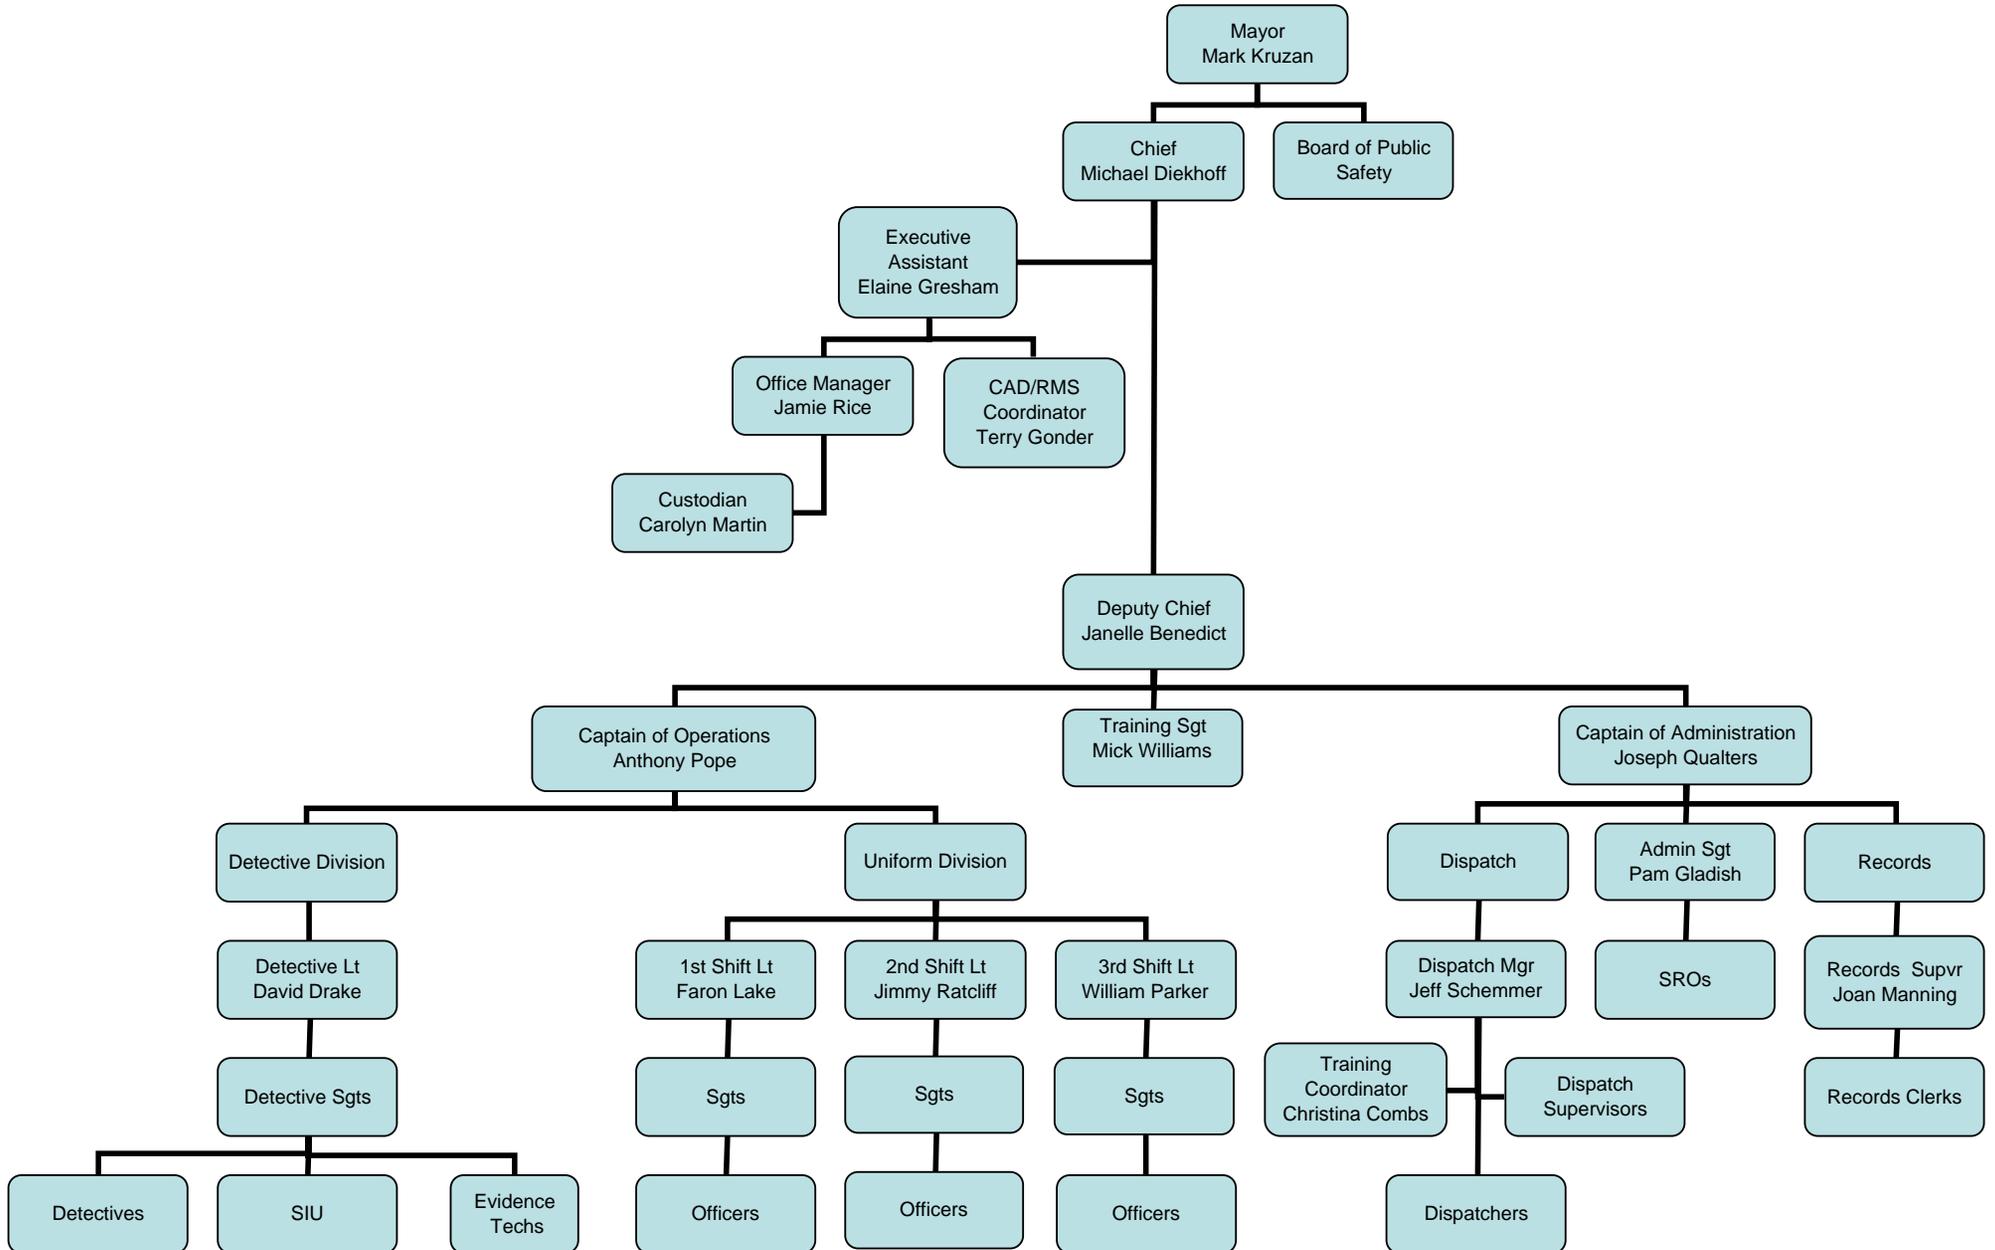

Community Commerce addresses the needs of our local economy. A safe place to conduct business is crucial to a strong and vibrant local economy and high quality of life for our residents. Public safety is a critical part of keeping the economy running safely and effectively. Police officers on the street are paramount to meeting this need. The City of Bloomington Police Department has requested an additional two officers in the 2011 budget. This will bring us to 97 officers, taking us just three away from the Mayor's plan for 100 Officers. By allocating resources to address the needs of our department effectively, we will be able to serve the business community more efficiently.

Community Collaboration is an excellent way to get involved in what's going on. By increasing our efforts with neighborhoods we will be able to further help them address the issues that affect them. Using simple social networking technology like Facebook allows us to keep the community better informed on what we are doing and gives them a direct link to the police department. We currently are reviewing how we interact with our schools and will continue programs like "Cops in School" and are working on new and improved programs that will help us breakdown communication barriers between officers and students.

Community Condition really goes to the heart of public safety. Police protection initiatives like replacing all of the in-car video recording systems so that important evidence can be collected and used are examples addressed in the City's Strategic Plan and will be directly impacted by this budget.

Community Character is what sets Bloomington apart from other communities. As a community, we must safeguard, enhance and celebrate what is special about Bloomington, and as government, we must protect and promote our uniqueness. Supporting public safety insures that we will continue to have the type of community character that makes Bloomington special. By supporting this budget request you will accomplish this task.

Memorandum

To: Members of the City of Bloomington Common Council
From: Susie Johnson, Director, Department of Public Works
Date: July 14, 2010

The staff of the Department of Public Works understands that many of the decisions we make now leave a legacy for future generations. We know what we plan and build today will be with us for decades to come. We realize those plans, and the infrastructure we build, must make Bloomington a better, more vibrant community that is less reliant on fossil fuels on more reliant on our own local resources.

Therefore, there are many elements of sustainability infused into the Public Works request. Here are highlights of these elements as well as the major 2011 goals for each division:

Public Works –

This budget request includes funding for many transportation initiatives that are guided by the award-winning Complete Streets Policy. These projects include: planning and design for the Arlington and 17th Street intersection; the Tapp and Rockport intersection; and, in partnership with Monroe County, design improvements to Old State Road 37 North, north of Dunn Street. Each of these projects, as outlined in the Complete Streets Policy, will include improvements for vehicular, bicycle and pedestrian traffic.

The 2011 budget request also includes \$225,000 for the Council Sidewalk fund to create pedestrian connections where they are often most needed.

State code allows municipalities to utilize capital funds to acquire Police vehicles. The 2011 budget request includes funds to acquire six Police vehicles. We estimate these vehicles at \$28,000 each.

Lastly in 2011, Public Works will be responsible for paying for the City's portion of the 2011 election, which the County Clerk has estimated at \$220,000.

Sanitation –

In 2011 we are requesting no additional operational funds in 2011. Our substantial requests include funding for fuel, printing and mailing of our annual informational magnet, and tipping fees.

Facilities –

This budget request is built with sustainability as the guiding principal. Our request includes a variety of supplies such as plumbing supplies, light bulbs, cleaning supplies, trash bags, audiovisual supplies and surge protectors. We are budgeting for a 10% energy rate increase from Duke Energy. We are requesting \$111,000 for our cleaning contract. This provides cleaning services for City Hall, Street Dept., Traffic and Sanitation. The budget requests includes funding for HVAC and alarm contracts, fire suppression and portable extinguisher maintenance. This year we are requesting an additional \$5,000 to contract some additional snow removal from sidewalk approaches and handicapped entrances in the Downtown area.

In 2010 Facilities has moved forward with implementation of the Green Building Ordinance (GBO), which requires one building per year undergo a LEED assessment. The GBO sets out a schedule that requires us to have one building per year assessed beginning in 2011. However, in 2010 we will complete a LEED-EB assessment on City Hall, and we will make improvements that come from that assessment, putting the City well ahead of that schedule.

In addition to the GBO accomplishments, we continue to work on optimizing our building(s) performance. One great success in our facility management plan is at the Sanitation Garage. Natural gas usage went from 1,529 CCFs of natural gas in December 2009 to 702 CCFs in the same period of 2010. This is a 54% savings.

Fleet –

This budget focuses on maintaining the equipment and vehicles already in our inventory. By taking excellent care of what we already have, the focus on sustainability is always at the forefront.

In 2011 we need to replace our current fuel dispensers. The current dispensers are obsolete and often replacement parts are not available and the pumps have to be shut down. Our budget request for replacement is \$35,000. Other significant requests include tires, fuel and automotive parts.

In 2010 Fleet oversaw the acquisition of 69 new vehicles and in 2011 will again take the lead in acquisition for new vehicles. It should be noted that a large percentage of the City's fleet is made up of commercial vehicles used to build and maintain the City's infrastructure. These commercial vehicles are not available with hybrid technology. There are some pickup trucks on the market with hybrid technology, however these trucks are high-end models and not appropriate as a work truck. As passenger vehicles are purchased, we give priority to hybrid technology.

Public Works recently created a vehicle pool for use by City employees in the course of carrying out City business. This has been very successful. We anticipate replacing two of the four pool vehicles in 2011, and they will be replaced with hybrid passenger cars. We also plan to add two bicycles to the pool to further our commitment to sustainability.

Traffic –

Significant requests include pavement-marking supplies, which include materials for bicycle lane and pedestrian crossings making it easier and more comfortable for our citizens to use a variety of transportation. The Traffic budget also covers our energy bills for streetlight and signal energy consumption and our pavement-marking contract.

We are also requesting \$12,000 to install battery back-up technology on signals at 2nd and Patterson and 3rd and Patterson. Battery backup technology allows signals to operate when the power is out. This is a very real safety improvement, and during a storm it keeps a Police officer from having to direct traffic.

Street –

This request furthers our goal of taking care of existing road and sidewalk infrastructure and includes funding for deicing material, asphalt and concrete supplies. We are also requesting funding to continue our preventative maintenance program by crack sealing existing pavement and repairing existing brick streets.

Parking Enforcement –

Significant requests include funding for an additional school crossing alert device for the Rogers/Binford School at 1st and High. This makes walking to school much safer for the children in this neighborhood and will hopefully result in fewer automobile trips to the school. We are also requesting \$748,734 for lease payments on Garage Band and Garage Market and \$375,000 for our management agreement with REI.

Engineering –

This request is primarily directed to salaries. The City Engineering staff champion the Complete Streets policy and have been key to putting Bloomington on the map as one of the most progressive communities in Indiana.

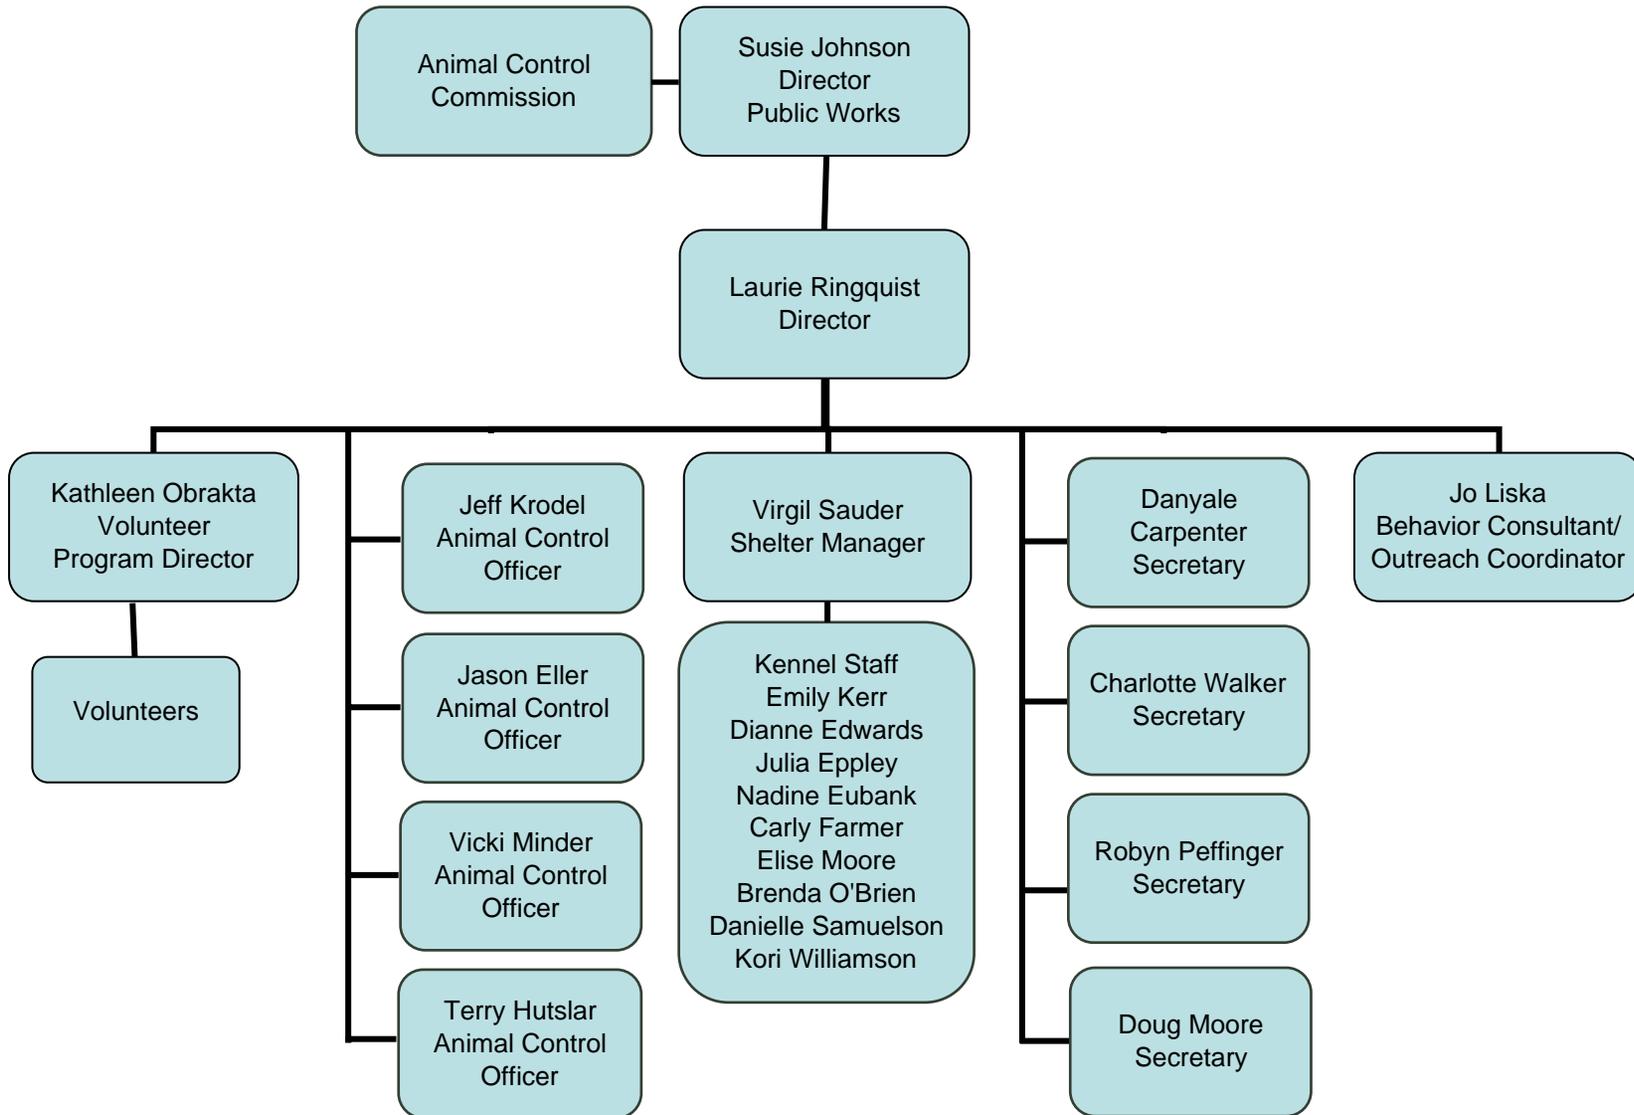

Animal Care and Control –

This budget furthers our ability to care for our community's abandoned animals. Our program is considered a leader in the state and often called upon by other communities for advice and assistance. This year's budget has held the line with some very minor exceptions. We are requesting an additional funding to replace some deteriorated cat kennels, and we would like to add one additional computer and printer. The base requests include funding for food, vaccines, medications, spay/neuter surgeries, emergency vet visits and other medical services.

A question often asked during the budget hearing is the number of animals taken in. In 2009 Animal Care and Control took in 4,561 animals, 1,894 were from Monroe County, 1,761 were from inside the City of Bloomington and 906 were out of county animals. We will continue to monitor this and keep the Council apprised.

Thank you for consideration of the 2011 Public Works Department proposal.

Memorandum

To: Members of the City of Bloomington Common Council
From: Patrick Murphy, Director, Utilities Department
Date: July 14, 2010

The City of Bloomington Utilities Department employed zero-based budgeting techniques to evaluate and define costs for the 2011 Budget Proposal. The Utilities Department closely examined expenses and revenues and focused on rising variable costs.

The proposal includes an increase in revenue projections for CY 2011 based on the rate adjustment approved by the City Council. Revenue growth potential in CY 2011 is estimated to exceed CY 2010 by twenty percent. Expenses for CY 2011 are estimated to be the same as actual expenses incurred for CY 2009.

CBU's 2011, zero-based budget addresses expenditure trends and allows the department to focus resources, meet goals, and continue to improve Community Commerce, Community Collaboration and Community Condition through fiscally responsible management. As the utility moves forward to 2011, several initiatives are being carried out in conjunction with the recent rate adjustment, the Defining Prosperity Report and the Strategic Plan.

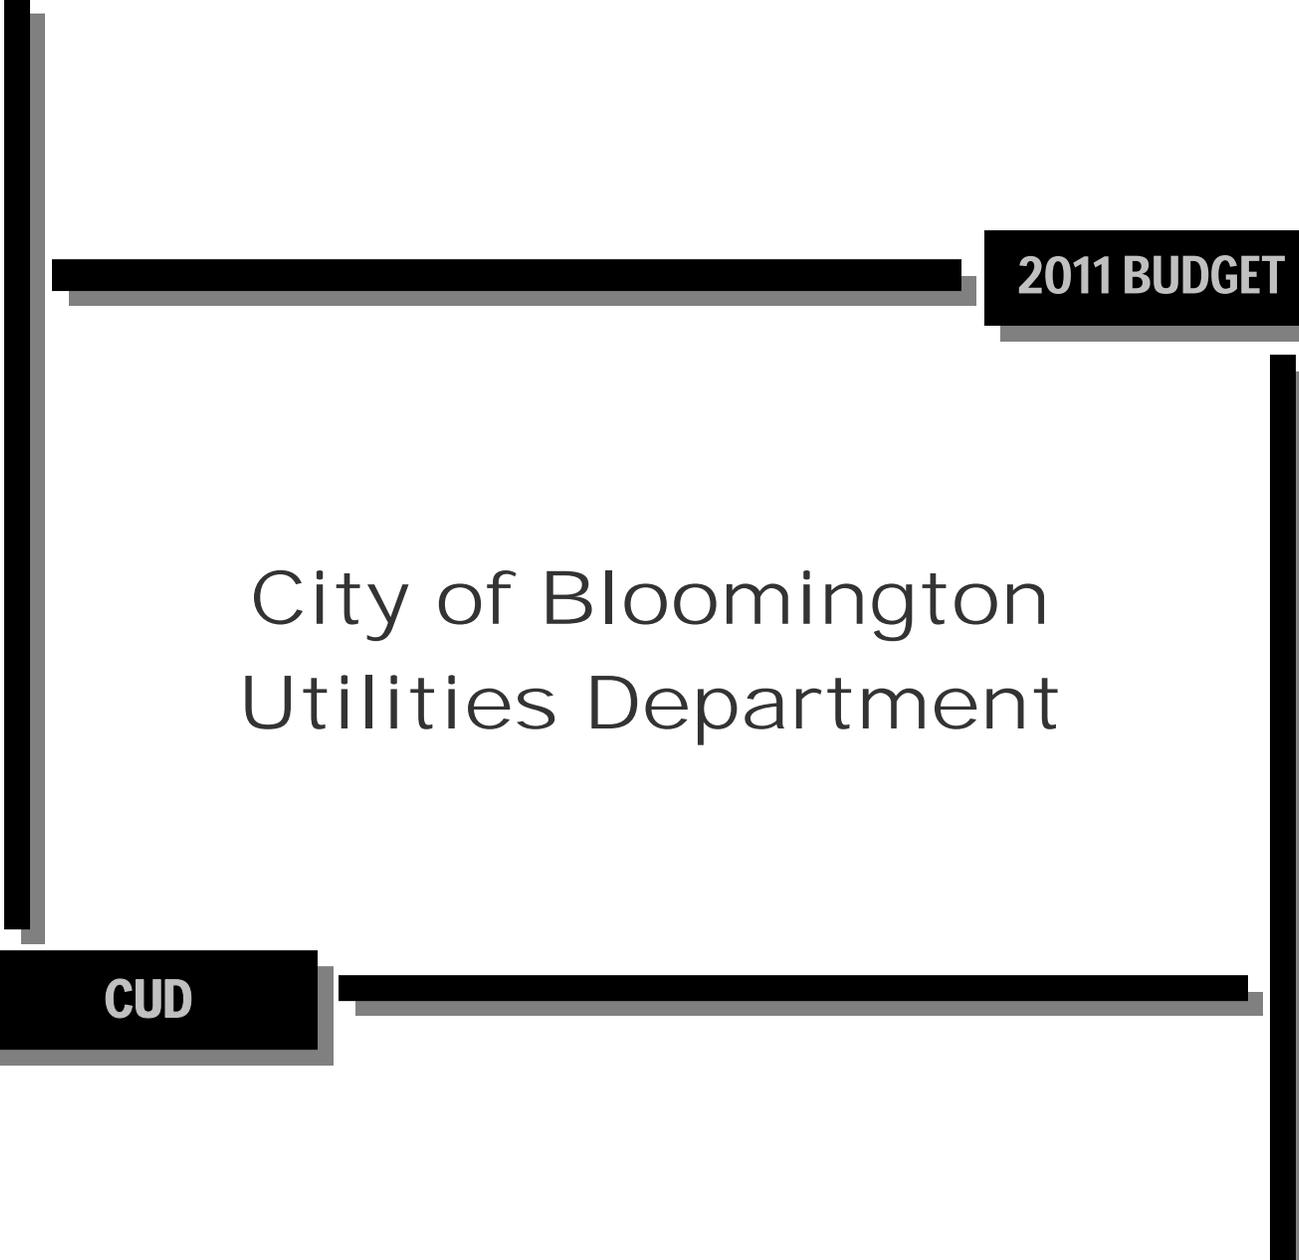

The 2011 budget includes the creation of the Conservation and Education Coordinator position. The primary objective of the position is to educate and equip customers to conserve the community's limited and valuable water resources. The Conservation and Education Coordinator will collaborate with local groups and other stakeholders in Indiana to help protect and preserve Bloomington's drinking water source. The coordinator will implement and follow IDEM's Source Water Assessment for Monroe Reservoir. The Conservation and Education Coordinator will collaborate with local groups and businesses to provide rain barrels, low-flow showerheads, and other conservation initiatives.

The Utility will implement several new programs in 2011, such as an Energy Management Team (EMT) and a Water Management Team (WMT). The EMT will coordinate the activities of reducing energy demands and costs at our water and wastewater facilities. The EMG will work in partnership with EPA on an Energy Pilot Program to evaluate current and future fuel alternatives. The EMT will explore better uses of bio-solids from the wastewater treatment facilities and evaluate the feasibility of sludge-to-biogas operations. The WMT will evaluate the community's water uses and recommend Best Management Practices to maximize water efficiency or minimize water use. In addition, the WMT will implement an aggressive

leak maintenance program to address water leaks and preserve assets. This budget reflects the Utility's ongoing commitment to invest in infrastructure and keep it updated.

As part of the rate adjustment, the Utility proposes expanding the eligibility requirements for the assistance program administered by the South Central Community Action Program (CAP). The program provides financial support to customers experiencing financial difficulties.

This budget proposal reflects the Utility's continued commitment to implement Best Management Practices, provide quality services and increase environmental stewardship.

2011 BUDGET

City of Bloomington
Utilities Department

CUD

Combined Budget

The Operations & Maintenance portion of this proposal combines Water, Wastewater, and Stormwater expenses to simplify the format and make changes more transparent. Detailed listings for each utility have been included at the end of the proposal.

A GUIDE TO LINE ITEMS

Salaries & Wages – Employees

This line includes the salaries and wages for all departmental employees. It combines all types of employees (full-time, part-time) and all types of pay (regular-time, over-time, holiday-pay).

Salaries & Wages – Officers & Directors

This line includes the salaries and wages for the Utilities Service Board, Director, and Deputy Director. In the past, this expense has been distributed across all departments. As a result of the 2005 budget reorganization, this line will only appear in the director (11) and the Utility Service Board's (12) budget.

FICA

This line represents the federal payroll tax which includes Social Security and Medicare. It is equal to 7.65 percent of the total salaries and wages. In the past, this line has been distributed proportionally to each department. In accordance with the Indiana Utility Regulatory Commission's (IURC) accounting guidelines, the full amount is now represented under the Utility Service Board's (12) budget.

Pensions & Benefits

This line represents PERF benefits, health insurance, and life insurance. The PERF portion is equal to 11.0 percent of the total salaries and wages. The amounts for health and life insurance have been supplied by the City of Bloomington Controller and are subject to change. In the past, this line has been distributed proportionally to each department. In accordance with the IURC's accounting guidelines, the full amount is now represented under the Utility Service Board's (12) budget.

Chemicals

Most departments do not incur expenses for chemicals. For those that do (41, 42, 51, & 61), this line includes chemicals such as:

Alum

Fluoride

Polymer

Potassium Permanganate

Muratic Acid

Sodium Bisulfite

Sodium Hypochlorite

Aqua Ammonia

Sodium Hydroxide

Materials & Supplies

This line is very broadly defined. It includes any expendable items such as paper, light bulbs, gloves, etc. It also includes repairs and maintenance of structures and treatment equipment. Purchased items that are not considered capital outlays are included here. This line item also includes materials and supplies for:

Lines	Engineering & Survey Equipment
Services	Pumping Equipment
Meters	Treatment Equipment
Hydrants	Records & Collection Statements
Meter Reading	Office Supply Expenses
Structural Improvements	General Plant Maintenance

Furniture & Fixtures

Computer equipment, office furniture & equipment, and the cost of maintaining these items appear in this line.

Liability Insurance

This line represents the liability insurance that CBU is required to carry. This amount is supplied by the City of Bloomington Controller and is subject to change.

Purchased Water

This line only appears under the Monroe Treatment Plant. It is the cost of water purchased from the Army Corps of Engineers.

Purchased Power

This line is CBU's electricity bills. It is included only for departments where large amounts of power are utilized such as the Monroe, Dillman, & Blucher Poole Treatment Plants and the Booster & Lift stations. The CBU's General Ledger divides these expenses between pumping, treatment, and general power expenses.

Utilities General

This line includes all utility bills other than electricity, such as telephone, cell phones, pagers, internet service bills, sewer and water, and natural gas.

Contracted Labor

This line includes cost for temporary employees. Due to changes in the City of Bloomington's policies concerning temporary employees, CBU no longer employs any temporary employees.

Sludge Removal

This line includes the cost of removing sludge at the wastewater treatment facilities. It should be noted that some portion of the total sludge removal expenses is distributed throughout Salaries & Wages and Materials & Supplies.

Training

This line consists of expenses attributed to continuing education and travel.

Contracted Services

This item includes professional services procured by CBU.

In Lieu of Taxes

This line is part of the interdepartmental agreement. It is CBU's contribution to the Civil City in lieu of property tax revenue. The amount is based on CBU's total fixed assets within the City limits. This expenditure is charged to the Utility Service Board's (12) budget.

Interdepartmental Expenditures

This line accounts for funding agreements made between CBU and the Civil City. This payment is designed to reimburse the Civil City for the services it provides to CBU. It includes services such as Information Technology (ITS), legal, risk management, and the Office of the Controller. This expenditure is charged to the Utility Service Board's (12) budget.

Bond Issuance Cost

This line item represents the cost of issuing bonds and is found in the director's budget.

Transportation

This line is the Fleet Maintenance bill that is paid to the Civil City each year. It is comprised of vehicle repair and fuel costs. It is divided among the various departments according to the number and value of the vehicles assigned to each department.

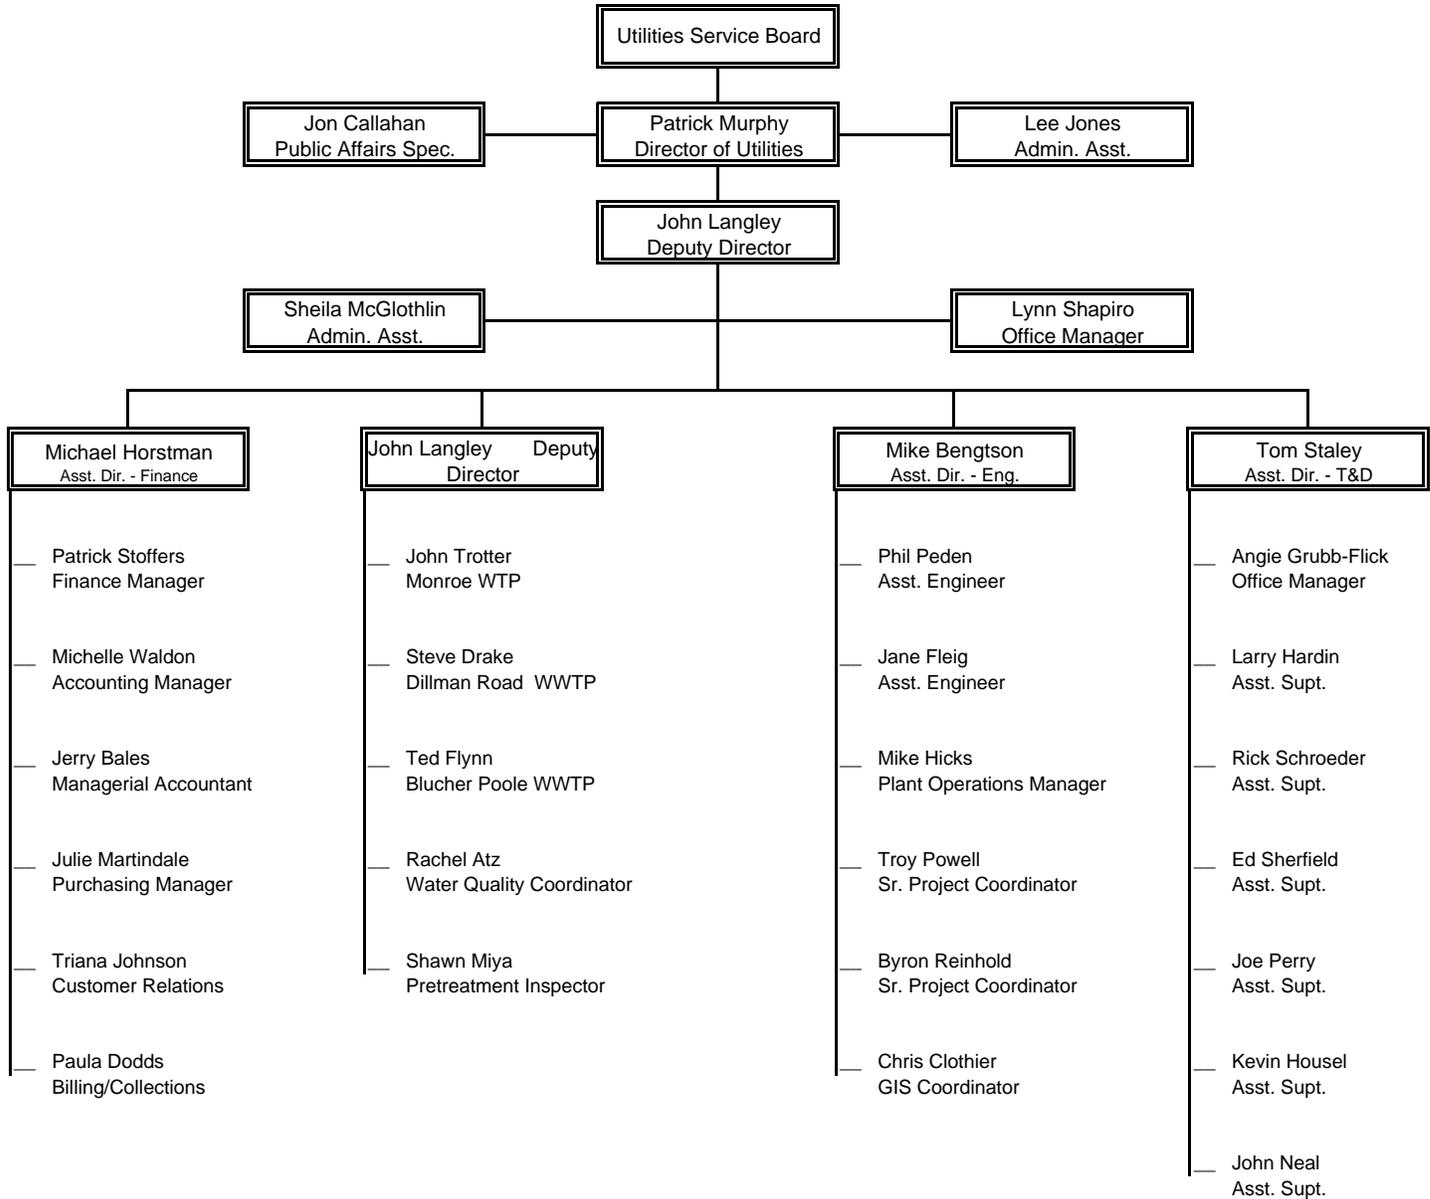

Miscellaneous Expenses

This line includes a wide variety of expenses. It is mostly comprised of shipping fees, mandated expenses for drug testing, obsolete inventory costs, credit card fees, and lien filing fees

Equipment

This line includes all equipment purchases to be paid from operating funds that meet the criteria for capitalization. All equipment purchases that exceed \$10,000 will be capitalized.

City of Bloomington Utilities Department Organization Chart 2010

Utilities Department: Program Narrative and Accomplishments

Program / Service

Utility Service Board

Program Description: The USB has broad oversight of CBU policies and activities and is governed by nine members, four appointed by the Mayor, three appointed by the Common Council and two serving in an ex-officio capacity representing the interests of the Council and the Mayor.

Administration

Program Description: CBU Administration oversees the day to day operation of all CBU departments. The Director develops policy with the Utilities Service Board and the Mayor and is directly responsible for implementing that policy.

Includes: 63: Griffey Reservoir
64: Lake Lemon

Accounting

Program Description: The Accounting Dept. has five primary responsibilities including income tracking, operation and maintenance, accounting, debt management, and capital financing. Accounting is responsible for the processing of all daily financial transactions of the Water, Wastewater and Stormwater Utilities, including the daily deposits and reconciliation of revenues; processing, paying and reporting CBU payroll; and processing and paying for CBU expenditures.

Purchasing

Program Description: Purchasing and Materials Management provides all CBU departments with overall procurement services. This includes purchasing, inventory and facilities management, warehousing, records retention, mobile devices, fleet inventory, courier services, master key management, surplus, and equipment accountability. Purchasing strives to purchase the best quality of goods and services at the lowest price to meet CBU goals.

Utilities Department: Program Narrative and Accomplishments

Program / Service

Customer Relations

Program Description: The Customer Relations Dept. seeks to provide the best possible service to CBU customers. This includes assisting customers with starting and stopping water and wastewater service, making sure that paperwork is completed correctly, assisting customers on the phone and in person with billing questions or concerns, selling septage tickets to waste haulers for dumping at Dillman WWTP, assisting customers with paperwork for new service, and working closely with the engineering, T&D and meter services regarding new services.

Billings and Collections

Program Description: Processes and manages all collections (collection of outstanding debt) due to CBU; establishing customer payment plans; billing, address changes and online payments through Aqua-Pay; and the processing of adjustments, lien letters and NSF items. These tasks are completed through data entry and the maintenance of electronic and paper files.

Engineering

Program Description: The Engineering Dept. is responsible for engineering oversight for design construction and maintenance of all water, wastewater, and storm sewer pipelines that are owned, or will be owned, by CBU. Other functions include maintaining informational databases for CBU pipelines; computer mapping of all CBU pipelines; calculating appropriate service pipe sizes to be installed; issuing permission for service connections to CBU wastewater and water mains; keeping records on and securing needed easement rights and property ownership for all CBU projects; providing long-range planning vision and involvement in the budget process to ensure infrastructure improvements can be made; and interacting with and providing information to the general public, engineers, architects, designers, other City departments and governmental agencies.

Utilities Department: Program Narrative and Accomplishments

Program / Service

Blucher Poole WWTP

Program Description: Blucher Poole wastewater treatment plant is responsible for treating wastewater generated in the northern part of the Bloomington collection system. Employees strive to maintain levels of discharges lower than those required by the state and produce a safe byproduct of operations for disposal (sludge). Blucher Poole employees work within CBU budget guidelines to maintain an above average level of performance.

Dillman Road WWTP

Program Description: Dillman Road is Bloomington's largest wastewater treatment plant, processing an average of 9.5 million gallons per day. Both wastewater plants are monitored by the State of Indiana for compliance with their respective NPDES permits.

Laboratory

Program Description: The Dillman Road Laboratory is a key component of the department's environmental compliance program. The laboratory either conducts or arranges testing for all water and wastewater programs. The Laboratory Director works closely with the Utilities Director and Deputy Director to resolve regulatory and environmental policy issues.

Monroe

Program Description: The Monroe Water Plant is the primary source of drinking water for Monroe County. Ten rural water corporations rely on CBU for water. Monroe employees conduct laboratory analyses, operate and maintain the system to ensure reliable delivery of high quality water.

Utilities Department: Program Narrative and Accomplishments

Program / Service

T & D

Program Description: The Transmission and Distribution Dept. is responsible for maintenance and installation of water and wastewater lines throughout the service area. T&D also installs and reads meters, initiates and terminates water service to customers and troubleshoots customer complaints. T&D manages the department's communications operators who respond to customer telephone calls. Typical activities in the Communications Dept. include scheduling after hours emergency work and responding to calls for services from other city departments (Street, Public Works, Animal Shelter) and the American Red Cross.

Includes: 71: Transmission & Distribution 75: Meters
 72: Booster stations 95: Communications
 73: Lift stations

Stormwater

Program Description: The Stormwater system is comprised of about 14 miles of roadside ditches, open channels and natural streams, 66 miles of small diameter collection pipes with inlets and 26 miles of large diameter culverts and tunnels.

This cover memo lists the budget-related legislation and the supporting material for the budget year 2011. It also tells you whether the legislation and material are in this packet, the weekly Council packet, or will come later. Please keep this material throughout the remainder of the hearings.

2011 BUDGET RELATED ORDINANCES INCLUDED IN THIS PACKET AND SCHEDULED FOR FIRST READING AND DISCUSSION ON SEPTEMBER 1st AND FINAL ACTION ON WEDNESDAY, SEPTEMBER 15th:

1. Appropriation Ordinance 10-02 An Ordinance for Appropriations and Tax Rates (Establishing 2011 Civil City Budget for the City of Bloomington)
 - State Form 4, Form 3 (Advertised Budget Estimate); Form 4-A; Form 4-B; and Form 2
 - Spreadsheet from Mike Trexler, Controller (Indicating Changes in the Budget)
2. Appropriation Ordinance 10-03 An Ordinance Adopting a Budget for the Operation, Maintenance, Debt Service and Capital Improvements for the Water and Wastewater Utility Departments of the City of Bloomington, Indiana for the Year 2011
3. Ordinance 10-09 An Ordinance Fixing the Salaries of Officers of the Police and Fire Departments for the City of Bloomington, Indiana, for the Year 2011
 - Memo from Daniel Grundmann, Director of Employee Services
4. * Ordinance 10-10 An Ordinance Fixing the Salaries of Appointed Officers, Non-Union and A.F.S.C.M.E. Employees for All the Departments of the City of Bloomington, Monroe County, Indiana, for the Year 2011
 - Memo from Daniel Grundmann, Director of Employee Services
 - * *This ordinance includes salaries for Utilities and Civil City and covers all appointed officials, non-union employees, and AFSCME employees for the entire City.*
5. Ordinance 10-11 To Fix the Salaries of All Elected City Officials for the City of Bloomington for the Year 2011
 - Memo from Daniel Grundmann, Director of Employee Services
6. Ordinance 10-12 An Ordinance Reviewing and Adopting the Budget of the Bloomington Public Transportation Corporation for the Year 2011
 - Transit Memo and Budget
 - Department of Local Government Finance Forms 3, 4A, 4B & 2

ANCILLARY LEGISLATION SUBMITTED ALONG WITH FOREGOING BUDGET LEGISLATION

1. Ordinance 10-13 To Amend Title 2 Entitled "Administration and Personnel" (Changing the Name of Chapter 2.22 from "Employee Services Department" to "Human Resources Department" and Reflecting this Change in Various Other Sections of that Title)
 - Memo to the Council

SUPPLEMENTAL MATERIAL INCLUDED IN THIS PACKET

1. Compendium of Answers to Questions Raised But Unanswered During Departmental Budget Hearings in July

Note: The Council Office:

- *Modified the form to identify the Council member who asked the question; and*
- *Provided an Addendum to address three questions not included in the Administration's response (which is located immediately after the response).*

OTHER SUPPLEMENTAL BUDGET MATERIAL PROVIDED BY THE CONTROLLER'S OFFICE (TO REPLACE WHAT IS IN THE JULY BUDGET BINDER).

1. September Budget Materials (including a revised Introduction and changes identified in the memo attached to App Ord 10-02 - above)
 - *will be available online on Friday, August 27, 2010 at <http://bloomington.in.gov/budget>; and*
 - *will be available in hard copy on Monday, August 31, at the Clerk/Council Office for public inspection and to those Council members who requested it.*

**APPROPRIATION ORDINANCE 10-02
ORDINANCE FOR APPROPRIATIONS AND TAX RATES**

Be it Ordained by the City of Bloomington, Indiana: That for the expenses of the City government and its institutions for the year ending December 31, 2011, the sums of money shown on Budget Form 4 - A are hereby appropriated and ordered set apart out of the several funds herein named for the purposes herein specified, subject to the laws governing the same. Such sums herein appropriated shall be held to include all expenditures authorized to be made during the year, unless otherwise expressly stipulated and provided for by law. In addition for the purposes of raising revenue to meet the necessary expense of city government, tax rates are shown on Budget Form 4 - B and included herein. Two (2) copies of Budget Forms 4 - A and 4 - B for all funds and departments are made a part of the budget report and submitted herewith.

**APPROVED BY:
COMMON COUNCIL**

This ordinance shall be in full force and effect from and after its passage and approval by the Common Council and Mayor.

Adopted by the following vote on September 15, 2011.

Yea
Isabel Piedmonst-Smith, President of Common Council
Timothy Mayer, Council Member
Dave Rollo, Council Member
Andy Ruff, Council Member
Susan Sandberg, Council Member
Michael Satterfield, Council Member
Chris Sturbaum, Council Member
Stephen Volan, Council Member
Brad Wisler, Council Member

Chris Sturbaum, Council Member
Stephen Volan, Council Member
Brad Wisler, Council Member

Date

Mark Kruzan, Mayor

Attest: _____
Regina Moore, City Clerk

Notice is hereby given to the taxpayers of the City of Bloomington, of Monroe Indiana, that the Common Council of the City of Bloomington at 401 North Morton Street, Bloomington on Wednesday, September 1, 2010, at 7:30 p.m. will conduct a public hearing on the budget. Following this meeting, any ten (10) or more taxpayers may object to a budget, tax rate, or tax levy by filing an objecting petition with the proper officers of the political subdivision within seven (7) days after the hearing. The objecting petition must identify the provisions of the budget, tax rate or tax levy that taxpayers object to. If a petition is filed, the political subdivision shall adopt with its budget a finding concerning the objections filed and testimony presented. Following the aforementioned meeting, the fiscal body will meet at 401 North Morton Street, Bloomington on Wednesday, September 15, 2010, at 7:30 p.m. to adopt the following budget.

BUDGET ESTIMATE

Net Assessed Valuation \$3,228,807,732

Complete details of budget estimates by fund and/or department may be seen at the City Controller's Office.

1	2	3	4	5
Fund Name	Budget Estimate	Maximum Estimated Funds to be Raised (including appeals and levies exempt from maximum levy limitations)	Excessive Levy Appeals (included in Column 3)	Current Tax Levy
General	32,156,137	18,500,000		17,083,622

Tax Increment Replacement				
TOTAL	64,846,604	25,942,897	-	24,383,956

The 2011 estimated maximum levy limitation for this unit is 23,730,324

The Property Tax Replacement Credit used to reduce the rate for this unit is zero (0).

Taxpayers appearing at the hearing shall have an opportunity to be heard. Pursuant to IC 6-1.1-17-13, after the tax levies have been determined, fixed by the appropriate governing body, and the tax rates published by the County Auditor, ten (10) or more taxpayers or one (1) taxpayer that owns property that represents at least ten percent (10%) of the taxable assessed valuation in the political subdivision may initiate an appeal from the county board of tax adjustment's action on a political subdivision's budget by filing a statement of their objections with the County Auditor. Those objecting to the levies may appeal to the Department of Local Government Finance by filing a petition with the County Auditor. The statement must be filed no later than ten (10) days after the publication of the notice. The statement shall specifically identify the provisions of the budget and tax levy to which the taxpayers object. The County Auditor shall forward the statement, with the budget, to the Department of Local Government Finance.

Date: August 18, 2010

/s/ Mike Trexler

 City Controller

MARK KRUZAN, Mayor
City of Bloomington

SYNOPSIS

This ordinance, approved by the Utilities Service Board in July of 2010 sets the water and wastewater budgets for 2011.

ORDINANCE 10-09
AN ORDINANCE FIXING THE SALARIES OF OFFICERS OF THE POLICE AND
FIRE DEPARTMENTS FOR THE CITY OF BLOOMINGTON, INDIANA,
FOR THE YEAR 2011

NOW BE IT HEREBY ORDAINED BY THE COMMON COUNCIL OF THE CITY OF BLOOMINGTON, MONROE COUNTY, INDIANA, THAT:

SECTION I A. From and after January 1, 2011, pursuant to Indiana Code § 36-8-3-3 (d), the salary and pay schedule for the officers of the Fire Department of the City of Bloomington, Indiana, shall be fixed as follows, to wit:

FIRE DEPARTMENT

<u>Job Title</u>	<u>Grade</u>	<u>Minimum</u>	<u>Maximum</u>
Chief *	12	50,376	102,282

<u>Job Title</u>	<u>Base Salary</u>
Deputy Chief – Administration	60,911
Deputy Chief – Operations	60,911
Fire Prevention Officer	52,888
Battalion Chief	56,396
Captain	51,411
Sergeant	47,757
Firefighter 1 st Class	45,943
Probationary Officer	40,774

* Salaries shown are the minimum and maximum for the job grade.

In addition to the salary and pay schedule listed above, the City shall also contribute four percent (4.0%) of the salary of a fully paid Firefighter 1st Class to the Public Employees Retirement Fund on behalf of each firefighter under the authority of I.C. § 36-8-7-8 and 36-8-8-8.

SECTION I B. Additional pay for all job positions except Chief.

Effective January 1, 2011, increases to the base salary described above on the basis of longevity, professional assignment, certification, and education shall be paid as reflected below. The maximum annual total for longevity, professional assignment, certification, and education pay under Section I B. is \$4,800.00.

Longevity:

Additional pay for longevity shall be credited on the firefighter's anniversary date of hire after the completion of years of service as reflected in the chart below.

<u>Years of Service</u>	<u>Amount</u>						
1	\$0	6	\$900	11	\$900	16	\$1,200
2	\$300	7	\$900	12	\$900	17	\$1,200
3	\$300	8	\$900	13	\$900	18	\$1,200
4	\$600	9	\$900	14	\$1,200	19	\$1,200
5	\$600	10	\$900	15	\$1,200	20+	\$2,000

Certification:

1st Master Firefighter or NFPA Advanced certification	\$300
Each additional certificate	\$100

Maximum of eight (8) certificates or \$1,000.00 shall apply. Additionally, firefighters who have achieved EMT certification shall receive an additional \$500.00 per year. Firefighters who have completed training for and are members of the Confined Space Rescue Team shall receive an additional \$300.00 per year, except for the Team Coordinator of the Confined Space Rescue

Team who shall receive an additional \$500.00 per year. Any and all certifications must be current and on file at Headquarters to receive certification pay.

Professional & Command Classifications:

Additional pay for professional and command appointments shall be as follows:

Confined Space Rescue Team Member	\$ 300
Confined Space Rescue Team Coordinator	\$ 500
Headquarters Sergeant	\$ 400
Air Mask Technician, Shift Investigator, Headquarters Captain	\$ 600
Engineer	\$ 700
Training Officer	\$ 800
Chauffeur	\$ 900
Rescue Technician	\$ 1,200
Shift Fire Inspector	\$ 1,710

Education:

Education Pay shall be paid to firefighters with advanced degrees from accredited institutions at two levels:

Level 1	Associate 2-year degree	\$ 500
Level 2	Bachelor 4-year or higher level degree	\$ 1,200

Other:

Unscheduled Duty Pay	\$25.00 per hour Minimum 2 hours - no maximum
Holdover Pay	\$12.50 per half-hour Minimum 0.5 hours - no maximum
Mandatory Training Pay	\$25.00 per hour while off duty Minimum 2 hours - maximum 8 hours
Holiday Pay	\$100 per day
Clothing Allotment	\$1,600
Reassignment Pay	\$10 per tour of duty

SECTION I C. Salary Increase for Chief

Effective January 1, 2011, subject to the maximum salaries set by this ordinance; an increase may be included in the Chief's base salary if funds permit. This increase may be some combination of market and merit components.

SECTION II A. From and after January 1, 2011, pursuant to I.C. § 36-8-3-3 (d), the salary and pay schedule for the officers of the Police Department of the City of Bloomington, Indiana, shall be fixed as follows, to wit:

POLICE DEPARTMENT

<u>Job Title</u>	<u>Grade</u>	<u>Minimum</u>	<u>Maximum</u>
Chief *	12	50,376	102,282

<u>Job Title</u>	<u>Base Salary</u>
Deputy Chief	60,285
Captain	57,850
Lieutenant	56,355
Supervisory Sergeant	54,853
Senior Police Officer	48,566
Officer First Class	46,300

* Salaries shown are the minimum and maximum for the job grade.

In addition to the salary and pay schedule listed above, the City shall also contribute four percent (4%) of the salary of a fully paid Officer First Class to the Public Employees Retirement Fund on behalf of each police officer under the authority of I.C. § 36-8-6-4 and 36-8-8-8.

SECTION II B. Additional pay for all job positions except Chief.

Effective January 1, 2011 a Unit Pay Plan shall provide increases to the base salary described above on the basis of longevity, professional assignment, certification, and education as reflected below. The maximum annual total for Unit Pay under Section II B. is \$4,800.00.

1 unit = \$100.00

Longevity:

1 year = 1 unit.

Units are added after completion of each calendar year of employment.

Maximum of 30 units.

Training:

20 hours per year = 1 unit.

Training must be completed during the year for credit on next year's pay. Credit for training is not cumulative.

Professional & Command Classifications:

Professional pay is divided into two levels:

Category 1 = School Liaison Officer, Training Instructor, CIRT Officer, Hostage Negotiator, Breath Analyzer, Canine Officer, Bike Patrol, Dive Team, Narcotics Officer, Motorcycle Patrol, Civil Disturbance Unit, Accident Reconstructionist, Honor Guard, and Drug Recognition Expert.

Category 2 = Detective, Field Training Officer

Value of each level:

Category 1 = 5 units

Category 2 = 7 units

Employee must maintain and/or hold classification to keep units and associated pay.

Education:

Education pay divided into three levels:

2 year degree = 6 units

4 year degree = 12 units

Masters, Law, or Doctorate degree = 16 units

Other:

Unscheduled Duty Pay \$33.00/hour with a one & one half hour minimum

Clothing Allotment \$1,600

Shift Pay Differential:

Afternoon Shift \$16/week

Night Shift and High Intensity Patrol \$20/week
Senior Shift Assignment \$30/week

SECTION II C. Salary Increases for Non-Union Employees

Effective January 1, 2011, subject to the maximum salaries set by this ordinance; an increase may be included in the Chief's base salary if funds permit. This increase may be some combination of market and merit components.

SECTION III. The rates shown as wages and salaries for the positions listed above are maximum rates.

SECTION IV. This ordinance shall be in full force and effect from and after its passage by the Common Council and approval by the Mayor.

PASSED AND ADOPTED by the Common Council of the City of Bloomington, Monroe County, Indiana, upon this _____ day of _____, 2010.

ISABEL PIEDMONT-SMITH, President
Bloomington Common Council

ATTEST:

REGINA MOORE, Clerk
City of Bloomington

PRESENTED by me to the Mayor of the City of Bloomington, Monroe County, Indiana, upon this _____ day of _____, 2010.

REGINA MOORE, Clerk
City of Bloomington

SIGNED and APPROVED by me upon this _____ day of _____, 2010.

MARK KRUZAN, Mayor
City of Bloomington

SYNOPSIS

This ordinance sets the maximum salary rates for all sworn fire and police personnel for the year 2011 in accordance with Council-approved collective bargaining agreements.

Memorandum

To: City Council members
From: Daniel Grundmann, Employee Services Director
CC: Dan Sherman, Council Attorney
Mayor Kruzan; Deputy Mayor Maria Heslin; Mike Diekhoff, Police Chief;
Roger Kerr, Fire Chief; Kevin Robling, Corporation Counsel; Mike Trexler, Controller
Date: August 20, 2010
Re: 2011 Police and Fire Salary Ordinance (Ordinance 10-09)

Attached to this memo is a copy of the 2011 Police and Fire Salary Ordinance. The contents are the result of negotiations between the City of Bloomington and both the Bloomington Metropolitan Firefighters Local 586 and the Fraternal Order of Police (FOP) Lodge 88.

While the four-year FOP collective bargaining agreement (CBA) applies from 2007-2010, collective bargaining is currently in process for 2011 and beyond. Though we fully anticipate successfully completing negotiations in the near future, a new collective bargaining agreement has not been reached at the time the salary ordinance is scheduled for submission. Any resulting, relevant changes to the ordinance will be made by amendment in the future. Hence, no changes are reflected in the Police Department portion of this ordinance.

For the firefighters, Firefighter 1st Class, Sergeant, and Captains will receive a 3.0% increase and the rates will be \$45,943, \$47,757, and \$51,411 respectively. As is consistent with past practice and in order to avoid exacerbating issues of wage compression, remaining positions will also receive a 3.0% increase with the exception of the Fire Chief, who is compensated according to the non-union compensation plan. Additionally, in accordance with the collective bargaining agreement, PERF contributions remain 4.0%.

The salary ordinance also includes unit compensation for longevity, education, certification, training, and other miscellaneous qualifications defined by and provided for in the collective bargaining agreements.

We respectfully request your approval. Please contact me at 349-3578 if you have any questions or comments prior to the meeting.

ORDINANCE 10-10

AN ORDINANCE FIXING THE SALARIES OF APPOINTED OFFICERS, NON-UNION AND A.F.S.C.M.E. EMPLOYEES FOR ALL THE DEPARTMENTS OF THE CITY OF BLOOMINGTON, MONROE COUNTY, INDIANA, FOR THE YEAR 2011

BE IT HEREBY ORDAINED BY THE COMMON COUNCIL OF THE CITY OF BLOOMINGTON, MONROE COUNTY, INDIANA, THAT:

SECTION I. From and after the first day of January 2011, the salary and pay schedule for the following appointed officers and employees of the City of Bloomington, be fixed as follows:

SALARY SCHEDULE AS PRESENTED BY MAYOR MARK KRUZAN TO THE COMMON COUNCIL OF THE CITY OF BLOOMINGTON:

I, Mark Kruzan, Mayor of the City of Bloomington, Indiana as required by Indiana Code § 36-4-7-3, hereby fix the salaries and pay schedule for the following appointed officers and employees of the City of Bloomington, Indiana, beginning January 1, 2011, and continuing thereafter until duly changed, and request that such salary rates be approved by the Common Council of said city.

In addition to the salaries of appointed officers and employees of the Civil City, this ordinance also contains the salaries of the appointed officers and employees of the City Utilities Department which have been approved by the Utility Services Board pursuant to Indiana Code § 36-4-7-3.

For employees not covered by a collective bargaining agreement (non-union), the maximum rates listed below reflect the maximum annual salary for each job grade for a regular full-time employee. These ranges are based on full time hours worked and will be prorated for part-time employees.

For Labor, Trades and Crafts employees, the maximum rates listed below reflect the maximum longevity-based hourly rate for each job grade in accordance with the Step Charts contained in the Work Agreement and Memorandum of Understanding between City of Bloomington and Local 2487 CBME, A.F.S.C.M.E.

Where more than one position share the same job title in the department indicated, the number of positions that share the job title is given in parentheses after the job title.

* Wage set for one position in accordance with Memorandum of Understanding in Regard to the Elimination of the Position of "Chief Operator."

SECTION II A. Non-Union Positions. The minimum and maximum rates listed below reflect the salary ranges for each job grade for a regular full-time employee. These ranges are based on full time hours worked and will be prorated for part-time employees. Employees whose 2011 salary is higher than the maximum of the salary range due to past merit/market increases shall nonetheless receive their total salary, provided their job resides in Grade 1 through 7.

NON-UNION

<u>Grade</u>	<u>Minimum</u>	<u>Maximum</u>
1	21,237	32,130
2	23,153	34,731
3	25,239	37,854
4	26,575	41,566
5	30,192	47,224
6	33,201	54,172
7	34,525	58,787
8	35,351	61,504

9	37,790	70,182
10	39,639	76,947
11	47,135	91,497
12	50,376	102,282
LPT 100	15.10	18.38
Pension Secretaries		3,400
PW Board Members		2,100
PS Board Members		635
USB Board Members		4,279

SECTION II B. Salary Increases for Non-Union Employees. Effective January 1, 2011, subject to the maximum salaries set by this ordinance, an increase may be included in non-union employees' base salaries. Any increase may include some combination of market and merit components.

SECTION II C. Police Shift Differential. Employees working in the Police Department as dispatchers and clerks shall receive a twenty-six cent (.26) per hour premium shift differential for working the evening shift.

SECTION II D. Labor, Trades and Crafts Positions. Any employee who transfers laterally or is promoted to another position in the Pay Plan shall be paid at the wage for the new position in accordance with the relevant longevity step as determined by the Step Charts contained in the Work Agreement and Memorandum of Understanding between City of Bloomington and Local 2487 CBME, A.F.S.C.M.E. Provided, however, no current employee shall receive a pay reduction upon lateral transfer or promotion, but will not receive an additional increase due to promotion or longevity until so merited within the step pay system for the job classification. An employee who is demoted for disciplinary reasons or in lieu of layoff shall receive the wage for the relevant step within the job classification to which the employee is demoted. Also, the employee's longevity of service is "carried" to the new position. Internal promotions shall be paid at ninety-five percent (95%) of the salary of the relevant grade and step for the first thirty (30) days after promotion. If the ninety-five percent (95%) payment would result in a loss of pay from the previous position, the employee will receive the pay of the previous position for the initial thirty (30) days after promotion. Employees who transfer to a pay grade below their current pay grade shall be paid at the relevant grade and step for the new position.

Employees whose present rate of pay is higher than indicated by the Step Charts, based on the employee's pay grade and longevity, will not receive a pay cut, but will not receive any increase due to longevity until the step chart for the year in question shows an amount greater than the employee's current wage rate plus any across-the-board increase for the year in question.

The rates shown below for the pay grades and job classifications for Labor, Trades and Crafts positions are the minimum and maximum rates:

LABOR, TRADES AND CRAFTS (LTC)

<u>GRADE</u>	<u>Minimum</u>	<u>Maximum</u>

* Wage set for one position in accordance with Memorandum of Understanding in Regard to the

Elimination of the Position of "Chief Operator."

Section II E. Gainsharing. This section applies to Labor, Trades and Crafts (LTC) positions. Effective January 2011, management and employees of the City of Bloomington may design and implement a gainsharing program whereby the City can provide, and the employees can be rewarded for, the highest quality and most cost-effective public service possible for the citizens of Bloomington. In the event that a gainsharing program is implemented, the terms and application of such program shall be approved by Ordinance of the Bloomington Common Council.

Section II F. Emergency Call Out. This section applies to Labor, Trades and Crafts (LTC) positions. Whenever it becomes necessary for a Department to call out an employee for emergency work at times other than such employee's regular shift period, such employee shall receive not less than three (3) hours. This provision shall prevail for each time an employee is called out by a Department at periods other than his/her regular shift. The rate of pay for emergency call out shall be one and one-half (1-1/2) times the regular hourly rate except on Sundays and holidays, when the rate of pay for emergency call out shall be two (2) times the regular hourly rate. Any such payment for emergency call out shall be in addition to the employee's daily wages, if any, and in addition to any on call pay to which the employee is entitled.

Section II G. On Call Status. This section applies to Labor, Trades and Crafts (LTC) positions. Any employee who is required to be on call shall be paid twenty-five dollars (\$25.00) per twenty-four hour period.

Section II H. Temporary Reassignment. This section applies to Labor, Trades and Crafts (LTC) positions. An employee who is temporarily assigned to perform the duties of a job classification in a pay grade above the employee's normal pay grade shall be compensated at the rate in effect for the higher pay grade as follows:

- A) If the assignment exceeds two (2) consecutively scheduled work days, the employee shall be paid the higher rate for all consecutive days worked in the higher classification, including the first two (2) consecutive days; or
- B) If the assignment exceeds thirty-two (32) hours in a payroll period, the employee shall be paid the higher rate for all hours worked in the higher classification during the payroll period.

Section II I. Tool Allowance. This section applies to Labor, Trades and Crafts (LTC) positions. Employees classified as mechanics in Fleet Maintenance shall be reimbursed up to one thousand dollars (\$1,000.00) in any calendar year for the purchase of tools.

Section II J. Licenses and Certifications. This section applies to Labor, Trades and Crafts (LTC) positions. Wastewater Plant Operators who obtain (Class 1) certifications and T&D Linemen who obtain (DS-L) certifications, issued by the State of Indiana, Department of Environmental Management, shall receive an additional forty-five cents (\$.45) per hour. T&D Plant Maintenance Apprentices and Mechanics who obtain Collection System Class II Certifications, issued by the Indiana Water Pollution Control Association, shall receive an additional thirty cents (\$.30) per hour. Wastewater Plant Operators who obtain Class II, Class III, or Class IV license(s) shall receive an additional thirty cents (\$.30) per hour per classification obtained.

Water Plant Operators who qualify as a grade operator in training (O.I.T.) as defined by 327 IAC 8-12-3.2 will receive an additional forty-five cents (\$.45) per hour after one year of service and an additional thirty cents (\$.30) per hour after two years of service. Water Plant Operators who obtain a grade WT 5 certification will receive additional pay in the amount of one dollar and five cents (\$1.05) per hour.

Incentive pay premiums may be awarded for one certification for all union-eligible Utilities Department employees in addition to those licenses recognized above, with the limitations that follow. Wastewater Plant Operators can be recognized financially for a maximum of four certifications total, no more than one of which may be outside of the specific plant operator certifications listed above. Water plant operators can be recognized financially for a maximum of two (2) certifications total; no more than one may be outside the specific plant operator certifications listed above. Any incentive pay premiums other than the amounts listed above

shall be thirty cents (\$.30) an hour.

Where an employee is required by Employer to obtain a CDL, he/she will receive twenty cents (\$.20) per hour additional compensation.

Employees classified as mechanic in Fleet Maintenance that obtain the certification of (ASE) Automotive Service Excellence will receive an additional five cents (\$.05) per hour for each test passed. A maximum of eight (8) certificates or forty cents (\$.40) shall apply.

Section II K. Night and Swing Shifts. This section applies to Labor, Trades and Crafts (LTC) positions. In accordance with Article 4 of the Work Agreement and Memorandum of Understanding between City of Bloomington and Local 2487 CBME, A.F.S.C.M.E., employees working on the evening or night shift shall receive fifty-two cent (.52) per hour premium. Employees working on a swing shift shall receive a fifty-seven cent (.57) per hour premium.

Section II L. Holiday Pay. This section applies to Labor, Trades and Crafts (LTC) positions. For all paid legal holidays worked, the employee will receive a holiday allowance of two times regular pay plus regular pay over a 24 hour period, and employees not working will receive regular pay.

SECTION II M. Common Law Positions. All positions which are filled on an ad hoc basis and are of a temporary or seasonal nature. The rates shown below are the maximum rates for employees within the job classifications.

COMMON LAW POSITIONS

<u>Job Title</u>	<u>Minimum</u>	<u>Maximum</u>
Administrative Assistant	7.25	12.50
Youth Counselor in Training	5.85	7.25
Attendant	7.25	8.00

MARK KRUZAN, Mayor
City of Bloomington

SYNOPSIS

This ordinance sets the maximum 2011 salary for all appointed officers, non-union and A.F.S.C.M.E. employees for all the departments of the City of Bloomington.

Memorandum

To: City Council members
From: Daniel Grundmann, ES Director
CC: Dan Sherman, Mayor Kruzan, Maria Heslin, Kevin Robling, Mike Trexler
Date: 8/20/2010
Re: Proposed 2011 Salary Ordinance (Ordinance 10-10)

This 2011 Salary Ordinance proposal reflects few substantive differences from the 2010 ordinance as amended. The changes discussed below describe those differences. Any budgetary impact has been discussed and accounted for in budget presentations and is included in the 2011 budget proposal.

Employee Services Department

We are requesting a change in department name from “Employee Services” to “Human Resources.” This change reflects current, standard professional nomenclature and will foster better understanding for community members outside of the organization.

Prior to 1996 the department now known as “Community and Family Resources” was called “Human Resources.” That moniker was changed presumably because “Human Resources” had become the common name for the profession formerly known as “Personnel.” At that time the decision was also made to change the name of the Personnel Department to “Employee Services.” Clearly, making the Personnel Department’s name “Human Resources” at that time would have confused members of the public who associated the name with what had become the Community and Family Resources Department.

In addition to the change in the salary ordinance, we are proposing a change to the Municipal Code with other legislation in this cycle.

Planning Department

We would like to change the titles of two positions in the Planning Department to better reflect existing job content. Those proposed changes include changing the *Long Range Planner* to *Zoning and Long Range Planner* and the *Transportation Planner* to *Bicycle and Pedestrian Coordinator*.

Salary Range Tables

We have also included a proposed change for the salary range table that sets minimum and maximum levels for non-union pay grades 1-12. While we routinely review these ranges for market consistency by benchmarking selected positions against salary surveys, we have not altered the ranges since 2007. We have reviewed U.S. Department of Labor Bureau of Labor Statistics CPI data for Midwest b/c cities and have determined that a 5% shift in ranges will better reflect our market-based structure. There is no fiscal impact from this change for 2011. In any future years, potential fiscal impact is minimal.

There would be no fiscal impact in the event of a flat increase, no matter the size. The change in grade ranges will only impact total compensation expenditures if and when we employ the merit-market matrix. In that case only the positions that move from one third of a given grade range to another would be affected. To illustrate, in the grid we used in 2008 (see below) moving from one third to the next had an impact of 0.5% per position that moved. That 0.5% variation has been consistent throughout the past several grids we've employed. The vast majority of annual salaries will not move from one third to another. If we assume that the change in ranges alters category-within-grade for 30 positions, and the average wage of those positions is \$40,000, then the cumulative impact of the change at 0.5% is \$6,000 -- with PERF and FICA about \$7,100.

2008 salary adjustment grid	<i>Lower third</i>	<i>Middle third</i>	<i>Upper third</i>	<i>Above range</i>
Consistently Outstanding	5.0%	4.5%	4.0%	3.5%
Excellent	4.0%	3.5%	3.0%	2.5%
Good	3.0%	2.5%	2.0%	1.5%
Improvement Required	0%	0%	0%	0%

Finally, we made changes in accordance with the Work Agreement and Memorandum of Understanding between City of Bloomington and Local 2487 CBME, A.F.S.C.M.E. regarding ranges for union pay grades.

We respectfully request your approval. Please contact me at 349-3578 if you have any questions or comments prior to the meeting.

ORDINANCE 10-11

**TO FIX THE SALARIES OF ALL ELECTED CITY OFFICIALS
FOR THE CITY OF BLOOMINGTON FOR THE YEAR 2011**

BE IT HEREBY ORDAINED BY THE COMMON COUNCIL OF THE CITY OF BLOOMINGTON,
MONROE COUNTY, INDIANA, THAT:

SECTION I. Pursuant to I.C. § 36-4-7-2, the annual salaries of elected officials of the City of
Bloomington for the year beginning January 1, 2011 and extending to December 31, 2011 shall be:

Mayor	\$92,663
Clerk	\$48,316
Council Members	\$13,900

SECTION II. This ordinance shall be in full force and effect from and after its passage by the Common
Council and approval by the Mayor.

PASSED AND ADOPTED by the Common Council of the City of Bloomington, Monroe County,
Indiana, upon this _____ day of _____, 2010.

City of Bloomington

SYNOPSIS

This ordinance sets the maximum 2011 salary rate for all elected city officials for the City of
Bloomington.

Memorandum

To: City Council members
From: Daniel Grundmann, Director, Employee Services
CC: Dan Sherman, Mayor Kruzan, Maria Heslin, Kevin Robling, Mike Trexler
Date: 08/20/10
Re: Proposed Ordinance (Ordinance 10-11) to fix the salaries for elected officials for 2011

This proposed salary ordinance reflects no increase for elected officials over salaries set with the 2010 ordinance. This is consistent with compensation budgeted for our non-union employees.

We respectfully request your approval. Please contact me at 349-3578 if you have any questions or comments prior to the meeting. Please feel free to contact me with any questions.

ORDINANCE 10-12
AN ORDINANCE REVIEWING AND ADOPTING THE BUDGET OF
THE BLOOMINGTON PUBLIC TRANSPORTATION CORPORATION
FOR THE YEAR 2011

WHEREAS, the Bloomington Public Transportation Corporation (BPTC) has forwarded a proposed budget and tax levy to the Common Council for the year 2011; and

WHEREAS, the Bloomington Common Council is charged with the authority to review and modify said budget pursuant to I.C. 36-9-4-51; and

WHEREAS, because of the percentage increase in the proposed budget for 2011 is higher than the assessed value growth quotient minus one, the Common Council is also charged with review and adoption of said budget and tax levy pursuant to I.C. 6-1.1-17-20;

NOW, THEREFORE, BE IT HEREBY ORDAINED BY THE COMMON COUNCIL OF THE CITY OF BLOOMINGTON, MONROE COUNTY, INDIANA, THAT:

SECTION I. The Common Council of the City of Bloomington has reviewed and, hereby, adopts the budget and tax levy for the Bloomington Public Transportation Corporation for 2011, which is attached and made a part of this ordinance, and makes no modification of said budget.

SECTION II. This ordinance shall be in full force and effect from and after its passage by the Common Council and approval by the Mayor.

PASSED AND ADOPTED by the Common Council of the City of Bloomington, Monroe County, Indiana, upon this _____ day of _____, 2010.

ISABEL PIEDMONT-SMITH, President
Bloomington Common Council

Re: Proposed 2011 Bloomington Transit Budget

Since the Council budget meeting in July, there has been no changes made to the proposed 2011 budget for Bloomington Transit. A summary of the proposed 2011 budget is shown below.

Budget Category	2011	2010	% Change
Total Operating Expense	\$6,849,198	\$6,630,241	3.30
Total Capital Expense	\$130,646	\$134,520	(2.88)
Total Budgeted Expense	\$6,979,844	\$6,764,761	3.18

I'm glad to entertain any questions you may have. Feel free to contact me at mayl@bloomingtontransit.com or at 332-5688.

Thank you for your support and advocacy for public transportation and especially for Bloomington Transit.

Notice is hereby given the taxpayers of the City of Bloomington, Indiana, that the Common Council of Bloomington, Indiana, in the Council Chambers of Showers City Hall, 401 North Morton, Bloomington on September 1, 2010 at 7:30 p.m. will conduct a public hearing on the budget of the Bloomington Public Transportation Corporation of Bloomington, Indiana. Following this meeting, any ten or more taxpayers may object to a budget, tax rate, or tax levy by filing an objecting petition with the proper officers of the political subdivision within seven days after the hearing. The objecting petition must identify the provisions of the budget, tax rate, or tax levy that taxpayers object to. If a petition is filed, the political subdivision shall adopt with its budget a finding concerning the objections filed and testimony presented. The Bloomington Common Council will meet in the Council Chambers of Showers City Hall, 401 North Morton Bloomington, Indiana, at 7:30 p.m. on September 15, 2010 to adopt the following budget.

BUDGET ESTIMATE

Net Assessed Valuation \$2,905,926,958

Complete details of budget estimates by fund and/or department may be seen at BPTC 130 West Grimes Lane, Bloomington.

ALONG WITH FOREGOING BUDGET
LEGISLATION**

**Ordinance 10-13 To Amend Title 2 Entitled
“Administration and Personnel” (Changing the
Name of Chapter 2.22 from “Employee Services
Department” to “Human Resources Department”
and Reflecting this Change in Various Other
Sections of that Title)**

- **Memo to the Council**

ORDINANCE 10-13

**TO AMEND TITLE 2 ENTITLED “ADMINISTRATION AND PERSONNEL”
(Changing the Name of Chapter 2.22 from “Employee Services Department” to
“Human Resources Department” and Reflecting this Change in Various Other
Sections of that Title)**

WHEREAS, the City of Bloomington deems it desirable to rename its “Employee Services Department” in order to make the Department’s purpose and functions more clear and transparent to audiences outside of city-government; and,

WHEREAS, the title “Human Resources Department” is a common and widely-recognized professional name and will facilitate that goal; and,

WHEREAS, the change is not substantive and will not alter the purpose or any functions of the Department.

NOW, THEREFORE, BE IT HEREBY ORDAINED BY THE COMMON COUNCIL OF THE CITY OF BLOOMINGTON, MONROE COUNTY INDIANA THAT:

SECTION 1. Title 2 of the Bloomington Municipal Code entitled “Administration and Personnel” shall be amended to change the title of Chapter 2.22 “Employee Services Department” to “Human Resources Department.” The new title of this Chapter shall appear in the table of contents for Title 2 as well as for Chapter 2.22.

SECTION 2. Section 2.22.000 Establishment shall be amended by deleting the words “Employee Services” and replacing them with the words “human resources” wherever they appear in the section, so that it shall now read:

2.22.000 Establishment

The human resources department shall have responsibility for establishment and administration of a comprehensive employee development, assistance, and training system applicable to all city departments, boards, commission, and councils. The department shall promulgate rules and regulations for all aspects of employee administration. The department shall also provide for employee development and training, benefits and compensation management, labor relations, implement the city's equal employment and affirmative action programs and maintain the human resource information system.

SECTION 3. Section 2.22.010 Appointment of Director shall be amended by deleting the words “Employee Services” and replacing them with the words “human resources” wherever they appear in the section, so that it shall now read:

2.22.010 Appointment of Director

The human resources department shall be administered by the director of human resources, who shall, with the approval of the mayor, establish job descriptions, classifications, and administrative regulations governing all aspects of human resources administration.

SECTION 4. Section 2.22.020 Employee Services Policies shall be renamed “Human Resource Policies” and this new title shall also appear in the table of contents for that chapter. In addition, the section shall be amended by deleting the words “Employee Services” and replacing them with the words “human resources” wherever they appear in the section, so that it shall now read:

2.22.020 Human resources policies

The human resources department shall maintain policies and practices that allow the strategic management of the city's human resources, allow the city to recruit and develop the highest quality individuals from a diversity of backgrounds, motivate employees to achieve their fullest potential in performing the public's business, and help employees to lead healthy, complete lives.

SECTION 5. Section 2.22.030 Employee Policies shall be amended by deleting the words "Employee Services" and replacing them with the words "human resources" wherever they appear in the section. In particular, those changes shall be made to the:

- (a) First sentence of the section;
- (b) Second paragraph of part (1) regarding Mileage and Travel Allowance;
- (c) First sentence of sub-part (c) of part (2) regarding Vacations – Union-Eligible Employees;
- (d) The second full sentence as well as the last sentence in sub-part (b) of part (3) regarding Sick Leave and Sick Bank;
- (e) one full sentence in sub-part (d) of part (4) regarding Paid Time Off – Non-Union Eligible Employees – where the change must be made twice; and
- (f) First full sentence in part (5) regarding Other Paid Benefit Time.

SECTION 6. Chapter 2.21 Department of Law, Section 2.21.110 Establishment -- Risk Management Committee shall be amended by deleting the words "director of employee services" and replacing them with "director of human resources."

SECTION 7. Chapter 2.24 Utilities, Section 2.24.110 Employee -- Rules shall be amended by deleting the words "director of employee services and replacing them with "director of human resources."

SECTION 8. Chapter 2.32 Police Collective Bargaining, Section 2.32.060 – Representatives shall be amended by deleting the words "director of employee services" and replacing them with "director of human resources."

SECTION 9. Chapter 2.34 Firefighters Collective Bargaining, Section 2.34.060 – Representatives shall be amended by deleting the words "director of employee services" and replacing them with "director of human resources."

SECTION 10. If any section, sentence, or provision of this ordinance, or the application thereof to any person or circumstances shall be declared invalid, such invalidity shall not affect any of the other sections, sentences, provisions, or applications of this ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this ordinance are declared to be severable.

SECTION 11. This ordinance shall be in full force and effect from and after its passage by the Common Council of the City of Bloomington, and approval of the Mayor.

PASSED AND ADOPTED by the Common Council of the City of Bloomington, Monroe County, Indiana, upon this _____ day of _____, 2010.

ISABEL PIEDMONT-SMITH, President
Bloomington Common Council

ATTEST:

REGINA MOORE, Clerk
City of Bloomington

PRESENTED by me to the Mayor of the City of Bloomington, Monroe County, Indiana,
upon this _____ day of _____, 2010.

REGINA MOORE, Clerk
City of Bloomington

SIGNED and APPROVED by me upon this _____ day of
_____, 2010.

MARK KRUZAN, Mayor
City of Bloomington

SYNOPSIS

This ordinance amends Title 2 of the Bloomington Municipal Code entitled “Administration and Personnel” by changing the name of Chapter 2.22 from the “Employee Services Department” to the “Human Resources Department.” This change is being made in order to make the department’s purpose and functions more clear to audiences outside of city-government. Along with amending Chapter 2.22 and the Table of Contents for Title 2, this ordinance also makes changes to a few other sections of this title where references to the director of this department are made.

Memorandum

To: City Council members
From: Daniel Grundmann, ES Director
CC: Dan Sherman, Mayor Kruzan, Maria Heslin, Kevin Robling, Mike Trexler
Date: 8/20/2010
Re: Proposed Ordinance to amend Title 2 of the BMC (Ordinance 10-13)

This ordinance proposal amends Title 2 of the Bloomington Municipal Code. We are requesting a change in department name from “Employee Services” to “Human Resources.” This change reflects current, standard professional nomenclature and will foster better understanding for community members outside of the organization.

Prior to 1996 the department now known as “Community and Family Resources” was called “Human Resources.” That moniker was changed presumably because “Human Resources” had become the common name for the profession formerly known as “Personnel.” At that time the decision was also made to change the name of the Personnel Department to “Employee Services.” Clearly, making the Personnel Department’s name “Human Resources” at that time would have confused members of the public who associated the name with what had become the Community and Family Resources Department.

Thank you for your consideration and, as always, please feel free to contact me at 349-3578 with any questions you might have.
